Samia Classical Texts:

The Cambridge History of Classical Literature: Volume 1, Greek Literature P. E. Easterling, Bernard Knox, 1985-05-09 This volume looks at literature of the Hellenistic period A Companion of Classical Texts Frederick William Hall, 1913 **The Classical Weekly**, 1927 The Oxford Handbook of Greek and Roman Comedy Michael Fontaine, Adele C. Scafuro, 2014-04 The Oxford Handbook of Greek and Roman Comedy marks the first comprehensive introduction to and reference work for the unified study of ancient comedy From its birth in Greece to its end in Rome from its Hellenistic to its Imperial receptions no topic is neglected The 41 essays offer cutting edge guides through comedy's immense terrain **The Plays and Fragments** Menander, 2008-05-08 The greatest writer of Greek New Comedy and the founding father of European comedy Menander c 341 290 BC wrote over one hundred plays of which only one complete play and substantial fragments of others survive This new verse translation is accurate and highly readable providing a consecutive text by using surviving words in the damaged papyri *Harper's Dictionary of Classical Literature and Antiquities* Harry Thurston Peck, 1896 **The Oxyrhynchus Papyri** Bernard Pyne Grenfell, Arthur Surridge Hunt, 1980 Papyri nos 3316 3367 Egypt Exploration Society Graeco Roman Memoirs 47 1980 Greek Literature P. E. Easterling, Bernard MacGregor Walker Knox, 1989 The Cambridge History of Classical Literature Volume 1 offers a comprehensive survey of Greek literature from Homer to end of the period of stable Graeco Roman civilization in the third century A D It embodies the advances made by recent classical scholarship and pays particular attention to texts that have become known in modern times After its success in hardcover this volume is now being issued in four paperback parts providing individual texts on early Greek poetry Greek drama philosophy history and oratory and on the literature of the Hellenistic period and the Empire A chapter on books and readers in the Greek world concludes Part 4 Each part has its own appendix of authors and works a list of works cited and an index Publisher's description **Menander in Antiquity** Sebastiana Nervegna, 2013-04-25 Reconstructs the ancient afterlife of Menander by focusing on three contexts of reception public theatre private entertainment and schools Translation, Humour and Literature Delia Chiaro, 2010-11-25 **The Classical Journal**, 1911 Behind the Mask Angela M. Heap, 2019-06-13 This new study of Menander casts fresh light not only on the techniques of the playwright but also on the literary and historical contexts of the plays Menander 342 1 292 1 BCE wrote over a hundred popular comedies several of which were adapted by Plautus and Terence Through them he was a major influence on Shakespeare and Molière However his work survived only in excerpts and quotation until some significant texts reappeared in the nineteenth and twentieth centuries on papyrus The mystery of their loss and rediscovery has raised key questions surrounding the transmission of these and other Greek texts Theatrical masks from the fourth century BCE discovered on the island of Lipari now also provide important material with which this book examines how the plays were originally performed A detailed investigation of their historical setting is offered which engages with recent debates on the

importance of social status and citizenship in Menander's plays The techniques of characterization are also examined with particular focus on women slaves and power relationships in his *Epitrepontes* It appears that the audience was invited sometimes subversively behind the mask of this sophisticated comedy to discover that people do not always conform to literary expectations and social norms **The Classical World**, 1926 **Hadrianus** Juan Gil, Sofia Torallas Tovar, 2010 In this publication we present a short Latin tale in prose preserved in the Codex Miscellaneus from the Roca Puig collection The main character of this text is the emperor Hadrian AD 117-138 In it we can follow the emperor's relationship with a sinister character Raecius Varus We present a complete transcription of the text of the papyrus with a critical apparatus a reconstruction of the correct Latin text and a translation and a complete linguistic historical and literary study
