Navigating Boundaries Brenda Marshall, Molly A. Mayhead, 2000-06-30 Marshall Mayhead and their contributors explore the discourse women use to negotiate political boundaries The analysis based on the study of five governors Nellie Tayloe Ross Martha Layne Collins Ann Richards Barbara Roberts and Christine Todd Whitman illustrates that women bring issues of caring empowerment family and inclusivity to the office These issues contrast sharply with traditional male centered ideologies and give renewed vigor to a revised moral point of view in contemporary politics The essays also demonstrate that women governors must still work within the traditional societal constructs for women Yet at the same time they need to create new paradigms that redefine women s roles and exemplify that woman s place is in the private sphere and the public political arena The work examines the common obstacles these women faced despite differences in era political affiliation geographic location and ideologies Simply by being elected each woman operated within a public private sphere duality she struggled to overcome Each woman recognized that she needed to craft appropriate rhetorical strategies to succeed in office while not abandoning the unique values and perspectives she brought to the statehouse The essays contend that women serving in the governorship resculpt the face of the office restructure the political landscape and redefine women s roles The volume will be of particular value to students and scholars dealing with issues of public address and rhetorical criticism women s communication political communication and women in politics

Governing Codes Karrin Vasby Anderson, Kristina Horn Sheeler, 2005-08-23 Familiar narratives and simplistic stereotypes frame the representation of women in U S politics Pervasive containment rhetorics such as the distinction between women as mothers and caregivers and men as rational thinkers create unique hurdles for any woman seeking public office While these governing codes generally act to constrain female political power they can also be harnessed as a resource depending on the particular circumstances e g party affiliation geographic location and personal style One of these governing codes the metaphor is an especially powerful tool in politics today particularly for women By examining the political careers of four of the most prominent and influential women in contemporary U S politics_ Democrats Ann Richards and Hillary Rodham Clinton and Republicans Christine Todd Whitman and Elizabeth Dole_ Karrin Vasby Anderson and Kristina Horn Sheeler illustrate how metaphors in public discourse may be both familiar narratives to embrace and boundaries to overturn
