Naval Warfare An Illustrated History:

Naval Warfare Richard Humble, 2003-04-03 Sea power has had a profound effect on the history of the world through its influence in the rise and fall of nations It is won and maintained by ships by seamen by the acceptance and use of the developing technology of the time and by prowess in battle an amalgam of human courage and leadership The despatch of the British task force to the Falklands as recently as 1982 served to highlight the continuing importance of conventional naval power even in this nuclear age This is a book about naval warfare which deals with the significant campaigns of naval history the decisive battles in those campaigns and includes biographical sketches of the principal naval leaders who directed and fought those battles These are linked together with penetrating introductions to each new era of naval evolution explaining the changes wrought in strategy and tactics by the development of new naval technology *Naval Warfare Handbook* Richard Humble, 2004-04-01 The most comprehensive history of naval warfare **Historic Houses And Gardens** , **Naval Warfare; an Illustrated History. Edited by R. , Naval Warfare** Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, 1986-09-01 **Naval Warfare** , 2002 *Anti-submarine Warfare* David Owen, 2007 The author of more than twenty books on scientific and historical subjects David Owen presents an authoritative yet highly readable account of the ongoing battle between naval forces above and below the sea's surface Without question the submarine was the most potent purely naval weapon of the twentieth century yet the fact that it was usually defeated is an important part of the story described in this book With the support of nearly 200 illustrations the author examines both the successful innovations and the inevitable counter measures made by each side in their lethal struggle for supremacy Known for picking just the right incident to illustrate a point Owen fills his book with examples of individual heroism and devotion to duty along with accounts of the ingenuity originality of tactical thought and technological advances to provide a complete picture He shows clearly that development was not a straight line wrong ideas and assumptions sometimes led to defeat and disaster Concluding the book is a survey of recent ASW developments carried out by teams of scientists engineers commanders and crews of ASW aircraft ships and other submarines working together to defeat the current threat of hostile raiders who hide in the ocean depths *Naval War College Illustrated History and Guide* John E.
