The writing and paintings created at the same time as those for *Country Diary* in 1905 and 1906 follow the seasons at Holden's English home with her charming notes, diary entries, quotes and her choice of poems that celebrate nature from Wordsworth to Yeats plus a few of her own. The third edition features more of Leslie's step by step drawing techniques a new selection of pages from her own journals which she's kept for 40 years and an expanded range of prompts for observing particular aspects of the natural world in any location With an emphasis on learning to see and observe Leslie shows how drawing nature doesn't require special skills artistic ability or even nature knowledge and it is a tool everyone can use to record observations and experience the benefits of a stronger connection to the natural world
