Glenn Wakefield, 2006-01-05 Statement A poet is an individual who has the ability to express his disappointment in mankind An individual who finds beauty that other don t see and has the audacity to write about his pain and observance of life In essence a poet is someone who has too much leisure time Book summary A collection of poems about lost love and the journey on the road of life

**The Heart of The Matter:** Graham Greene, James Wood, 2023-10-01 The Heart of the Matter Exploring the Depths of Morality and Humanity is a powerful novel that unravels the profound intricacies of human morality faith and inner conflict Graham Greene masterfully crafts a story that explores the struggles between duty love and conscience set against the evocative backdrop of wartime West Africa James Wood s insightful analysis adds depth to the novel s exploration of ethical dilemmas making this book an intellectual and emotional journey story follows Henry Scobie a British colonial officer who grapples with personal and moral challenges including loyalty to his wife an illicit love affair and the weight of his Catholic beliefs As Scobie is torn between obligation and personal happiness his choices lead him into a harrowing descent that questions the very essence of morality and redemption Greene s brilliant storytelling invites readers to immerse themselves in Scobie s internal turmoil evoking empathy and deep contemplation Heart of the Matter is not just a novel but an exploration of human conscience and the price of moral compromise Its richly developed characters and philosophical depth make it an unforgettable reading experience ideal for those who appreciate literature that challenges perspectives and provokes thought With its gripping narrative and psychological insight this book remains a timeless classic in the realm of literary fiction A deeply moving novel that explores morality faith and personal sacrifice Greene s writing is both profound and engaging drawing the reader into Scobie s tragic journey This book left me with lingering thoughts on the complexity of human choices and the weight of conscience Greene s portrayal of inner conflict is masterful The way he captures Scobie s struggle between duty and personal desire is both heartbreaking and thought provoking Some sections felt a bit slow but overall this is a deeply rewarding read A powerful and haunting story about the consequences of moral compromise The setting of wartime West Africa adds depth to the novel s themes While the pacing may challenge some readers the depth of character exploration makes it worth every page An insightful book though at times it felt heavy with philosophical introspection The themes of morality and faith are compelling but the pacing made it a bit difficult to stay fully engaged Still a worthwhile read for those who appreciate deeply psychological narratives
