Otto Skorzeny Stuart Smith,2018-09-20 This first book to reassess the myth and the realities of Otto Skorzeny Hitler s favourite commando SS Obersturmbannführer Otto Skorzeny became a legend in his own time Hitler s favourite commando acquired a reputation as a man of daring renowned for his audacious 1943 mission to extricate Mussolini from a mountain top prison Skorzeny s influence on special operations doctrine was far reaching and long lasting in 2011 when US Navy SEALs infiltrated Pakistan to eliminate Osama Bin Laden the operational planning was influenced by Skorzeny s legacy Yet he was also an egoist who stole other men s credit including for the seminal rescue of Mussolini brave and resourceful but also an unrepentant Nazi and a self aggrandizing hogger of the limelight Stuart Smith draws on years of in depth research to uncover the truth about Skorzeny s career and complex personality From his background as a student radical in Vienna to his bloody service with the Waffen SS on the Eastern Front his surprise rebirth as a commando and his intriguing post war career and mysterious fortune this book tells Otto Skorzeny s story in full warts and all for the first time

Peiper's War Danny S Parker,2020-04-29 A bad reputation has its commitments So wrote home Jochen Peiper from the fighting front in the East in 1943 characterizing his battle hardened command during the Second World War Peiper s War is a new serious work of military history by the renowned author Danny S Parker which presents a unique view off the Second World War as seen from a prominent participant on the dark side of history The story follows the wartime career of Waffen SS Colonel Jochen Peiper a handsome Aryan prodigy who was considered a hero in the Third Reich Peiper had been Heinrich Himmler s personal adjutant in the early years of the war and having procured a field command in Hitler s namesake fighting force the Leibstandarte Adolf Hitler he become famous for a flamboyant and brutal style of warfare on the Eastern Front There in his sphere few prisoners were taken and motives of racial genocide were never far from unspoken orders Transferred to the west Peiper s battlegroup incinerated a tiny town in Northern Italy and killed the village mayor and priest Being well connected to Himmler and other generals of the period Peiper finds a place in the narrative as a storied witness to the inner workings of the Nazi elite along with other prominent SS officers such as Kurt Meyer In this meticulously researched work we witness the apex and then death spiral of Nazi military intentions as Peiper fights for Germany across every front in the conflict Peiper s War provides a telling inside look at Hitler s war and then how the dark secrets of his security minded command were improbably unearthed at the end of the conflict by an obscure top secret surveillance facility in the United States

The Extermination of the European Jews Christian Gerlach,2016-03-17 A major new interpretation of the Holocaust contextualizing the destruction of the Jews within Nazi violence against other groups

Bloodlands Timothy Snyder,2012-10-02 From the author of the international bestseller *On Tyranny* the definitive history of Hitler s and Stalin s

politics of mass killing explaining why Ukraine has been at the center of Western history for the last century Americans call the Second World War the Good War But before it even began America's ally Stalin had killed millions of his own citizens and kept killing them during and after the war Before Hitler was defeated he had murdered six million Jews and nearly as many other Europeans At war's end German and Soviet killing sites fell behind the Iron Curtain leaving the history of mass killing in darkness Assiduously researched deeply humane and utterly definitive *Bloodlands* is a new kind of European history presenting the mass murders committed by the Nazi and Stalinist regimes as two aspects of a single story With a new afterword addressing the relevance of these events to the contemporary decline of democracy *Bloodlands* is required reading for anyone seeking to understand the central tragedy of modern history and its meaning today *To Walk with the Devil* Gregor J. Kranjc, 2013-02-22 In the spring of 1941 when Slovenia was invaded by Germany Italy and Hungary Slovenes faced at best assimilation and at worst deportation or extermination Still a significant number of Slovenes would eventually collaborate with the Axis powers Why were they so ready to work with their invaders and why did the occupiers permit this collaboration Gregor Joseph Kranjc investigates these questions in *To Walk with the Devil* the first English language book length account of Slovene Axis collaboration during the Second World War Examining archival material and post war scholarly and popular literature Kranjc describes the often sharp divide between Communist era interpretations of collaboration and those of their migr anti Communist opponents Kranjc situates this divide in the vicious civil war that engulfed Slovenia during its occupation a conflict that witnessed at its bloody climax the execution of over 10 000 Slovene collaborators and opponents of the new Communist Yugoslav regime in the wake of liberation *To Walk with the Devil* makes clear how these grisly events continue to ripple through Slovene society today *Holocaust Heroes* Mark Felton, 2016-09-19 This inspiring book examines the often incredible and nearly always tragic examples of Jewish resistance in ghettos and concentration camps during the Nazis Final Solution It shows that the Warsaw Uprising in Poland during April to May 1944 was not the only occasion of defiant opposition Throughout the Nazis extermination programme Jews and other prisoners fought back against their murderers often with stunning results The Germans were nearly always taken by surprise by the sudden emergence of armed Jewish resistance and often paid dearly This happened in ghettos and concentration camps including Treblinka Auschwitz Syreks and Sobibor throughout Poland and the Ukraine Some Jews tried to stop the machinery of the Holocaust by rising up and destroying the gas chambers while others bravely tried to take over an extermination camp and escape en masse In virtually every case the brave men and women who volunteered to fight back paid with their lives Importantly these men and women are not just portrayed as victims but also as brave and resourceful fighters and resisters against their tragic fate These are stories that are uplifting inspiring and often profoundly moving **Female Administrators of the Third Reich** Rachel Century, 2017-08-10 This book compares female administrators who specifically chose to serve the Nazi cause in voluntary roles with those who took on such work as a progression of established careers

Under the Nazi regime secretaries SS Helferinnen female auxiliaries for the SS and Nachrichtenhelferinnen des Heeres female auxiliaries for the army held similar jobs taking dictation answering telephones sending telegrams Yet their backgrounds and degree of commitment to Nazi ideology differed markedly The author explores their motivations and what they knew about the true nature of their work These women had access to information about the administration of the Holocaust and are a relatively untapped resource Their recollections shed light on the lives love lives and work of their superiors and the tasks that contributed to the displacement deportation and death of millions The question of how gender intersected with Nazism repression atrocity and genocide forms the conceptual thread of this book **Between the Wires**
