Offending Women Female Lawbreakers And The Criminal Justice System :

Offending Women Anne Worrall,2002-09-11 Offending Women provides an interesting and useful theoretical analysis of the discourse surrounding women s deviancy Black Women's Experiences of Criminal Justice Ruth Chigwada-Bailey,2003 A personal discourse on the multiple disadvantages of people who are black women and from the margins of society *The Handbook on Female Criminality in the Former Yugoslav Countries* Angelina Stanojoska,Darko Dimovski,Elena Maksimova,2023-06-12 This edited volume is the first volume that researches female criminality in the Balkan region and provides insights about patriarchal relations gender roles and female criminal behavior The chapters provide research and data about crimes committed by females in Serbia North Macedonia Montenegro Bosnia and Hercegovina Croatia and Slovenia The chapters investigate topics such as Long violence Social abuse and discrimination Life trajectories towards criminal behavior Women facing financial stress and dependence and how it relates to crime Women in the criminal justice system Examining the relationship between crime gender and the modernization of Balkan ex Yugoslavian social structure this volume is ideal for interdisciplinary criminology scholars specializing in the Balkans Chapter 3 is available open access under a Creative Commons Attribution 4 0 International License via link springer com *Women Who Offend* Gill McIvor,2004-01-12 Presenting research that will underpin effective practice with women who offend this unique and thought provoking text aims to help professionals meet the needs of this group as well as providing a theoretical resource for policy makers and academics Gender and Justice Frances Heidensohn,2013-01-11 Questions about gender justice and crime are constantly in the public arena whether they focus on young women getting drunk or taking drugs or the rising numbers of women going to prison or committing violent crimes or reports of macho behaviour on the part of men in the military law enforcement or professional sport This book provides a key text for students seeking to understand feminist and gendered perspectives on criminology and criminal justice bringing together the most innovative research and work which has taken the study of the relationship between gender and justice into the twenty first century The book addresses many of the issues of concern to the established feminist agenda such as the gender gap equity in the criminal justice system penal regimes and their impact on women but also shows the ways in which these themes have been extended reinterpreted and answered in new and distinctive ways Organised into sections on gender and offending behaviour gender and the criminal justice system and new concepts and approaches Gender and Justice new concepts and approaches will be essential reading for students taking courses in criminology and criminal justice and anybody else wishing to understand the complex and changing relationship between gender and justice *What Works With Women Offenders* Rosemary Sheehan,Gill McIvor,Chris Trotter,2013-05-13 The number of women prisoners has been growing rapidly during recent years and in many places has more than doubled in the past decade significantly outstripping increases in the number of male prisoners and with particular consequences for minority ethnic black and aboriginal women who constitute disproportionate levels of prison

populations in many countries including Canada the United States the UK and Australia What Works with Women Offenders provides a comprehensive analysis of the issues relating to work with women offenders Chapters are written by academics and professionals with a high degree of expertise in their specific field and its practical focus is designed to make it relevant to those working with women offenders Imprisoning women offenders does not solve the problems that underlie the involvement of women in the criminal justice system and a particular concern of this book is to identify and develop alternative responses that offer appropriate support and intervention to address womens underlying problems and reduce re offending The increase in womens imprisonment is very much an international phenomenon and the book also aims to share knowledge and experiences from different jurisdictions to be shared more widely and for the lessons learnt from good practice to be more widely disseminated

Handbook on Prisons Yvonne Jewkes,2012-08-21 This is the most comprehensive and ambitious book on prisons to have been published a key text for anybody studying the subject and an essential work of reference for practitioners working in prisons and other parts of the criminal justice system It is especially timely in view of the many changes and debates about the role of prisons and their future organisation and management as part of the National Offender Management Service A key aim of the book is to explore a wide range of historical and contemporary issues relating to prisons imprisonment and prison management and to chart likely future trends Chapters in the book are written by leading scholars in the field and reflect the range and depth of prison research and scholarship Like the Handbook of Policing and Handbook of Crime Prevention and Community Safety the Handbook on Prisons will be the essential book on the subject

