*Matthew Arnold and the Three Classes* Patrick J. McCarthy, 1960      *Leavis and Lonergan* Joseph Fitzpatrick, 2021-02-11  
This book illustrates the value of the cross fertilisation of literary criticism with philosophy something Leavis advocated in his later writings Lonergan's epistemology of Critical Realism supports Leavis's account of how we reach a valid judgment concerning the worth of a poem or literary text and his exploration of the relationship between subjectivity and objectivity illustrates how close engagement with serious literature can be considered morally beneficial something Leavis passionately believed in Leavis and Lonergan are at one in providing convincing arguments against Cartesian dualism and the dominant positivist philosophies of their times And Leavis's method and practice as a literary critic which he developed independently of Lonergan exemplify Lonergan's epistemology as applied to literature and in this way illustrate its versatility and fruitfulness      Language of Gender and Class Patricia Ingham, 2002-09-11 The Language of Gender and Class challenges widely held assumptions about the study of the Victorian novel Lucid multilayered and cogently argued this volume will provoke debate and encourage students and scholars to rethink their views on nineteenth century literature Examining six novels Patricia Ingham demonstrates that none of the writers male or female easily accept stereotypes of gender and class The classic figures of Angel and Whore are reassessed and modified And the result argues Ingham is that the treatment of gender by the late nineteenth century is released from its task of containing neutralising class conflict New accounts of femininity can begin to emerge The novels which Ingham studies are Shirley by Charlotte Brontë North and South by Elizabeth Gaskell Felix Holt by George Eliot Hard Times by Charles Dickens The Unclassed by George Gissing Jude the Obscure by Thomas Hardy      **The Rise and Fall of Class in Britain** David Cannadine, 1999 Although politicians in Britain are now calling for a classless society can one conclude as do many scholars that class does not matter anymore Cannadine uncovers the meanings of class for such disparate figures as Adam Smith Karl Marx and Margaret Thatcher and identifies the moments when opinion shifted such as the aftermath of the French Revolution and the rise of the Labour Party in the early twentieth century      **The Arnoldian**, 1975      **REAL.
