**Emmanuel Alloa, Frank Chouraqui, Rajiv
Kaushik**

Natvar Bhavsar Painting And The Reality Of Color:

Natvar Bhavsar Irving Sandler, 1998 **Natvar Bhavsar** Natvar Bhavsar, Paola Gribaudo, 2008 The first book to present the works of one of India's most interesting figurative artists Born in India in 1934 Bhavsar moved to the U S in the early 1960s where he became an influential member of the New York School of Colorists through his use of thrown and sifted pigment Bhavsar's monumental works are created using dry pigment released onto the canvas in patterns that parallel the movements of the artist's body as he works **Merleau-Ponty at the Gallery** Véronique M. Fóti, 2020-03-01 Merleau Ponty's phenomenological ontology engages deeply with visual art and this aspect of his work remains significant not only to philosophers but also to artists art theorists and critics Until recently scholarly attention has been focused on the artists he himself was inspired by and wrote about chiefly C zanne Klee Matisse and Rodin Merleau Ponty at the Gallery expands and shifts the focus to address a range of artists Giorgio Morandi Kiki Smith Cy Twombly Joan Mitchell and Ellsworth Kelly whose work came to prominence in the second half of the twentieth century and thus primarily after the philosopher's death V éronique M F ti does not confine her analyses to Merleau Ponty's texts which now importantly include his late lecture courses but also engages directly with the art Of particular concern to her is the art's ethical bearing especially as related to animal and vegetal life The book's concluding chapter addresses the still widespread rejection of beauty as an aesthetic value

Merleau-Ponty and Contemporary Philosophy Emmanuel Alloa, Frank Chouraqui, Rajiv Kaushik, 2019-12-01 Maurice Merleau Ponty is widely recognized as one of the major figures of twentieth century philosophy The recent publication of his lecture courses and posthumous working notes has opened new avenues for both the interpretation of his thought and philosophy in general These works confirm that with a surprising premonition Merleau Ponty addressed many of the issues that concern philosophy today With the benefit of this fuller picture of his thought Merleau Ponty and Contemporary Philosophy undertakes an assessment of the philosopher's relevance for contemporary thinking Covering a diverse range of topics including ontology epistemology anthropology embodiment animality politics language aesthetics and art the editors gather representative voices from North America and Europe including both Merleau Ponty specialists and thinkers who have come to the philosopher's work through their own thematic interest **Productive failure** Alpesh Kantilal Patel, 2017-07-21 This title sets out to write new transnational South Asian art histories to make visible histories of artworks that remain marginalised within the discipline of art history However this is done through a deliberate productive failure specifically by not upholding the strictly genealogical approach that is regularly assumed for South Asian art histories For instance one chapter explores the abstract work of Cy Twombly and Natvar Bhavsar The author examines whiteness the invisible ground upon which racialized art histories often pivot as a fraught yet productive site for writing art history This book also provides original commentary on how queer theory can deconstruct and provide new approaches for writing art history Overall this title provides methods for generating art history that acknowledge the complex web of factors within

which art history is produced and the different forms of knowledge production we might count as art history *Goodbye to Tenth Street* Irving Sandler, 2018-10-20 Sandler's novel brings to life the New York art world from the death of Jackson Pollock in 1956 to the emergence of Andy Warhol in 1962 The setting is downtown New York The novel follows the careers and interactions of four artists of different generations and styles two first generation abstract expressionists and two younger painters Other leading characters include an elder and younger critic two art dealers a curator and a collector

Art and AsiaPacific , 1999 **Art in America** Frank Jewett Mather, Frederic Fairchild Sherman, 2003-07 **India** Jeffrey Wechsler, Umesh Gaur, 2002 **Artforum International** , 2000
