**Esoteric Medicine and Practical Magic** Samael Aun Weor, 2020-07-22 In ancient times only the wisest were trusted with medical knowledge for it bears power over life and death The remedies and methods of those seers may have been abandoned by modern civilization but they have been preserved and retain their power Throughout all of our most sacred traditions it is known that Nature is the source for all genuine medicine The teachings of Hippocrates Paracelsus Galen Tibetan tantras and others all agree that a properly prepared individual can use Nature to cure any illness Samael Aun Weor lived in close contact with the mysterious natives of the Sierra Nevada of South America who have been in self imposed isolation from the rest of the world for hundreds of years The priests and doctors of that region taught him and his wife Litelantes their system of training and many of their healing methods revealed here to the public for the first time Perhaps most astonishing is that the philosophy and spiritual concepts are fundamentally the same as the ancient knowledge of the Greeks Tibetans Hindus and others This collection of hundreds of techniques and practices will guide you to awaken consciousness perform healing for yourself and others and return to the core medical knowledge of the ages Do not undervalue these remedies because of the modest way in which they are presented or because of their simplicity The author has tested in various cases all of the formulae and works of practical magic contained in this book Remember that this is not a game for children but a work for mature individuals I Samael Aun Weor give testimony of my work **Bliss Against the World** Kirill Chepurin, 2024 Bliss Against the World critically analyzes and systematically reconstructs the work of German Idealist and Romantic philosopher Friedrich Schelling 1775 1854 In Schelling s concept of bliss Seligkeit the idea of salvation from the world mutates into a burning concern with the negativity of the modern world and with the way modernity inherits

the Christian promise of a non alienated future that never arrives Schelling emerges from this account as a key thinker of modernity and of the Christian modern trajectory as a path to salvation in the shadow of whose failure we continue to live
