Loves Masks Identity Intertextuality And Meaning In The Old French Tristan Poems:

Love's Masks Merritt R. Blakeslee, 1989 A study of identity intertextuality and meaning in the Old French Tristan Poems The book is divided into three sections Tristan's social identities Tristan's disguises Tristan victim and savior *Love Cures* Laine E. Doggett, 2015-11-09 What is love Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal Not so argues Laine Doggett in *Love Cures* Aspects of love that are expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical practices of the high Middle Ages *Love Cures* argues that these practitioners as represented in romance have shaped modern notions of love *Love Cures* seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history anthropology and philosophy *The Arthur of the North* Marianne E. Kalinke, 2015-11-20 The book is a comprehensive survey of medieval and early modern Arthurian literature in the Scandinavian countries The book analyses the transmission of a foreign courtly literature in the non courtly culture of Iceland The book surveys the acculturation of foreign narrative and style to indigenous literary forms in the North **The Hero's Place** Molly Robinson Kelly, 2009-09-28 A fresh approach to three masterpieces of Old French literature *Tristan and Isolde* Joan Tasker Grimbert, 2013-08-21 First Published in 2002 [The French Tradition and the Literature of Medieval England](#) William Calin, 1994-12-15 The French presence in English literary history in the centuries following the Conquest has to some extent been glossed over or treated as an interlude During this period roughly 1100-1420 French like Latin was the language of the educated in the courts of England and for nobles clerics and the rising commercial elements communication was multilingual In his ground breaking study William Calin explores in depth this era of medieval English literature and culture in relation to its distinctly French influences and contemporaries He examines the Anglo Norman contribution to medieval literature concentrating on romance and hagiography the great continental French texts such as *Prose Lancelot* and the *Romance of the Rose* which had a dominant role in shaping literature in English and the English response to the French cultural world the two modes in English where the French presence was most significant court poetry Chaucer Gower Hoccleve and Middle English romance This book is grounded in French sources both well known and relatively obscure Translations of the Old French make *The French Tradition and the Literature of Medieval England* accessible to scholars and students of Medieval English comparatists and historians as well as those proficient in French Calin develops a synthesis of medieval French and English literature that will be especially useful for classroom study *Early French Tristan Poems* Norris J. Lacy, 1998 Text and facing page translation of key texts for the Tristan legend **An Index of Themes and Motifs**

in Twelfth-Century French Arthurian Poetry E. H. Ruck, 1992-12 Index of themes in 12c French Arthurian verse romances from literary themes to everyday motifs There has long been a need for an index of the themes in the French Arthurian verse romances E H Ruck's analysis includes not only the recognised literary themes the Unspelling Quest the Faithless Wife of the verse romances from Wace's Brut to Froissart's Meliadour but also the other less obvious motifs of equal significance to the researcher hawthorns for example and weaponry Dr Ruck's index encompasses the Arthurian part of Wace's Brut all of the works of Chrétien de Troyes all four Tristan poems together with Marie de France's Chevrefoil and Lanval the lais of Tyolet Melion Cor and Mantel Renaut de Beaujeu's Le Bel Inconnu La Mule sans frein and Le Chevalier le piteux As the index is intended first and foremost for the use of Arthurian scholars the non Arthurian parts of the Brut and the Lais of Marie de France have not been included although reference is made to them in the notes E H RUCK studied at the universities of Exeter Lancaster and Reading where she worked for her PhD Shaping Romance Matilda Tomaryn Bruckner, 2015-08-05 Examines a set of five twelfth century romance texts complete and fragmentary canonical and now neglected long and short to map out the characteristics and boundaries of the genre in its formative period **Tristan** Mark Chinca, 1997-04-10 This book offers a concise introduction to Gottfried von Strassburg's Tristan The work is approached both through its context and through a close reading of key passages of the text The contextual reading compares Gottfried with his predecessors Beroul Eilhart and Thomas in order to reveal his independent response to the problems and possibilities with which he was confronted by his material The close textual reading builds up a distinctive interpretation of the work in which particular attention is paid to Gottfried's reworking of literary tradition his use of religious analogies and his awareness of the fictive potential of literary language A concluding chapter examines Gottfried's medieval reception through the work of his continuators Ulrich von Turheim and Heinrich von Freiberg and the Herzmaere of Konrad von Wurzburg
