Oedipus Tyrannus Of Sophocles:

Oedipus Tyrannus Sophocles, 2000-02-01 Peter Meineck and Paul Woodruff's collaboration on this new translation combines the strengths that have recently distinguished both as translators of Greek tragedy: expert knowledge of the Greek and of the needs of the teaching classicist; intimate knowledge of theatre and an excellent ear for the spoken word. Their *Oedipus Tyrannus* features foot of the page notes, an Introduction, stage directions, and a translation characterized by its clarity, accuracy, and power.

Oedipus Rex Sophocles, 1991 One of the greatest of the classic Greek tragedies and a masterpiece of dramatic construction. Catastrophe ensues when King Oedipus discovers he has inadvertently killed his father and married his mother. Masterly use of dramatic irony greatly intensifies impact of agonizing events. Sophocles' finest play. *Oedipus Rex* ranks as a towering landmark of Western drama. A selection of the Common Core State Standards Initiative.

Oedipus the King Sophocles, 2012-12-18 The famed Athenian tragedy in which Oedipus's own faults contribute to his tragic downfall. A great masterpiece on which Aristotle based his aesthetic theory of drama in the *Poetics* and from which Freud derived the Oedipus complex. King Oedipus puts out a sentence on the unknown murderer of his father Laius. By a gradual unfolding of incidents, Oedipus learns that he was the assassin and that Jocasta, his wife, is also his mother. Oedipus Rex Sophocles, 2023-07-18 AN EPIC TRAGEDY WIDELY CONSIDERED TO BE A MASTERPIECE. *Oedipus Rex*, Sophocles' finest play, is considered by many to be the greatest of the classic Greek tragedies. First produced sometime around 429 BC, it exhibits near-perfect harmony of character and action and is a work of extraordinary power which has circulated throughout world culture for thousands of years. After Laius, King of Thebes, learns from an oracle that he is doomed to perish by the hand of his own son, he orders his wife Jocasta to kill his newly born son. Unable to do it, Jocasta entrusts a servant with the task; instead, who takes the baby to a mountaintop and leaves him to die of exposure. A passing shepherd rescues the baby and names him Oedipus, taking him to Corinth where he is raised by the childless King Polybus as if it were his own. When Oedipus learns that he is not the biological son of Polybus, he seeks the counsel of the Oracle of Delphi, who relates to him that he is doomed to kill his father and marry his mother. The play is a unique combination of a murder mystery, a political thriller, and a psychological whodunit. This ironic story of patricide and incest tells how Oedipus

who has become King of Thebes in order to stop a plague in his kingdom is determined to find and punish the former king's assassin only to learn that the murderer is himself At the end of the play after this truth comes to light the queen Jocasta hangs herself while Oedipus horrified at his patricide and incest gouges out his own eyes in despair Oedipus the King
