Of Marriage And The Market Womens Subordination Internationally And Its Lessons:

Of Marriage and the Market Kate Young, Carol Wolkowitz, Roslyn McCullagh, 2023-07-05 Despite the vast difference between first and third world societies the subordination of women to men seems to be a universal fact Originally published in 1984 the chapters in this book look specifically at the marital bond contract and locate the subordination of women in terms of that contract Others examine the development and expansion of market relations and show how that affects marital relations husbands control over wives men s over women

The Trouble with Marriage Srimati Basu, 2015-01-03 The Trouble with Marriage is part of a new global feminist jurisprudence around marriage and violence that looks to law as strategy rather than solution In this ethnography of lawyer free family courts and mediations of rape and domestic violence charges in India Srimati Basu depicts everyday life in legal sites of marital trouble reevaluating feminist theories of law marriage violence property and the state Basu argues that alternative dispute resolution originally designed to empower women in a less adversarial legal environment has created new subjectivities but paradoxically has also reinforced oppressive socioeconomic norms that leave women no better off individually or collectively

A Companion to Feminist Geography Lise Nelson, Joni Seager, 2025-07-28 A Companion to Feminist Geography captures the breadth and diversity of this vibrant and substantive field Shows how feminist geography has changed the landscape of geographical inquiry and knowledge since the 1970s Explores the diverse literatures that comprise feminist geography today Showcases cutting edge research by feminist geographers Charts emerging areas of scholarship such as the body and the nation Contributions from 50 leading international scholars in the field Each chapter can be read for its own distinctive contribution

Cultures in Contact Dirk Hoerder, 2002-11-21 A landmark work on human migration around the globe Cultures in Contact provides a history of the world told through the movements of its people It is a broad pioneering interpretation of the scope patterns and consequences of human migrations over the past ten centuries In this magnum opus thirty years in the making Dirk Hoerder reconceptualizes the history of migration and immigration establishing that societal transformation cannot be understood without taking into account the impact of migrations and indeed that mobility is more characteristic of human behavior than is stasis Signaling a major paradigm shift Cultures in Contact creates an English language map of human movement that is not Atlantic Ocean based Hoerder describes the origins causes and extent of migrations around the globe and analyzes the cultural interactions they have triggered He pays particular attention to the consequences of immigration within the receiving countries His work sweeps from the eleventh century forward through the end of the twentieth when migration patterns shifted to include transpacific migration return migrations from former colonies refugee migrations and distinct regional labor migrations in the developing world Hoerder demonstrates that as we enter the third millennium regional and intercontinental migration patterns no longer resemble those of previous centuries They have been transformed by new communications systems and other forces of globalization and transnationalism

Global Maya Liliana R.

Goldín,2011-04-15 In the central highland Maya communities of Guatemala the demands of the global economy have become a way of life This book explores how rural peoples experience economic and cultural change as their country joins the global market focusing on their thoughts about work and sustenance as a way of learning about Guatemala s changing economy For more than a decade Liliana Gold n observed in highland towns both the intensification of various forms of production and their growing links to wider markets In this first book to compare economic ideology across a range of production systems she examines how people make a living and how they think about their options practices and constraints Drawing on interviews and surveys even retellings of traditional narratives she reveals how contemporary Maya respond to the increasingly globalized yet locally circumscribed conditions in which they work Gold n presents four case studies cottage industries devoted to garment production vegetable growing for internal and border markets reached through direct commerce crops grown for export and wage labor in garment assembly factories By comparing generational and gendered differences among workers she reveals not only complexities of change but also how these complexities are reflected in changing attitudes understandings and aspirations that characterize people s economic ideology Further she shows that as rural people take on diverse economic activities they also reinterpret their views on such matters as accumulation cooperation competition division of labor and community solidarity Global Maya explores global processes in local terms revealing the interplay of traditional values household economics and the inescapable conditions of demographic growth a shrinking land base and a global economy always looking for cheap labor It offers a wealth of new insights not only for Maya scholars but also for anyone concerned with the effects of globalization on the Third World Courtyards, Markets, City Streets Kathleen Sheldon,2018-03-08 Although women have long been active residents in African cities explorations of their contributions have been marginal This volume brings women into the center of the urban landscape using case studies to illustrate their contributions to family community work and political life The book begins with a rich introduction that discusses how women s work in trade and agriculture has been the foundation of African urbanization The contributors then focus on patterns of migration and urbanization with an emphasis on the personal and social issues that influence the decision to migrate from rural areas women s employment in varied activities from selling crafts to managing small businesses the sometimes unavoidable practice of prostitution when options are limited the emergence of complex new family formations deriving from access to courts and the continued strength of polygyny and women s participation in community and political activities The volume includes material from all regions of sub Saharan Africa and brings together scholars from all the social sciences **The Women, Gender and Development Reader** Nalini Visvanathan,Lynn Duggan,Nan Wiegersma,Laurie Nisonoff,2011-11-25 The Women Gender and Development Reader II is the definitive volume of literature dedicated to women in the development process Now in a fully revised second edition the editors expertly present the impacts of social political and economic change by reviewing such topical issues as migration persistent

