The Living Age ,1845 **The Adelphi** ,1926 **In Our Own Image** Wesley J. Wildman,2017-12-15 In Our Own Image is a work of comparative philosophical theology It is a study of the roles anthropomorphism and apophaticism play in the construction of conceptual models of ultimate reality Leading scholar Wesley J Wildman considers whether we create our ideas of God He offers a comparative analysis of three major classes of ultimacy models paying particular attention to the way those classes are impacted by anthropomorphism while tracing their relative strengths and weaknesses Wildman provides a constructive theological argument on behalf of an apophatic understanding of ultimate reality showing how this understanding subsumes challenges and relates ultimacy models from the three classes being compared He describes and compares competing ultimacy models fairly and sympathetically The conclusion is that all models cognitively break on the shoals of ultimate reality but that the ground of being class of models carries us further than the others in regard to the comparative criteria that matter most **Remembering the Space Age** Steven J. Dick,2008 From the Publisher Proceedings of October 2007 conference sponsored by the NASA History Division and the National Air and Space Museum to commemorate the 50th anniversary of the Sputnik 1 launch in October 1957 and the dawn of the space age **The Hidden Lives of Dreams** Melinda Powell,2020-03-26 On average we spend around six years of our lives dreaming Yet astonishingly few of us understand the purpose of dreams and even fewer recognise what our dreaming mind can tell us about ourselves and our world Melinda Powell psychotherapist and co founder of the Dream Research Institute UK reveals how better understanding our dreams can improve our waking lives As well as examining the importance of sleep and dreams The Hidden Lives of Dreams explores the role of light colour landscapes space healing presence and lucidity in dreams dispels common misconceptions and addresses our fears of nightmares Powell shows how to tap into our dreams as a source of guidance and inspiration to enhance our wellbeing and to discover a healthier more balanced approach to life Exploring the depths of dreaming with an experienced guide like Melinda Powell will bring you closer to your heart your purpose and your truest self Highly recommended Robert Waggoner *Vimana Aircraft of Ancient India & Atlantis* David Hatcher Childress,1991 Did the ancients have the technology of flight In this incredible volume on ancient India authentic Indian texts such as the Ramayana and the Mahabharata are used to prove that ancient aircraft were in use more than four thousand years ago Included in this book is the entire Fourth Century BC manuscript Vimaanika Shastra by the ancient author Maharishi Bharadwaaja translated into English by the Mysore Sanskrit professor G R Josyer Also included are chapters on Atlantean technology the incredible Rama Empire of India and the devastating wars that destroyed it Also an entire chapter on mercury vortex propulsion and mercury gyros the power source described in the ancient Indian texts Not to be missed by those interested in ancient civilizations or the UFO enigma Tons of illustrations **Justice of the Peace** ,1916 **The Fall Out of Redemption** Joseph Acquisto,2015-04-23 Joseph Acquisto examines literary writers and critical theorists who employ

theological frameworks but who divorce that framework from questions of belief and thereby remove the doctrine of salvation from their considerations Acquisto claims that Baudelaire inaugurates a new kind of amodern modernity by canceling the notion of salvation in his writing while also refusing to embrace any of its secular equivalents such as historical progress or redemption through art Through a series of interhistorical readings that put literary and critical writers from the last 150 years in dialogue Acquisto shows how these authors struggle to articulate both the metaphysical and esthetic consequences of attempting to move beyond a logic of salvation Putting these writers into dialogue with Baudelaire highlights the way both literary and critical approaches attempt to articulate a third option between theism and atheism that also steers clear of political utopianism and Nietzschean estheticism In the concluding section Acquisto expands metaphysical and esthetic concerns to account also for the ethics inherent in the refusal of the logic of salvation an ethics which emerges from rather than seeking to redeem or cancel a certain kind of nihilism
