The Rebel Café Stephen R. Duncan,2018-11-01 An account of how the subterranean nightspots in 1950s New York and San Francisco became social cultural and political hothouses for left wing bohemians The art and antics of rebellious figures in 1950s American nightlife from the Beat Generation to eccentric jazz musicians and comedians have long fascinated fans and scholars alike In The Rebel Caf Stephen R Duncan flips the frame focusing on the New York and San Francisco bars nightclubs and coffeehouses from which these cultural icons emerged Duncan shows that the sexy smoky sites of bohemian Greenwich Village and North Beach offered not just entertainment but doorways to a new sociopolitical consciousness This book is a collective biography of the places that harbored beatniks blabbermouths hipsters playboys and partisans who altered the shape of postwar liberal politics and culture Touching on literary figures from Norman Mailer and Amiri Baraka to Susan Sontag as well as performers ranging from Dave Brubeck to Maya Angelou to Lenny Bruce The Rebel Caf profiles hot spots such as the Village Vanguard the hungry i the Black Cat Cafe and the White Horse Tavern Ultimately the book provides a deeper view of 1950s America not simply as the black and white precursor to the Technicolor flamboyance of the sixties but as a rich period of artistic expression and identity formation that blended cultural production and politics What emerges in these pages is nothing less than a comprehensive psycho social geography of an underground counter culture of black and white jazz musicians leftists poets artists beatniks gays and lesbians and other people of the demi monde

Landscapes of Language: Richard Brautigan's Fiction John

Tanner,2013-10-01 In the late 1960s and early 1970s Richard Brautigan was a counter cultural celebrity a writer that the would be hip just had to read The problem was that his fame did not rest on the considerable literary virtues of his work but to a great extent on a hippie image exemplified by the photograph of him on the cover of his breakthrough novel Trout Fishing in America When nobody wanted tie dye shirts and gurus any more they didn t want Brautigan either Academics have followed the public s lead this is the first book length study of Brautigan in English for 30 years Its purpose is to reclaim Brautigan s reputation Dr John Tanner analyses Brautigan s fiction against the background of the cultural and literary upheavals from which it emerged and demonstrates that Brautigan is no mere Sixties curio but an innovative and vibrant American voice ignored for far too long

Breaking the Rule of Cool Nancy McCampbell Grace, Ronna C. Johnson, 2012 BIOGRAPHY LITERARY CRITICISM The Beat movement nurtured many female dissidents and artists who contributed to Beat culture and connected the Beats with the second wave of the women's movement Although they have often been eclipsed by the men of the Beat Generation the women's contributions to Beat literature are considerable Covering writers from the beginning of the movement in the 1950s and extending to the present this book features interviews with nine of the best known women Beat writers including Diane di Prima Ruth Weiss Joyce Johnson Hettie Jones Joanne Kyger Brenda Frazer Bonnie Bremser Janine Pommy Vega Anne Waldman and the critic Ann Charters Each is presented by a biographical essay that details her literary or scholarly accomplishments In these recent interviews the nine writers recall their lives in Beat bohemia and discuss their artistic practices Nancy M Grace outlines the goals and revelations of the interviews and introduces the community of female Beat writers created in their conversations with the authors Although they have not received attention equal to the men women Beat writers rebelled against mainstream roles for young women and were exuberant participants in creating the Beat scene Mapping their unique identities in the Beat movement Ronna C Johnson shows how their poetry fiction and memoirs broke the male rule that defined Beat women as silent bohemian chicks rather than artistic peers Breaking the Rule of Cool combines the interviews with literary criticism and biography to illustrate the vivacity and intensity of women Beat writers and argues that American literature was revitalized as much by the women's work as by that of their male counterparts Nancy M Grace a professor of English at the College of Wooster is the author of *The Feminized Male Character in Twentieth Century Literature* Her work has appeared in *Contemporary Literature* *the Beat Scene* and *the Artful Dodge* Ronna C Johnson a lecturer in English and American Studies at Tufts University has been published in *College Literature* *the Review of Contemporary Fiction* and *the Poetry Project Newsletter* Johnson and Grace are the editors of and contributors to *Girls Who Wore Black* *Women Writing the Beat Generation*

City Imaging: Regeneration, Renewal and Decay Tara Brabazon, 2013-09-26 This book examines the paradoxes challenges potential and problems of urban living It

understands cities as they are rather than as they may be marketed or branded All cities have much in common yet the differences are important They form the basis of both imaginative policy development and productive experiences of urban life The phrase city imaging is often used in public discourse but rarely defined It refers to the ways that particular cities are branded and marketed It is based on the assumption that urban representations can be transformed to develop tourism and attract businesses and in demand workers to one city in preference to another However such a strategy is imprecise History subjectivity bias and prejudice are difficult to temper to the needs of either economic development or social justice The taste smell sounds and architecture of a place all combine to construct the image of a city For researchers policy makers activists and citizens the challenge is to use or transform this image The objective of this book is to help the reader define understand and apply this process After a war on terror a credit crunch and a recession cities still do matter Even as the de territorialization of the worldwide web enables the free flow of money music and ideas across national borders cities remain important City Imaging Regeneration Renewal Decay surveys the iconography of urbanity and explores what happens when branding is emphasized over living