Criminology Chris Hale,Keith Hayward,Azrini Wahidin,Emma Wincup,2013-06-13 Criminology is a broad ranging and stimulating introduction that is ideal for undergraduates approaching the subject for the first time Each chapter is written by an expert in their field and includes a range of learning features designed to help students engage with the material covered

Gender and punishment in Ireland Lynsey Black,2022-04-19 Gender and punishment in Ireland explores women s lethal violence in Ireland Drawing on comprehensive archival research including government documents press reporting the remnants of public opinion and the voices of the women themselves the book contributes to the burgeoning literature on gender and punishment and women who kill Engaging with concepts such as double deviance chivalry paternalism and coercive confinement the work explores the penal landscape for offending women in postcolonial Ireland examining in particular the role of the Catholic Church in responses to female deviance The book is an extensive interdisciplinary treatment of women who kill in Ireland and will be useful to scholars of gender criminology and history

Feminism and Criminology Ngairé Naffine,2018-03-12 This much needed book is a concise and accessible account of the contribution of feminist thinking to the study of crime Tracing the intellectual history of criminology from its scientific foundations in the nineteenth century to its recent encounters with postmodernism Naffine discusses the ways in which the discipline has established its priorities and values and shows how men became and remain the central interest of

the discipline Criminologists she argues are still reluctant to engage with feminist scholarship which questions their agenda Naffine argues that for several decades feminists from a variety of disciplines have been studying crime producing increasingly refined and sophisticated understandings of the phenomenon Their interests have ranged widely from the effects of masculinity and femininity on the propensity to offend to the ways in which class and race affect the gender dimension of crime They have pursued difficult questions about the nature of knowledge and the meanings of human behaviour in men and women Naffine analyses the treatment of women offenders by the criminal justice system and women as victims of crime especially violent crime and argues for a different understanding of sexual relations between men and women within the crime of rape Finally she examines how feminist detective fiction can enliven and enhance the study of crime Provocative and well argued this timely book will be welcomed by students and researchers in women's studies gender studies criminology sociology and law

Feminist Theories of Crime Merry Morash, 2017-07-05 This collection reimagines the field of criminology with insights gleaned from feminist theory Works included here illustrate that gender is a key organizing principle of social life This means that men and women have gender that patriarchy as well as gender must be theorized and that other systems of oppression such as race and class must also be studied to fully understand the crime problem and the criminal justice system Finally the articles collected here exemplify the feminist concern for thinking consciously about how and why we do our research with the crucial goal of producing knowledge that will promote social justice

International Handbook of Love Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures proves otherwise The authors' revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that's what love does It communicates what it offers what can be and pleads for what

must be I know you'll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer's interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer's interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941/pid/6/type/0>

The SAGE Dictionary of Criminology Eugene McLaughlin, John Muncie, 2005-11-15 If the First Edition was an invaluable guide for students the Second is well nigh indispensable I can think of no better starting point for those wanting a quick fix on any given criminological topic Professor Tony Jefferson Keele University Since its initial publication in 2001 I've steadfastly kept The SAGE Dictionary of Criminology within easy reach of my desk referring to it countless times in writing articles books and lectures I've found it to be a remarkable book a comprehensive dictionary certainly but as much so a significant achievement in intellectual inquiry It may seem odd to say of a dictionary but it really is one of my favourite books the only book that can replace it on my deskside bookshelf is this Second Edition whose new entries confirm the editors grasp of contemporary criminology in all its excitement and complexity Professor Jeff Ferrell Texas Christian University The welcome inclusion of entries on contemporary theoretical and policy concerns ranging from Anti Social Behaviour Eco crime and Emotions through Forensic Anthropology Globalisation Governance and Mentoring to Sex Crime Virtual Criminology and What Works adds to the well established strengths of the first edition The entries all written by established scholars provide a clear concise and critical introduction to criminological concepts and constitute an invaluable resource for all criminology students and academics Professor Hazel Croall Glasgow Caledonian University It is unusual for a dictionary to be interesting but this one manages to be both compelling and useful for faculty and students across a range of disciplines and orientations who are commonly interested in criminology The SAGE Dictionary of Criminology is also distinctive in providing a literally

