Management of HUD-insured Multifamily Projects Under Section 221(d)(3) and Section 236 of the National Housing Act, 1971 **The Allocation of Limited Entrepreneurial Attention** Sharon Gifford, 2012-12-06 The Allocation of Limited Entrepreneurial Attention examines the implications of allocating limited entrepreneurial attention among activities or projects This book maintains that attention is simultaneously limited in that a decision maker can pay attention to only one thing at a time and entrepreneurial in that it may be allocated to evaluating a potential new project for possible adoption However since the outcome of the allocation of attention is not certain the number of projects among which attention can be allocated is stochastic and the maximum number of projects is endogenously determined by the optimal allocation of limited entrepreneurial attention and describes the implications of this analysis for a number of economic problems *A Study of NSF Teacher Enhancement Program (TEP) Participants and Principal Investigators, 1984-1989: Technical report*, 1993 A Decade of Research on School Principals Helene Ärlestig, Christopher Day, Olof Johansson, 2015-11-13 This book provides a unique map of the focus and directions of contemporary research on school leadership since 2000 in 24 countries Each of these directions has its own particular cultural educational and policy history Taken together the various chapters in the volume provide a rich and varied mosaic of what is currently known and what is yet to be discovered about the roles and practices of principals and their contributions to the improvement of teaching and the learning and achievement of students The particular foci and methodological emphases of the research reported illustrate the different phases in the development of educational policies and provision in each country This collection is an important addition to existing international research that has shown beyond any reasonable doubt that the influence of school principals is second only to that of teachers in their capacity to impact students progress and achievement and to promote equity and social justice

Department of Housing and Urban Development, and Certain Independent Agencies Appropriations for Fiscal Year 1983 United States. Congress. Senate. Committee on Appropriations. Subcommittee on HUD-Independent Agencies, 1983 **The Application of Contracts in Engineering and Construction Projects** Donald Charrett, 2018-07-04 Written by an engineer and construction lawyer with many years of experience The Application of Contracts in Engineering and Construction Projects provides unique and invaluable guidance on the role of contracts in construction and engineering projects Compiling

papers written and edited by the author it draws together a lifetime of lessons learned in these fields and covers the topics a practicing professional might encounter in such a project developed in bite sized chunks Key topics included are the engineer and the contract the project and the contract avoidance and resolution of disputes forensic engineers and expert witnesses and international construction contracts The inclusion of numerous case studies to illustrate the importance of getting the contract right before it is entered into and the consequences that may ensue if this is not done makes The Application of Contracts in Engineering and Construction Projects essential reading for construction professionals lawyers and students of construction law
