Mrozek,1988 This book probes various groups of Americans as they come to grips with the consequences of the Vietnam War Dr Mrozek examines several areas of concern facing the United States Air Force and the other services in varying degrees in the years after Vietnam *Warfighting and Disruptive Technologies* Terry Pierce,2004-08-05

Occasionally during times of peace military forces achieve major warfighting innovations Terry Pierce terms these developments disruptive innovations and shows how senior leaders have often disguised them in order to ensure their innovations survived He shows how more common innovations however have been those of integrating new technologies to help perform existing missions better and not change them radically The author calls these sustaining innovations The recent innovation history suggests two interesting questions First how can senior military leaders achieve a disruptive innovation when they are heavily engaged around the world and they are managing sustaining innovations Second what have been the external sources of disruptive and sustaining innovations This book is essential reading for professionals and students interested in national security military history and strategic issues
