Role of the Media in Criminal Justice Policy Natalia Antolak-Saper, 2022-09-09 This book provides a socio legal examination of the media's influence on the development and implementation of criminal justice policy. This impact is often assumed. And especially in the wake of high profile crimes the press is routinely observed calling for sentences to be harsher and for governments to be tougher on crime. But how do we know that there is a connection? To answer this question the book draws on a case study of the media reporting of the rape and murder of Jill Meagher in Melbourne Australia as well as other well known cases including those of James Bulger, Sarah Payne, Stephen Lawrence and Michael Brown among others. Deploying a socio legal framework to examine how the media's often powerful and emotive narratives play a crucial role in the development and implementation of law, the book provides a deep and critical reflection on its influence. The book concludes with a number of suggestions for media reform both to moderate the media's influence and to incorporate a broader range of viewpoints. This multi disciplinary book will appeal to scholars and students in sociolegal studies, criminology and criminal law as well as those working in relevant areas in sociology and media studies. **The Burling Books** Jane

From beloved international sensation and 1 New York Times bestselling author Tatiana de Rosnay comes her celebrated novel Sarah's Key. Paris July 1942. Sarah, a ten year old girl, is brutally arrested with her family by the French police in the Vel d'Hiv roundup, but not before she locks her younger brother in a cupboard in the family's apartment, thinking that she will be back within a few hours. Paris May 2002. On Vel d'Hiv's 60th anniversary, journalist Julia Jarmond is asked to write an article about this black day in France's past. Through her contemporary investigation, she stumbles onto a trail of long hidden family secrets that connect her to Sarah. Julia finds herself compelled to retrace the girl's ordeal from that terrible term in the Vel d'Hiv to the camps and beyond. As she probes into Sarah's past, she begins to question her own place in France and to reevaluate her marriage and her life. Tatiana de Rosnay offers us a brilliantly subtle, compelling portrait of France under occupation and reveals the taboos and silence that surround this painful episode. **The Self-Motivated Kid** Shimi Kang, 2015-08-18 Winner of the 2015 USA

Book News International Book Award for Parenting and Family. In this inspiring book, Dr. Shimi Kang, a Harvard trained child and adult psychiatrist and an expert in human motivation, provides a guide to the art and science of encouraging children to develop their own internal drive and a lifelong love of learning. Drawing on the latest neuroscience and behavioral research, Dr. Kang shows why pushy, hovering tiger parents and permissive, jellyfish parents actually hinder self-motivation. She proposes a powerful new parenting model: the intelligent, joyful, highly social dolphin. Dolphin parents focus on maintaining balance in their children's lives to compassionately yet authoritatively guide them toward lasting health, happiness, and

success The mother of three children and the daughter of immigrant parents who struggled to give their children the best in life Dr Kang's mother could not read her father taught her math while they drove around in his taxicab and she was never enrolled in a single extracurricular activity Dr Kang argues that often the simplest benefits parents give their children are the most valuable Combining irrefutable science with unforgettable real life stories The Self Motivated Kid walks readers through Dr Kang's four part method for cultivating self motivation She argues that by trusting our deepest intuition about what is best for our kids we will allow them to develop key traits adaptability community mindedness creativity and critical thinking to empower them to succeed and thrive in our increasingly competitive and complex world **The Children of**
