Cuthbert Hamilton Ellis

Lswr Miscellany:

Lambert's Railway Miscellany Anthony Lambert, 2010-10-14 The world of the railways weaves a spell over many people In this engaging book railway expert Anthony Lambert presents some of the best stories From the early days come tales of financial skulduggery and worries that sparks from locomotives might ignite sheep s fleeces But as the railway transformed the modern world attitudes changed and railways were opened to great rejoicing and even religious blessing The perennial appeal of the steam locomotive generated a pride amongst railwaymen and a fascination among the public The romantic aspects of the railway were soon celebrated and not just the unexpected engagement that came from a snowbound train in the Highlands or the sexual shenanigans of the Orient Express Here are stories of railway travel from the palatial carriages of tsars and maharajahs to the open trucks of the lower orders mishaps and faux pas and tales of how ticket inspectors used to have to hold on to the outside of carriages while clipping tickets From tales of lonely stations and signal boxes in Scotland to the unlucky engineer eaten by a lion in a carriage in Kenya Lambert casts his net across railways worldwide to gather the most entertaining material There are stories here that would enliven even a cheerless commute on the 18 01 and remind you that our railways really were and occasionally still are full of derring do romance and character *Railway Magazine*

London's Local Railways Alan Arthur Jackson, 1978 *Railway Carriages in the British Isles* Cuthbert Hamilton Ellis, 1965 Detailed account for the specialist *Travelling by Train in the Edwardian Age* Philip Unwin, 2023-10-09 First published in 1979 *Travelling by Train in the Edwardian Age* is a book for the steam train enthusiast but it is much more than that it is as well a fascinating social document reflecting an important aspect of Edwardian times From boyhood memories the author calls to life the sights sounds and smells of the railways in their heyday when an express train was the fastest thing on earth the unforgettable whiff of steam coal dust and oil the colourful liveries of the numerous companies the characteristic voices of the engines and their whistles the decor and the motion of the gaslit carriages with their strict division into classes The author stresses that the cheap comfortable travel was made possible by the arduous and long hours and often dangerous labour of drivers foremen signalmen and other railway staff He pays tribute to their loyalty and expertise in the face of often exceptionally difficult circumstances and crude equipment The author gives due attention to the important developments during the period in locomotive and rolling stock design station architecture and signalling technology The many rare period photographs combine with the author s vivid memories and evident enthusiasm to make this a uniquely informative and entertaining book
