Pakkala, 2013-10-15 The book of Samuel tells the story of the origins of kingship in Israel in what seems to be an artistically structured flowing narrative Yet it is also marked by an inconsistent outlook divergent styles and breaks in the narrative According to Noth's Deuteronomistic History hypothesis the Deuteronomistic historian constructed the narrative by piecing together early sources and generally refrained from commenting in his own voice Recent studies have called into question the extent of Samuel's sources and their redaction history as well as the textual growth of the book as a whole The essays in this book representing the latest scholarship on this subject reexamine whether the book of Samuel was ever part of a Deuteronomistic History The contributors are A Graeme Auld Hannes Bezzel Philip R Davies Walter Dietrich Cynthia Edenburg Jeremy M Hutton J rg Hutzli Ernst Axel Knauf Reinhard M ller Richard D Nelson Christophe Nihan K L Noll Juha Pakkala and Jacques Vermeylen

History Antony F. Campbell, Mark A. O'Brien, The Deuteronomistic History is the label used by scholars for the Old Testament books of Deuteronomy Joshua Judges Samuel and Kings as identified by Martin Noth Campbell and O'Brien provide the biblical text with detailed notations on how this work came together was modified and was passed down to us in its present form accounting for the shifts in Israel's and Judah's histories their storytelling practices and their ideological interests Identifying and explaining what accounts for these literary and social processes makes this volume a major step forward for the study of this major block of biblical texts

?????? Michael A. Fishbane, 2002-06-01 Written by one of the most noted scholars in the field this commentary has Hebrew text and the new JPS English translation at the top of the page and a critical line by line commentary at the bottom

The Fate of Saul's Progeny in the Reign of David Cephas Tushima, 2012-06-28 This narrative critical study offers a bold and comprehensive analysis of the relationship between David and Saul's heirs Tushima inquires into whether Saulides tragedies were due to continuing divine retribution pure happenstance or David orchestration Focusing on the story of David and its interconnections with the fate of the Saulides and employing the criterion of justice the author presents the other side of King David who is generally depicted as hero Tushima argues that David was most often unjust and calculating in his dealings with the vanquished house of Saule Thematic and

motific threads arising from this study are considered within their contexts in Israel's traditions for their biblical theological and redemptive historical import The Authors of the Deuteronomistic History Brian Neil Peterson, 2014-09-01 Peterson engages the identities and provenances of the authors of the various editions of the Deuteronomistic History Peterson asks where we might locate a figure with both motive and opportunity to draw up a proto narrative including elements of Joshua Judges Samuel and the first part of 1 Kings Peterson identifies a particular candidate in the time of David qualified to write the first edition He then identifies the particular circle of custodians of the Deuteronomistic narrative and supplies successive redactions down to the time of Jeremiah Prophetic Conflicts in the Deuteronomistic History Daewook Kim, 2021-03-03 This study explores the four narratives regarding prophetic conflicts in the Deuteronomistic History via three steps first examining the narratives with a synchronic approach second discussing the date of the narratives as revised by the Deuteronomists in the Persian period last considering religious settings and rhetorical purposes of the narratives The Deuteronomists were more interested in the theological questions of the true Israel true YHWH and the true worship place than the prophetic conflicts The conflicts reflect the difficulty to distinguish between true and false prophecy and the Deuteronomists sought to answer their questions by using the conflict narratives Their answers aimed for the postexilic community to protect their ethnic identity and to worship YHWH alone exclusively in Jerusalem **Those Elusive Deuteronomists** Linda S. Schearing, Steven L. McKenzie, 1999-08-01 As recent scholarship dates Hebrew Bible materials later and later the Deuteronomistic History has grown in importance Viewed as the original earliest document of the Hebrew Scriptures it is credited with influencing formally or informally almost every level of the Hebrew Bible's composition The 13 essays in this book include articles by N Lohfink A G Auld J Blenkinsopp R J Coggins J Crenshaw J Van Seters and R R Wilson as well as outstanding articles by newer scholars in the field All address the question of whether or not the claims made by the pervasive pan deuteronomism movement sweeping the discipline can in fact be verified *Jesus as the Son of 1-2 Samuel's David* Marc Grønbech-Dam, 2024-05-21 Although the Gospel of Matthew emphasizes Jesus as the son of David no one has systematically investigated how 1-2 Samuel influence Matthew's portrayal of Jesus as the son of David This work addresses that lacuna and shows how the sustained use of 1-2 Samuel in Matthew evokes the themes of mercy and righteousness as the hallmarks of a proper Davidic shepherd The book's systematic intertextual and narrative approach offers another way to understand Matthew's Christology and portrayal of the kingdom of heaven It helps the reader appreciate the justice focused nature of Jesus' rule and its religious and political implications *The Invasion of Sennacherib in the Book of Kings* Paul S. Evans, 2009 The invasion of Sennacherib in 701 BCE is a classic issue for both biblical scholars and historians alike Extant Assyrian Biblical and even Greek texts all refer to Sennacherib and many different theories have been put forward in attempts to understand the relationship between these various accounts Despite the rise of new literary rhetorical criticism in biblical studies studies tackling the problem of Sennacherib's invasion have been dominated by

historical critical work on the issue and have virtually ignored rhetorical methodology Against this trend this book employs both traditional historical critical methods and newer rhetorical methods in an effort to utilize the biblical texts in a historical reconstruction of this famous Assyrian assault on ancient Judah The State of Old Testament Studies H. H. Hardy, II, M. Daniel Carroll R., 2024-11-05 This book surveys the current landscape of Old Testament studies offering readers a concise guide to contemporary academic discussions Bringing together a diverse group of experts The State of Old Testament Studies provides an informed introduction to the many fields of Old Testament research by recognized scholars presents basic questions in each subfield surveys the primary methods of answering these questions engages prominent solutions and cites relevant and up to date resources It is an extensive guide to current research and an ideal supplemental textbook for a variety of courses on the Old Testament **An Annotated Guide to Biblical Resources for Ministry** David R. Past, Present, Future Johannes de Moor, H.R. van Rooy, 2021-11-22 In the politico religious history of the Deuteronomists past present and future mingle in an often inextricable way Long obsolete traditions which had been unacceptable to the Davidic dynasty were rediscovered and adapted to the aims of the Deuteronomists Personages of the past were condemned and blackened in the light of the new ideology whereas others were glorified and embellished as heroes of faith because their ideas suited the historians This inevitably raises the question whether the Bible can be trusted as a source book for writing a history of Israel Apparently not say scholars like T L Thompson P R Davies and N P Lemche In this volume a number of authors take up this challenge stating that the radical rejection of the biblical testimony in favour of a history based mainly on archaeology is ill advised Several contributions to this volume draw instructive parallels between the process of re writing the history of South Africa and the work of the Deuteronomists
