Odd Man Out A Memoir Of The Hollywood Ten:

Odd Man Out Edward Dmytryk, 1996 Dmytryk describes the activities prejudices and personal behaviors of all the parties enmeshed in the congressional hearings on communism in Hollywood His reactions to other members of the Hollywood Ten and his recollection of conversations with them lend his book an immediacy that is not only informative but also absorbing Most importantly he does not uphold an ideology but rather presents the events as he perceived them understood them and responded to them *The Final Victim of the Blacklist* Gerald Horne, 2006 John Howard Lawson was one of the most brilliant successful and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s This biography of Lawson features many of his prominent friends and associates including John Dos Passos Theodore Dreiser F Scott Fitzgerald Charles Chaplin Gene Kelly Edmund Wilson and others **Here's Looking at You** Ernest D. Giglio, 2005 Here s Looking at You Hollywood Film Politics examines the tangled relationship between politics and Hollywood which manifests itself in celebrity involvement in political campaigns and elections and in the overt and covert political messages conveyed by Hollywood films The book s findings contradict the film industry s assertion that it is simply in the entertainment business and examines how while the majority of Hollywood films are strictly commercial ventures hundreds of movies ranging from Birth of a Nation to Fahrenheit 9 11 do indeed contain political messages Here s Looking at You serves as a basic text for political film courses and as a supplement in American government and film studies courses and will also appeal to film buffs and people in the film industry *Hollywood* Mark Wheeler, 2019-07-25 At the beginning of the 21st century the US film industry had overtaken aeronautics and car industries to become one of the highest exporters of American products Mark Wheeler s important new book provides both a political history of Hollywood and a reflection on the relationship between cinema and politics in America from 1900 to the present day Wheeler considers the interplay between the movies studios state and national government and cultural policy and legislation with case studies of the censorship that followed in the wake of the Hays Code 1930 and the investigations of the House Committee of Un American Activities HUAC in the 1950s that led to the notorious blacklisting of alleged or known Communist sympathisers His history of political constituencies within Hollywood ranges from the conservative right to the liberal and the communist left from trades unionists to movie moguls The book concludes with a look at the politics of show business addressing links between Hollywood and political activism films such as The Candidate and Bulworth that have themselves engaged with the political process and considering the irony that despite the fact that Hollywood is perceived as a bastion of liberalism the two most famous actors turned politicians have been Ronald Reagan and Arnold Schwarzenegger *American Betrayal* Diana West, 2013-05-28 Uncover the shocking truth about America s hidden history during World War II and the Cold War in Diana West s groundbreaking book American Betrayal In this real life thriller and national tragedy West digs deep to expose a body of lies that Americans have been led to regard as the near sacred history of World War II and its Cold War aftermath American Betrayal illuminates the massive Moscow

directed penetration of America's most hallowed halls of power revealing not just the familiar struggle between Communism and the Free World but the hidden war between those wishing to conceal the truth and those trying to expose the increasingly official web of lies American Betrayal is America's lost history chronicling the battle between American icons like Franklin Delano Roosevelt Harry Truman and Dwight David Eisenhower who shielded overlapping Communist conspiracies and the investigators politicians and defectors including Senator Joseph McCarthy who tried to tell the American people the truth West argues that America's moral surrender to deception and self deception during this era sent us down the long road to moral relativism political correctness and other cultural ills that have left us unable to ask the hard questions American Betrayal shatters the approved histories of an era bringing down a new understanding of our past our present and how we have become a nation unable to know truth from lies

The Hollywood Motion Picture Blacklist

Larry Ceplair, 2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process

'Un-American' Hollywood Peter Stanfield, Frank Krutnik, Brian Neve, Steve Neale, 2007-12-27 The concept of un Americanism so vital to the HUAC crusade of the 1940s and 1950s was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks Today's political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated Un American Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left In a series of fresh case studies focusing on contexts of production and reception the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media

well as letters memoranda and other archival materials to elucidate what was at issue in the case William Bruce Johnson also analyzes the social cultural and religious elements that form the background of this complex and hard fought controversy focusing particularly on the fundamental role played by the Catholic Church in the history of film censorship Tracing the development of the Church in the United States Johnson discusses the reasons it found *The Miracle* sacrilegious and how it attained the power to persuade civil authorities to ban it The Court's decision was not only a milestone in the law of church state relations but it paved the way for a succession of later decisions which gradually established a firm legal basis for freedom of expression in the arts