encyclopaedic compendium of information that has been carefully placed in social cultural and political contexts Professor Lynn Chancer Hunter College City University of New York The list of new entries is quite impressive Once you've read them you start to wonder how come that the First Edition of The SAGE Dictionary of Criminology already felt so complete Dr Ren van Swaaningen Erasmus University Rotterdam Thoughtful evaluations of the key concepts criminologists must think about by quality contributors who include many of the world's leading criminologists Professor John Braithwaite Australian National University The Second Edition of the bestselling SAGE Dictionary of Criminology is the ultimate reference tool for students of criminology and criminal justice It provides an accessible introduction to key theories concepts and topics offering comprehensive guidance through the field The editors have brought together a group of internationally prominent academics and practitioners to produce this definitive reference and research tool Each entry contains a definition of the concept or topic distinctive features offering detailed comment on the concept's origins development and general significance evaluation of those concepts considered to have greatest theoretical weight and lasting legacy associated concepts for cross referencing and mapping connections across various fields and issues key readings to enable the student to take their knowledge further The new edition contains thirty six new entries covering subjects such as anti social behaviour globalization human trafficking and terrorism Selected entries have been revised and updated This comprehensive text is the essential reference point for all students of criminology and criminal justice at all levels Praise for the First Edition The compilers have done criminology a tremendous service This dictionary is an invaluable resource for students and teachers and I'm certain will be a key reference work for years to come Professor Tim Newburn London School of Economics Great dictionaries inform intrigue and investigate McLaughlin and Muncie's perceptive collection does all three The SAGE Dictionary of Criminology is wide and accessible enough to interest anyone concerned with crime the law and the panoply of issues and explanations that surround them This admirable volume will inform guide and contribute to debates in the years ahead Ellis Cashmore Professor of Culture Media and Sport Staffordshire University author of Dictionary of Race and Ethnic Relations and co editor of Dictionary of Cultural Theorists McLaughlin and Muncie have assembled an impressive list of international contributors and have succeeded in putting together a wonderfully entertaining book the Dictionary belongs on every criminologist's bookshelf Professor George Mair Liverpool John Moores University Criminal Justice An International Journal 22 The main strength of the project lies in its attempts at integration of a wide range of themes and theoretical perspectives under one set of covers Professor John Raine University of Birmingham Youth Justice 21 There is a genuine international feel to the compilation as a whole Nowadays such has criminology grown it is barely possible to keep up even in a narrowly defined sub field and a new dictionary is essential Anyway we will all have to read it because our students will What a relief that it is such a pleasure to do so Jason Ditton University of Sheffield British Journal of Criminology 43 2

Convict Voices Anne Schwan, 2014-12-02 In this lively study of the development and transformation of voices of female

offenders in nineteenth century England Anne Schwan analyzes a range of colorful sources including crime broadsides reform literature prisoners own writings about imprisonment and courtroom politics and conventional literary texts such as Adam Bede and The Moonstone Not only does Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts she also provides a carefully historicized approach to the work of feminist recovery Crossing class lines genre boundaries and gender roles in the effort to trace prisoners authors and female communities imagined or real Schwan brings new insight to what it means to locate feminist or protofeminist details arguments and politics In this case she tracks the emergence of a contested and often contradictory feminist consciousness through the prism of nineteenth century penal debates The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences Convict Voices offers a sophisticated approach to interpretive questions of gender genre and discourse in the representation of female convicts and their voices and viewpoints *Exercising Discretion* Loraine

Gelsthorpe, Nicola Padfield, 2012-12-06 The exercise of discretion in the criminal justice system and related agencies often plays a key part in decisions which are made but definitions of discretion are not clear and despite widespread recognition of its importance there is much controversy on its nature and legitimacy This book seeks to explore the importance of discretion to an understanding of the nature of the making of justice in theory and practice taking as its starting point the wide discretionary powers wielded by many of the key players in the criminal justice and related systems It focuses on the core elements and contexts of discretion looking at the power ability authority and duties of individuals officials and organisations to decide select or interpret vague standards requirements or statutory uncertainties **Honouring Social Justice**

