Subject Index of Modern Books Acquired British Library,1971 Asian Books News Letter ,1972 **Religious Books and Serials in Print 1978-1979** R.R. Bowker Company. Department of Bibliography,1978-11 **General Catalogue of Printed Books** British Museum. Department of Printed Books,1971 **Books in Print** ,1982 *Culture in a Post-Secular Context* Alan Thomson,2014-05-16 Is culture a theologically neutral concept The contemporary experts on culture anthropologists and sociologists argue that it is Theologians and missiologists would seem to agree given the extent of their reliance on anthropological and sociological definitions of culture Yet this appears a strange reliance given that presumed neutrality in the sciences is a consistently challenged assumption It is stranger still given that so much theological energy has been expended on understanding and defining the human person in specifically theological as opposed to

anthropological terms when culture is in some sense the expression of this personhood in corporate and material forms This book argues that culture is not and has never been a theologically neutral concept rather it always expresses some theological posture and is therefore a term that naturally invites theological investigation Going about this task is difficult however in the face of a longterm reliance on the social sciences that seems to have starved the contemporary theological community of resources for defining culture Against this it is argued that rich subterranean veins for such a task do exist within the recent tradition most notably in the writings of John Milbank Karl Barth and Kwame Bediako Religious Books and Serials in Print, 1980-1981 ,1980
