Nature Destiny Of Man 2 In 1vol:

The Bonds of Freedom Rebekah Miles, 2001 Miles contends that an increasingly radical feminist emphasis on divine immanence and human boundedness has undercut key assumptions upon which feminism rests Niebuhr's realism she believes can be the source of a necessary correction

Love Your Enemies Lisa Sowle Cahill, 1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized

God's Patience and our Work Ben Fulford, 2024-02-28 In God's Patience and our Work Ben Fulford argues that Hans Frei's theology and ethics offers unheralded but valuable resources for thinking about the social and political engagement of Christian communities in pluralistic societies in light of hope in Jesus Christ He shows how Frei's project of recovering the conditions for and shape of a generous orthodoxy runs through his work offering broad flexible vision of Christian identity ethical responsibility and humanistic witness focused in the person and presence of Jesus Christ In dialogue with liberation theologies Fulford draws from Frei an account of divine patience and providence to frame hopeful pragmatic Christian participation in work for dignity justice and penultimate reconciliation rooted in new and deeper contextual reading of his work

Reinhold Niebuhr Robin W. Lovin, 2007 An introduction and significance of one of the twentieth century's most influential theologians Reinhold Niebuhr

The Entangled God Kirk Wegter-McNelly, 2012-03-12 In The Entangled God Kirk Wegter McNelly addresses the age old theological question of how God is present to the world by constructing a novel scientifically informed account of the God world relation Drawing on recent scientific and philosophical work in quantum entanglement Wegter McNelly develops the metaphor of divine entanglement to ground the relationality and freedom of physical process in the power of God's relational being The Entangled God makes a three fold contribution to contemporary theological and religious discourse First it calls attention to the convergence of recent theology around the idea of relationality Second it introduces theological and religious readers to the fascinating story of quantum entanglement Third it offers a robust plerotic alternative to kenotic accounts of God's suffering presence in the world Above all this book takes us beyond the view of theology and science as adversaries and demonstrates the value of constructively relating these two important areas of intellectual investigation

Thornton, 2024-11-01 Edited by Baptist scholars Steven A McKinion Christine E Thornton and Keith S Whitfield Confessing Christ An Introduction to Baptist Dogmatics offers a unique and comprehensive exploration of Baptist theology Grounded in the belief that theology is both exploratory and explanatory the book introduces a historical covenantal ecclesial and confessional approach to Baptist Dogmatics Each essay delves into a specific area of dogmatic theology covering essential topics such as God Scripture anthropology Christology salvation ecclesiology the sacraments the Christian life and

Compromised Goods Ruth Lessl Shively, 1997 Nietzsche or Aristotle Moral subjectivism or moral objectivism Faced with these stark alternatives more and more American political theorists and philosophers find themselves in the middle asserting that moral truth is neither objective fact nor subjective fiction but a social construction However understandable such a compromise is precisely that a compromising position Ruth Lessl Shively contends A powerful critique of this middle position her book makes a compelling argument for moral realism as the only workable answer to the real dilemmas of political theory and moral life

The Politics of God Kathryn Tanner, 2022-11-15 Thirty years ago Kathryn Tanner put forward a daring proposal Traditional Christian theologies she insisted can be a source of political transformation rather than a sponsor of the status quo Through a rigorous analysis of Christian beliefs in their historical theological and social diversity Tanner connects belief to attitudes and action and shows how doctrines can relate to each other to social systems and to ethical behavior Drawing on the theologies of divine transcendence and creation that animate and organize so much of

her work *The Politics of God* frees traditional theology from its captivity to unjust rulers and systems and unleashes its radical potential for liberation empowerment and the pursuit of a just society This anniversary edition includes a major new preface in which Tanner addresses the changes in the social and political situation that have accumulated in the decades since the book's publication and resituates her argument for a new generation of theologians and activists **Catalogue of the free public library, Sydney, 1876.
