## **Matthew And Q Bibliography 19501995 2 Vol Set:**

**The Gospel of Matthew and the Sayings Source Q** Frans Neirynck, Joseph Verheyden, R. Corstjens, 1998 The present Bibliography covers the research on the Gospel of Matthew and on the Gospel Source Q from 1950 to 1995. The new volume has adopted the model of the previously published *The Gospel of Mark A Cumulative Bibliography 1950-1990*. It contains about 15 000 entries and is arranged alphabetically by name of author. The author's works are given in chronological order. Each entry includes the complete bibliographical references, information about reprints, new editions and translations, and summary indications of the content, Gospel passage, subject. The companion volume furnishes detailed Indexes of Gospel Passages and Subject matters related to Mt and to Q. All indexes are prepared by J. Verheyden. The Bibliography completes the series of Leuven repertories on the Gospels published in BETL 82 John 1988, 88 Luke 1989 and 102 Mark 1992.

**The New Testament** Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament. Hagner deals with the New Testament both historically and theologically employing the framework of salvation history. He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety. Although the volume covers typical questions of introduction such as author, date, background and sources, it focuses primarily on understanding the theological content and meaning of the texts, putting students in a position to understand the origins of Christianity and its canonical writings. Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship. The book includes summary tables, diagrams, maps and extensive bibliographies.

**Excavating Q** John S. Kloppenborg, 2000 In this tour de force the author offers a comprehensive introduction to the study of Q, the collection of Jesus' sayings long hypothesized as the source for the canonical gospels of Matthew and Luke. Part I deals with the methods for studying Q, their presuppositions and a survey of current research. Part II addresses more theological and theoretical issues relevant to the Synoptic Problem. Q as a document, its redaction and its social setting.

**Q** Harry T. Fleddermann, 2005 The last fifty years have witnessed a remarkable renaissance in Q studies with scholars probing every aspect of the Q hypothesis from the existence and extent of Q to the reconstruction of the original text and the place of the document in the history of early Christianity. The time seems ripe for a major commentary on Q to consolidate and extend the discussion of this important document that Matthew and Luke incorporated into their gospels. Q: A Reconstruction and Commentary contains an argued reconstruction of the original Greek text of Q and a commentary on the reconstructed text along with an introduction that explores all of the main questions that swirl around the Q hypothesis.
