Louis Xiii The Making Of A King:

Louis the Thirteenth Louis the XIII Elizabeth W. Marvick,1986 *The Making of a King [i.e. Louis XIII., King of France]. ... With 17 Illustrations, Etc* Ida Ashworth TAYLOR,1910 **Louis XIII, the Just** A. Lloyd Moote,1991-08-08 In this fascinating biography A Lloyd Moote provides the first authoritative account of one of the most enigmatic figures of seventeenth century Europe Contrary of popular portrayals of the monarch as a hapless kind Moote argues that Louis XIII was a ruler who powerfully shaped his people s destiny **The Formation of the Child in Early Modern Spain** Grace E. Coolidge,2016-03-16 Drawing on history literature and art to explore childhood in early modern Spain the contributors to this collection argue that early modern Spaniards conceptualized childhood as a distinct and discrete stage in life which necessitated special care and concern The volume contrasts the didactic use of art and literature with historical accounts of actual children and analyzes children in a wide range of contexts including the royal court the noble family and orphanages The volume explores several interrelated questions that challenge both scholars of Spain and scholars specializing in childhood How did early modern Spaniards perceive childhood In what framework literary artistic did they think about their children and how did they visualize those children s roles within the family and society How do gender and literary genres intersect with this concept of childhood How did ideas about childhood shape parenting parents and adult life in early modern Spain How did theories about children and childhood interact with the actual experiences of children and their parents The group of international scholars contributing to this book have developed a variety of creative interdisciplinary approaches to uncover children s lives the role of children within the larger family adult perceptions of childhood images of children and childhood in art and literature and the ways in which children and childhood were vulnerable and in need of protection Studying children uncovers previously hidden aspects of Spanish history and allows the contributors to analyze the ideals and goals of Spanish culture the inner dynamics of the Habsburg court and the vulnerabilities and weaknesses that Spanish society fought to overcome **The New International Encyclopaedia** ,1929 Richelieu R J Knecht,2014-01-09 This concise and up to date assessment of Richelieu s career provides an enthralling introduction to the character and exercise of his power Richelieu governed France for 18 years until his death and until the mid 20th century was viewed by Anglo Saxon historians as cold clever and ruthless Recent interpretations have been more favourable and in this incisive study R J Knecht uses recent research to reassess Richelieu s career and achievements Music and Power at the Court of Louis XIII Peter Bennett,2021-05-27 What role did sacred music play in mediating Louis XIII s grip on power in the early seventeenth century How can a study of music as sounding liturgy contribute to the wider discourse on absolutism and the arts in early modern France Taking the scholarship of the so called ceremonialists as a point of departure Peter Bennett engages with Weber s seminal formulation of power to consider the contexts in which liturgy music and ceremonial legitimated the power of a king almost continuously engaged in religious conflict Numerous musical settings show that David

the psalmist musician king and agent of the Holy Spirit provided the most enduring model of kingship but in the final decade of his life as Louis dedicated the Kingdom to the Virgin Mary the model of Christ the King became even more potent a model reflected in a flowering of musical publication and famous paintings by Vouet and Champaigne **Nelson's Perpetual**

Loose-leaf Encyclopaedia ,1920 **The New International Encyclopædia** Frank Moore Colby,Talcott Williams,1917
