Navajo Courts and Navajo Common Law Raymond Darrel Austin, 2009 The Navajo Nation court system is the largest and most established tribal legal system in the world Since the landmark 1959 U S Supreme Court decision in Williams v Lee that affirmed tribal court authority over reservation based claims the Navajo Nation has been at the vanguard of a far reaching transformative jurisprudential movement among Indian tribes in North America and indigenous peoples around the world to retrieve and use traditional values to address contemporary legal issues A justice on the Navajo Nation Supreme Court for sixteen years Justice Raymond D Austin has been deeply involved in the movement to develop tribal courts and tribal law as effective means of modern self government He has written foundational opinions that have established Navajo common law and throughout his legal career has recognized the benefit of tribal customs and traditions as tools of restorative justice In Navajo Courts and Navajo Common Law Justice Austin considers the history and implications of how the Navajo Nation courts apply foundational Navajo doctrines to modern legal issues He explains key Navajo foundational concepts like H zh harmony K peacefulness and solidarity and K kinship both within the Navajo cultural context and using the case method of legal analysis as they are adapted and applied by Navajo judges in virtually every important area of legal life in the tribe In addition to detailed case studies Justice Austin provides a broad view of tribal law documenting the development of tribal courts as important institutions of indigenous self governance and outlining how other indigenous peoples both in North America and elsewhere around the world can draw on traditional precepts to achieve self determination and self government solve community problems and control their own futures

Navajo Sovereignty Lloyd L. Lee, 2017-04-11 The last few decades have given rise to an electrifying movement of Native American activism scholarship and creative work challenging five hundred years of U S colonization of Native lands Indigenous communities are envisioning and building their nations and are making decolonial strides toward regaining power from colonial forces The Navajo Nation is among the many Native nations in the United States pushing back In this new book Din author Lloyd L Lee asks fellow Navajo scholars writers and community members to envision sovereignty for the Navajo Nation He asks 1 what is Navajo sovereignty 2 how do various Navajo institutions exercise sovereignty 3 what challenges does Navajo sovereignty face in the coming generations and 4 how did individual Din envision sovereignty Contributors expand from the questions Lee lays before them to touch on how Navajo sovereignty is understood in Western law how various institutions of the Navajo Nation exercise sovereignty what challenges it faces in coming generations and how individual Din envision power authority and autonomy for the people A companion to Din Perspectives Revitalizing and

Reclaiming Navajo Thought each chapter offers the contributors individual perspectives The book which is organized into four parts discusses Western law s view of Din sovereignty research activism creativity and community and Navajo sovereignty in traditional education Above all Lee and the contributing scholars and community members call for the rethinking of Navajo sovereignty in a way more rooted in Navajo beliefs culture and values Contributors Raymond D Austin Bidtah N Becker Manley A Begay Jr Avery Denny Larry W Emerson Colleen Gorman Michelle L Hale Michael Lerma Leola Tsinnajinnie *Comics and Conquest* Rhiannon Koehler,2023-11-21 The untold story of Navajo and Hopi resistance and solidarity in the face of forced removal by the US government as documented by tribal editorial cartoons For generations US politicians and energy companies attempted to gain access to the coal and uranium in the Four Corners region where Arizona New Mexico Colorado and Utah meet The land on which they found billions of tons of high grade coal in 1909 however was reserved for the Navajo Din and Hopi peoples and not accessible to extractive enterprise Despite Din and Hopi protests US officials gained access to the coal rich land on Black Mesa in Arizona by purposely fabricating and fueling conflict between the Din and the Hopi In *Comics and Conquest* historian Rhiannon Koehler documents the story of this conflict through an engaging analysis of historical Navajo and Hopi editorial cartoons Despite the false narrative that the conflict was driven by inter tribal animosity and that the subsequent forced removals of thousands of Indigenous peoples were part of a plan to keep the peace the cartoons that Koehler shares reveal a rich history of artistic activism and Hopi Din solidarity against this land grab The content and claims featured in political cartoons published in the tribal newspapers *Qua Toqti* and the *Navajo Times* in the late 1960s and early 1970s were some of the most critical tools for both coping with the threats of industry and exposing the history of exploitation as it carries on into the present The conflict popularly known as the Navajo Hopi Land Dispute was presented in mainstream media as an egregious threat to US interests Acutely aware of their land s value and the minerals and other resources on it Din and Hopi political cartoonists used their medium to assert their protest and agency identify the true instigators of the dispute and expose and counter the myth that the conflict had intertribal origins Koehler shows how tribal activism and media ultimately resulted in international recognition of the harms perpetrated by the federal government on Din and Hopi soil *Navajo Nation Peacemaking* Marianne O. Nielsen,James W. Zion,2005-09 Describes and analyzes the Navajo peacemaking tradition of restorative justice in which all participants are treated as equals with the purpose of preserving ongoing relationships and restoring harmony among involved parties *Diné* Peter Iverson,2002-08-28 This comprehensive narrative traces the history of the Navajos from their origins to the beginning of the twenty first century Based on extensive archival research traditional accounts interviews historic and contemporary photographs and firsthand observation it provides a detailed up to date portrait of the Din past and present that will be essential for scholars students and interested general readers both Navajo and non Navajo As Iverson points out Navajo identity is rooted in the land bordered by the four sacred mountains At the same time the Navajos have always incorporated

new elements new peoples and new ways of doing things The author explains how the Din remember past promises recall past sacrifices and continue to build upon past achievements to construct and sustain North America s largest native community Provided is a concise and provocative analysis of Navajo origins and their relations with the Spanish with other Indian communities and with the first Anglo Americans in the Southwest Following an insightful account of the traumatic Long Walk era and of key developments following the return from exile at Fort Sumner the author considers the major themes and events of the twentieth century including political leadership livestock reduction the Code Talkers schools health care government economic development the arts and athletics Monty Roessel Navajo an outstanding photographer is Executive Director of the Rough Rock Community School He has written and provided photographs for award winning books for young people *A History of Navajo Nation Education* Wendy Shelly Greyeyes,2022-03 On the heels of the fiftieth anniversary of the founding of the Department of Din Education this important education history explains how the current Navajo educational system is a complex terrain of power relationships competing agendas and jurisdictional battles influenced by colonial pressures and tribal resistance In providing the historical roots to today s challenges Wendy Shelly Greyeyes clears the path and provides a go to reference to move discussions forward
