Gregory, 1999 **The Nature of the Laughter of Feeling** Matthew Ward, 2024 Romantic Poets and the Laughter of Feeling embraces the sublime and the ridiculous to offer a compelling new reading of British Romanticism Matthew Ward reveals the decisive role laughter and the laughable play in Romantic aesthetics emotions and ethics The Nature of Laughter J. C. GREGORY (Psychologist.), 1924 Psychic Research Quarterly , 1924 The Mirror of Laughter Alexander Kozintsev, 2017-07-12 The Mirror of Laughter presents a theory of humor and laughter by examining their relationship to human behaviors Kozintsev is especially interested in the relationship between biological and cultural factors that influence behaviors He divides his work into four chapters the first of which establishes a theme of the book focusing on the study of meaning from the perspective of philosophy and psychology while examining linguistic theories of humor The second chapter examines biological data regarding laughter and the evolutionary origins of laughter and humor It demonstrates the author's interest in studying humor objectively by detailing physiological reactions and underlying psychological issues The third section on play including linguistic play distinguishes between orderly and disorderly play While orderly play has no biological roots and is synonymous with culture disorderly play is rooted in the pre human past The final chapter discusses the conflict between culture and nature and how culture has transformed the original semantics of laughter Kozintsev seeks to understand the relationship between the biological cultural and social origins of humor and from here he seeks to create new understanding that only the alliance of several disciplines could provide All of this is done while the author challenges many popular ideas of humor such as that humor is inherently related to hostility Originally written in Russian this work makes great strides towards its goal and it does so in an interesting and enlightening way **The Contemporary Review** , 1925 **The Psychoanalytic Review** , 1926