Margaret E. Beare, 2008-01-01 These essays provide an illuminating introduction to the background of important social causes and describe dedicated examples of how to effectively champion calls for social justice **Gender, Geography, and Punishment** Judith Pallot, Laura Piacentini, Dominique Moran, 2012-10-04 This book is the first of its kind that brings together human geography and the sociology of punishment to explore the relationship between distance and the punishment in contemporary Russia Using established penological and geographical theories the book presents in depth empirical research to show how the experiences of women prisoners are shaped by the distances that the Russian penal service sends prisoners to serve their sentences Its most eye catching feature is its use of interviews conducted by the authors and their research team with adult and juvenile women prisoners ex prisoners and prison officers in penal facilities in different regions of the Russian Federation between 2006 and 2010 It includes discussion of the impact of Russia s distinctive penal geography on prisoners family relationships how women prisoners sense of place and gender identities are shaped and re shaped on their journey from pre trial facility to correction colony to release and the social hierarchies relationships and practices that characterise Russia s penal institutions for women The authors are both experienced researchers in Russia The book brings together their complementary disciplinary expertise in the development of the concept of coerced mobilization to explore

Russia's punishment culture The book argues that Russia's inherited geography of penalty combined with traditional ideas about women's role that shape the penal service's management of women prisoners add to their pains of imprisonment Crucially the authors show how these factors are constraining the Russian penal service's ability to implement successive reforms aimed at humanizing Russia's notoriously tough prisons Russian imprisonment as it relates to women is they believe an area of significant concern for lawmakers in that country as well as to human rights campaigners geographers interested in space and power and scholars studying the post Soviet system

Critical Perspectives in Forensic Care Tom Mason, Dave Mercer, 1997-11-28 A full and challenging examination of the practice and contextual issues relating to nursing in secure units whether within special hospitals the prison service or more general hospitals Historical and philosophical issues are explored then more practical aspects are discussed

Working with Offenders Gill McIvor, 1996 Contributors to this book review developments in social work practice locating them in the context of changes in U K penal policy David Smith examines the relationship between policy and practice in the Probation Service illustrating how policy has often been preceded by practice initiatives from within the Service George Mair argues that the past 10 years have been a period of unprecedented change characterised by greater accountability and central control Gill McIvor describes developments within social work departments in Scotland particularly the introduction of full central government funding of statutory social work services and the development of associated national objectives and standards Breidge Gadd describes the Northern Ireland Probation Board as characterized by its commitment to a range of community supervision programmes by its customer oriented service delivery and by its links between probation officers and their communities Anne Worrals reports on gender stereotyping of women by the courts women are more likely to be referred for reports and more likely to be placed on probation Duncan Lawrence illustrates how white probation officers' explanations of offending by black clients frequently differ from those offered by the clients themselves and discusses how appropriate groupwork provision for black and other minority clients can be developed Bryan Williams and Anne Creamer describe the increased use of prediction tools despite the fact that aggregate measures are inaccurate in predicting individual behaviour Mary Baker discusses the development of social work services for sex offenders and concludes that cognitive behavioural methods are more successful George Mair describes and discusses the development of the intensive probation movements in England and the United States and drawing on Home Office evaluations of UK projects concludes that intensive probation has been generally successful Hine and Thomas examine the extent to which Community Service orders have met the diverse aims proposed for them Tony Martin reviews the development of reparation and mediation programs in various parts of the world and comments on the difficulties involved in evaluating them Brian Williams looks at the growth of social work services in prisons particularly anger management and sex offender programs and comments on the uncertainty of future prison based probation work In the last chapter Peter Raynor argues for the development of evaluative research methodologies which focus on the process of

intervention and which draw upon a range of outcome measures **Sex and Gender** Alice Sullivan, Selina Todd, 2023-08-25
