experiences with domestic violence both mentally and physically One of the women Sandy has been abused by her husband for years She felt trapped in a relationship she didn't know how to get out of Does she find a way out If so how far does she let it go You will have to read and find out how it all plays out Reading this book made me sad to realize how much domestic violence goes on everywhere If you are one of them I hope you find the strength and reach out for help to move on Kim P AN EXCERPT FROM IF ALL WOULD UTOPIA He could tell I was lying I don't lie often and when I do I don't do it well My whole marriage is a sham I try to remember I need to channel that and make myself sound more believable than I think I am capable Whatever I should have said when I unexpectedly heard the front door close after lunch I did not say Instead I just blurted into the receiver I said you have the wrong number D mn telemarketers I complained loudly as I quickly stood up from my comfortable position How swiftly I transform my appearance from lounging in the recliner to rigidly starting into my husband's cold eyes I could tell that he had a hunger stirring inside of him and it definitely wasn't for me But I didn't much care For the second time in just over twelve hours we explored each other as if our bodies were part of some uncharted territory we'd never before seen His mind probably reeling him to a realm filled with leggy blondes with fat lips Of perky breasted women who keep their mouths shut and their legs open no doubt Who am I to judge I was in another place myself As the afternoon sun shown brightly through the living room window I mentally escaped to a place with someone new I do feel it is helping me move on to make this upcoming transition possible In between raspy breaths how deeply I yearned for a new life In my imagination I've changed my husband in every single way imaginable But when he leaves is when I'm the happiest of all Anthony got up dressed and wordlessly waltzed out the door as quickly as he had appeared I rolled over still lying naked on the floor and hit redial I apologize profusely that I hung up on you I whispered breathlessly into the receiver I understand Liam replied

**Dispatches from the End of Ice** Beth Peterson, 2019-11-28 The future of the world's ice is at a critical juncture marked by international debate about climate change and almost daily reports about glaciers and ice shelves breaking

oceans rising and temperatures spiking across the globe These changing landscapes and the public discourse surrounding them are changing fast It is science wrought with mystery and for Beth Peterson it became personal A few months after Peterson moved to a tiny village on the edge of Europe s largest glacier things began to disappear The glacier was melting at breakneck pace and people she knew vanished her professor went missing while summiting a volcano in Japan and a friend wandered off a mountain trail in Norway Finally Peterson took a harrowing forty foot fall while ice climbing Peterson s effort to make sense of these losses led to travels across Scandinavia Italy England and back to the United States She visited a cryonics institute an ice core lab a wunderkammer Wittgenstein s cabin and other museums and libraries She spoke with historians guides and scientists in search of answers Her search for a noted glacier museum in Norway led to news that the renowned building had set on fire in the middle of the night before and burned to the ground Dispatches from the End of Ice is part science part lyric essay and part research reportage all structured around a series of found artifacts a map a museum an inventory a book in an attempt to understand the idea of disappearance It is a brilliant synthesis of science storytelling and research in the spirit of essayists like Robert Macfarlane John McPhee and Joni Tevis Peterson s work veers into numerous terrains orbiting the idea of vanishing and the taxonomies of loss both in an unstable world and in our individual lives

**Endgame, Volume 1** Derrick Jensen, 2006-06-06 The long awaited companion piece to Derrick Jensen s immensely popular and highly acclaimed works *A Language Older Than Words* and *The Culture of Make Believe* Accepting the increasingly widespread belief that industrialized culture inevitably erodes the natural world Endgame sets out to explore how this relationship impels us towards a revolutionary and as yet undiscovered shift in strategy Building on a series of simple but increasingly provocative premises Jensen leaves us hoping for what may be inevitable a return to agrarian communal life via the disintegration of civilization itself