structural discrimination the global recession and climate change Approached from a multidisciplinary perspective the theoretical debates are vividly illustrated by an array of global case studies This now classic book has been designed as a comprehensive reader presenting the best of the now vast body of literature The book is divided into five parts incorporating readings from the leading experts and authorities in each field The result is a unique and extensive discussion a guide to the evolution of the field and a vital point of reference for those studying or with a keen interest in women in the development process

History, Power, Ideology Donald L. Donham, 2023-09-01 Is Marxism a reflection of the conceptual system it fights against rather than a truly comprehensive approach to human history Drawing on recent work in anthropology history and philosophy Donald Donham confronts this problem in analyzing a radically different social order the former Maale kingdom of southern Ethiopia Unlike capitalist societies wherein inequality is organized by contracts between free individuals in Maale powerful men were thought to beget others through control of biological fertility and material fortune Donham scrutinizes this unusual system of domination in order to sharpen issues in social and cultural theory He concludes that the interpretation of symbols and analysis of historical contingency should be crucial steps in any Marxist investigation The result is a provocative and original re reading of the Marxist tradition and a spirited defense of its continued vitality and relevance Every once in a while there appears a book that opens up new ways of inquiring into the ways of the world Donald Donham has written such a book The style is quiet and judicious but the effect is stunning In putting inherited partisan approaches to the test of explaining the realities of Maale society and culture Donham enriches anthropology and imparts new vigor to the analytical Marxian traditions History Power Ideology embodies a major accomplishment From the Foreword Is Marxism a reflection of the conceptual system it fights against rather than a truly comprehensive approach to human history Drawing on recent work in anthropology history and philosophy Donald Donham confronts this problem in analyzing a radically

A Feminist Glossary of Human Geography Linda McDowell, Joanne P Sharp, 2014-05-01 A Feminist Glossary of Human Geography is the first guide to the main theories concepts and terms commonly used in geographical debates about gender relations Written by key contributors to feminist theory it contains over 400 lively and accessible definitions of the terms found in feminist debates which students of geography need to know Four levels of entry are used from 50 to 1500 words taking account of the varying degrees of complexity of the terms covered From AIDS to witch from abortion to whiteness this Glossary is cross referenced throughout and includes a comprehensive bibliography It is an invaluable reference for anyone studying geography and gender enabling them to approach the terminology of feminist theory and ideas with confidence

Gender, China and the World Trade Organization Günseli Berik, Xiao-yuan Dong, Gale Summerfield, 2013-09-13 China's joining the World Trade Organization at the end of 2001 signifies a milestone in the country's global integration after two decades of economic reforms that have fundamentally transformed the economic organization of China This collection seeks to identify the gendered implications within China of the country's transition from socialism to

a market economy and its opening up to international trade and investment The changes have created greater wealth for some while at the same time serious gender class ethnic and regional disparities have also emerged Drawing from historical analytical and policy oriented work the essays in this collection explore women s well being relative to men s in rural and urban China by looking at land rights labor market status and labor rights household decision making health the representation of women in advertising and beauty pageants This book was previously published as a special issue of the journal *Feminist Economics* the official journal of the International Association for Feminist Economics IAFEE All contributions have been subjected to the journal s rigorous peer review process and comply with the journal s editorial policies as overseen by the editor Diana Strassmann and the journal s editorial team including the associate editors the editorial board numerous volunteer reviewers and the journal s in house editorial staff and freelance style editors The special issue and book have been made possible by the generous financial support of Rice University and the Ford Foundation Beijing
