Laurie J. Kendall, 2008 This book is a five year ethnographic study of the lesbian culture built at the Michigan Womyn's Music Festival The study explores the construction of an Amazon consciousness and its manifestation in symbol myth and ritual performance at the Festival It also explores the ways womyn build homes families and sacred traditions during the Festival The Creation of Patriarchy Gerda Lerner, 1986 A radical reinterpretation of Western civilization argues that male dominance has resulted from and can be ended by historical process and identifies key developments Essays in Feminist Ethics Ina Praetorius, 1998 For long enough have male academics with their privileged status and far from banal everyday life been able to define exclusively the morally good and bad What is contained in our ethical handbooks on genetic engineering economy animal experiments etc is mainly the product of this narrow point of view Feminist ethics can according to Ina Praetorius occur at the kitchen table as well as in the lecture room the nursery in the bank or from the pulpit Fourteen essays introduce in an understandable and often polemic form issues in feminist ethics These issues are themes such as biotechnology animal experimentation life styles outside of the monopoly claims of heterosexual marriage ecology etc Praetorius examines closely prominent ethical outlines such as Hans Jonas principle of responsibility or Hans K ng's project of a world ethos The introduction offers a very informative overview of what feminists have brought to the field of ethics up to the present This is a book for interested readers who do not shrink from anti mainstream thinking and have developed a healthy mistrust of androcentric ethics

Barbara Jane Brickman, 2023-11-10 An ever expanding and panicked Wonder Woman lurches through a city skyline begging Steve to stop her A twisted queen of sorority row crashes her convertible trying to escape her queer shame A suave butch emcee introduces the sequined and feathered stars of the era's most celebrated drag revue For an unsettled and retrenching postwar America these startling figures betrayed the failure of promised consensus and appeasing conformity They could also be cruel painful and disciplinary jokes It turns out that an obsession with managing gender and female sexuality after the war would hardly contain them On the contrary it spread their campy manifestations throughout mainstream culture Offering the first major consideration of lesbian camp in American popular culture *Suffering Sappho* traces a larger than life lesbian menace across midcentury media forms to propose five prototypical queer icons the sicko the monster the spinster the Amazon and the rebel On the pages of comics and sensational pulp fiction and the dramas of television and drive in movies Barbara Jane Brickman discovers evidence not just of campy sexual deviants but of troubling female performers whose failures could be epic but whose subversive potential could inspire Supplemental images of interest

DiPuccio,1998 These dialogues express different world visions If the expected cultural exchange takes place then an enduring relationship of tolerance and understanding forms between the two worlds Bonds that surpass temporal geographic and philosophical specificity attest to humankind s universal and atemporal need for myth The questions proposed answers and subsequent revisions will it is hoped coexist in an ongoing dialogue among ancient Golden Age and contemporary individuals *Cross Dressing, Sex, and Gender* Vern L. Bullough,Bonnie Bullough,1993 Not only surveys cross dressing and gender impersonation throughout history and in a variety of cultures but examines the medical biological psychological and sociological findings that have been presented in modern scientific literature The Early Amazons Josine Blok,2015-08-27 The Early Amazons offers a new understanding of the ancient Amazon myth situating mythical representations in the realm of cultural history The first section examines how the Amazons have presented a challenge to views on history myth and gender in classical mythology from the late eighteenth century up to the impact of structuralism Topics included are nineteenth century historiography and the interest in linguistics The second section sheds new light on the culture of archaic Greece offering a coherent assessment of literary and visual representations Taking mythical narrative as a form of oral storytelling it shows the emergence of the Amazon motif and its meaning in the world of epic Iconographical analysis reveals how the visual arts have made a contribution of their own to the imaginary presence of the Amazons **Wonder Woman Unbound** Tim Hanley,2014-04-01 2015 Amelia Bloomer Project List This close look at Wonder Woman s history portrays a complicated heroine who is more than just a female Superman with a golden lasso and bullet deflecting bracelets The original Wonder Woman was ahead of her time advocating female superiority and the benefits of matriarchy in the 1940s At the same time her creator filled the comics with titillating bondage imagery and Wonder Woman was tied up as often as she saved the world In the 1950s Wonder Woman begrudgingly continued her superheroic mission wishing she could settle down with her boyfriend instead all while continually hinting at hidden lesbian leanings While other female characters stepped forward as women s lib took off in the late 1960s Wonder Woman fell backwards losing her superpowers and flitting from man to man Ms magazine and Lynda Carter restored Wonder Woman s feminist strength in the 1970s turning her into a powerful symbol as her checkered past was quickly forgotten Exploring this lost history adds new dimensions to the world s most beloved female character and Wonder Woman Unbound delves into her comic book and its spin offs as well as the myriad motivations of her creators to showcase the peculiar journey that led to Wonder Woman s iconic status **Women in Greek Myth** Mary R. Lefkowitz,2007-08-27 In the first edition of Women in Greek Myth Mary R Lefkowitz convincingly challenged narrow ideological interpretations of the roles of female characters in Greek mythology Where some scholars saw the Amazons as the last remnant of a forgotten matriarchy Clytemnestra as a frustrated individualist and Antigone as an oppressed revolutionary Lefkowitz argued that such views were justified neither

by the myths themselves nor by the relevant documentary evidence Concentrating on those aspects of women's experience most often misunderstood life apart from men marriage influence in politics self sacrifice and martyrdom and misogyny she presented a far less negative account of the role of Greek women both ordinary and extraordinary as manifested in the central works of Greek literature This updated and expanded edition includes six new chapters on such topics as heroic women in Greek epic seduction and rape in Greek myth and the parts played by women in ancient rites and festivals Revisiting the original chapters as well to incorporate two decades of more recent scholarship Lefkowitz again shows that what Greek men both feared and valued in women was not their sexuality but their intelligence *Feminist Ethics* Claudia

Card,1991 Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR **Imagining Illegitimacy in**

J. R. M.)* one of the twentieth century's most important celebrated and studied paintings Drawing on her expertise in African art and newly discovered sources Blier reads the painting not as a simple bordello scene but as Picasso's interpretation of the diversity of representations of women from around the world that he encountered in photographs and sculptures These representations are central to understanding the painting's creation and help identify the demoiselles as global figures mothers grandmothers lovers and sisters as well as part of the colonial world Picasso inhabited Simply put Blier fundamentally transforms what we know about this revolutionary and iconic work
