Heart of Glass Daniel Spurr,2000 The editor of Practical Sailor newsletter offers a highly readable and affectionate account of the fiberglass boat from its earliest incarnation in World War II to the present day 310 illustrations     **The Nautical Magazine** ,1851     *Cultures in Contact* Joan Aruz,Sarah B. Graff,Yelena Rakic,2013 The exhibition Beyond Babylon Art Trade and Diplomacy in the Second Millennium B C held in 2008 2009 at The Metropolitan Museum of Art demonstrated the cultural enrichment that emerged from the intensive interaction of civilizations from western Asia to Egypt and the Aegean in the Middle and Late Bronze Ages During this critical period in human history powerful kingdoms and large territorial states were formed Rising social elites created a demand for copper and tin as well as for precious gold and silver and exotic materials such as lapis lazuli and ivory to create elite objects fashioned in styles that reflected contacts with foreign lands This quest for metals along with the desire for foreign textiles was the driving force that led to the establishment of merchant colonies and a vast trading network throughout central Anatolia during the early second millennium B C Texts from palaces at sites from Hattusa modern Bogazk y in Hittite Anatolia to Amarna in Egypt attest to the volume and variety of interactions that took place some centuries later creating the impetus for the circulation of precious goods stimulating the exchange of ideas and inspiring artistic creativity Perhaps the most dramatic evidence for these far flung connections emerges out of tragedy the wreckage of the oldest known seagoing ship discovered in a treacherous stretch off the southern coast of Turkey near the promontory known as Uluburun Among its extraordinary cargo of copper glass and exotic raw materials and luxury goods is a gilded bronze statuette of a goddess perhaps the patron deity on board who failed in her mission to protect the ship To explore the themes of the exhibition art trade and diplomacy viewed from an international perspective a two day symposium and related scholarly events allowed colleagues to explore many facets of the multicultural societies that developed in the second millennium B C Their insights which dramatically illustrate the incipient phases of our intensely interactive world are presented largely in symposium order beginning with broad regional overviews

and examination of particular archeological contexts and then drawing attention to specific artists and literary evidence for interconnections In this introduction however their contributions are viewed from a somewhat more synthetic perspective one that focuses attention on the ways in which ideas in this volume intersect to enrich the ongoing discourse on the themes elucidated in the exhibition      **Walford's Guide to Current British Periodicals in the Humanities and Social**

**Sciences** Library Association,1985      **The Children's Civil War** James Alan Marten,2000-10-01 The Children s Civil War is an exploration of childhood during our nation s greatest crisis James Marten describes how the war changed the literature and schoolbooks published for children how it affected children s relationships with absent fathers and brothers how the responsibilities forced on northern and especially southern youngsters shortened their childhoods and how the death and destruction that tore the country apart often cut down children as well as adults      **The Slaves' Gamble** Gene Allen

Smith,2024-05-01 A sweeping and original look at American slavery in the early nineteenth century that reveals the gamble slaves had to take to survive Images of American slavery conjure up cotton plantations and African American slaves locked in bondage until the Civil War Yet early on in the nineteenth century the state of slavery was very different and the political vicissitudes of the young nation offered diverse possibilities to slaves In the century s first two decades the nation waged war against Britain Spain and various Indian tribes Slaves played a role in the military operations and the different sides viewed them as a potential source of manpower While surprising numbers did assist the Americans the wars created opportunities for slaves to find freedom among the Redcoats the Spaniards or the Indians Author Gene Allen Smith draws on a decade of original research and his curatorial work at the Fort Worth Museum in this fascinating and original narrative history The way the young nation responded sealed the fate of slaves for the next half century until the Civil War This drama sheds light on an extraordinary yet little known chapter in the dark saga of American history      The Nautical Magazine and Naval Chronicle

,1851      **The Nautical Magazine and Naval Chronicle... a Journal of Papers on Subjects Connected with Maritime Affairs** ,1851      The USS Carondelet Myron J. Smith, Jr.,2010-04-13 The USS Carondelet had a revolutionary ship design

and was the most active of all the Union s Civil War river ironclads From Fort Henry through the siege of Vicksburg and from the Red River campaign through the Battle of Nashville the gunboat was prominent in war legend and literature This history draws on the letters of Ensign Scott Dyer Jordan and Rear Adm Henry Walke s memoirs      *The Middle East, Abstracts and Index* ,1990      **Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia)** Anthony Cordesman,2020-07-26 Saudi

Arabia s strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with

Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force      The Lessons Of Modern War Anthony H Cordesman, Abraham Wagner, 2020-01-08 This volume the first in a series of three covers the lessons of the 1973 1989 Arab Israeli arms race and of the conflicts of 1973 and 1982 It draws on interviews with Arab and Israeli sources and reveals that if truth is the first casualty of war then history is the first casualty of peace      **Australian National Bibliography** ,1978
