Cosmopolitan Sexuality Ahonaa Roy,2023-02-16 In a historic verdict the Supreme Court of India in September 2018 struck down Section 377 of the Indian Penal Code and decriminalized homosexuality and granted personal rights and freedom to the LGBTQIA community at large However in December 2018 the Transgender Persons Bill was passed in the Lok Sabha the People s House and lower house of Indian Parliament that has negated and undermined the rights of the trans community in India The Bill omits the reference to a neither male nor female formulation and covers any person whose gender does not match the gender assigned at birth as well as transmen transwomen those with intersex variations the gender queer and those who designate themselves based on socio cultural identities such as hijra aravani kinner and jogta This book articulates the ethnographic and anthropological studies of hijras eunuchs and the popular transgender culture in India through the case study of contemporary Mumbai It studies how their identity is shaped through consumption of various practices of beauty and takes into account the direct provincial dialogues as to how the hijras negotiate different spaces of surgeries clinics and medicine to shape their new forms of identity It highlights how globalizing modernity would build a concrete understanding of the way local patterns of transgender sexuality and eroticism are shaped by this sort of culture It attempts to build a more robust and complex understanding of sexual experiences among these subjects in the locale thus projecting the intersection of local meanings of transgender eroticism that intersect global patterns of similar identities with their desire and sexuality The local specificity of the hijra sexual economy relates to global transgender practices thus proposing a nuanced discourse of space culture and sexuality to the local context of the globalized and modernized India

Most research on organized crime reveals only a limited sense of its history Our understanding suffers as a result Space Time and Organized Crime shows how arguments about the sources consequences and extent of crime are distorted as a consequence of crude empiricism Originally published in Europe in 1991 as Perspectives on Organizing Crime this book is a timely blend of history criticism and research Fully one fourth of this new edition contains hitherto unpublished materials especially relevant to the American experience Space Time and Organized Crime describes the background of Progressive Era New York It then broadens its scope by exploring the changes in drug production and distribution in Europe from about 1925 to the mid 1930s Block addresses such little explored issues as the ethnicity of traders the structure of drug syndicates and the impact of legislation that attempted to criminalize increasing aspects of the world s narcotic industry prior to the Second World War He then goes on to present organized crime s involvement with transnational political movements intelligence services and political murders Space Time and Organized Crime concentrates on ambiguities evident in organized crime control such as the U S Internal Revenue Service s protection of criminal off shore financial interests and the contradictions found in America s war on drugs Space Time and Organized Crime demonstrates that the essential nature of crime in the twentieth century regardless of where it takes place cannot be understood without sound historical studies and a more sophisticated criminological approach Block s unique blend of stratification in a historical context will be of special interest to historians sociologists criminologists and penologist Children of Stardust Edudzi Adodo,2022-10-04

Bradley,2016-01-11 Beyond the spaceport gates the men of the Kharsa were hunting down a thief I heard the shrill cries the pad padding of feet in strides just a little too long and loping to be human raising echoes all down the dark and dusty streets leading up to the main square But the square itself lay empty in the crimson noon of Wolf Overhead the dim red ember of Phi Coronis Wolf's old and dying sun gave out a pale and heatless light The pair of Spaceforce guards at the gates wearing the black leathers of the Terran Empire shockers holstered at their belts were drowsing under the arched gateway where the star and rocket emblem proclaimed the domain of Terra One of them a snub nosed youngster only a few weeks out from

Earth cocked an inquisitive ear at the cries and scuffling feet then jerked his head at me Hey Cargill you can talk their lingo What s going on out there I stepped out past the gateway to listen There was still no one to be seen in the square It lay white and windswept a barricade of emptiness to one side the spaceport and the white skyscraper of the Terran Headquarters and at the other side the clutter of low buildings the street shrine the little spaceport cafe smelling of coffee and jaco and the dark opening mouths of streets that rambled down into the Kharsa the old town the native quarter But I was alone in the square with the shrill cries closer now raising echoes from the enclosing walls and the loping of many feet down one of the dirty streets
