HAUSA FOLK LORE - West African folklore, tales and legends Various, 2009-08 When R Sutherland Rattray joined the School of Anthropology at Exeter College Oxford he had already published Chinyanja Folklore which documented the tales and customs of the Chinyanja of Central Africa He was also quite familiar with several West African languages Therefore on his transfer to West Africa learning about the Hausa language and culture became another string in his already full bow and it was only a matter of time before Hausa Folklore was published However understanding the Hausa culture requires an understanding of Islam itself a task that can seem near insurmountable when the student is from a Western background Hausa Folklore does not claim to stand alone a considerable library of Hausa literature already exists Hausa Folklore is an enrichment of this proud tradition which brings the Western world directly into contact with Hausa culture This volume tells of the origin of the spider of beautiful maidens of how hartebeest came by the teardrops under their eyes of witches of doctors riding hyenas on pilgrimages of the cause of thunder and more Some of these tales are more fairy than legend and others more folk than fairy Each story imparts a clear message about right and wrong while showing what colour and variety lies hidden in the monotone of the Sahara A percentage of the profit from the sale of this book will go towards organisations which offer educational scholarships in Africa So curl up with these unique West African stories from yesteryear with the knowledge that you have helped sponsor the education of an underprivileged African youth
