Procurement Of Health Sector Goods:

Procurement of Health Sector Goods, 2001-01-01 These Standard Bidding Documents SBD and its companion Technical Note TN have been prepared by the World Bank for use by borrowers and their implementing agencies in the procurement of pharmaceuticals vaccines and condoms through international competitive bidding ICB For the purpose of these documents pharmaceuticals also include nutritional supplements and oral and injectable hormonal forms of contraception The procedures and practices presented in these SBD have been developed through broad international experience and are mandatory for use in projects that are financed in whole or in part by the World Bank in accordance with the provisions of the latest edition of Guidelines Procurement under IBRD Loans and IDA Credits The purpose of the TN is to provide background information to the Bank's project staff and borrowers about the complex issues in the procurement of health sector goods and to help them make well informed decisions in each special situation *Procurement of Health Sector*

Goods Wereldbank, 2000 The European Union and Health Services Reinhard Busse, Matthias Wismar, Philip C. Berman, 2002 While most Member States Governments have assumed that they have full responsibility and control over their own health services it is becoming increasingly apparent that the Single European Market is having a substantial impact on health services Recent rulings by the European Court of Justice ECJ have in particular established the freedom of citizens to choose health care goods and services across borders To examine the actual relationship between the SEM and health services this book identifies SEM regulations and directives as well as ECJ decisions which explicitly refer to health services and which therefore have a potential impact on the purchasing supply and delivery of health services evaluates the impact of SEM regulations and ECJ decisions on the purchasing supply and delivery of health services identifies outcomes including both intended and unintended effects of the SEM on Member States health services and develops future scenarios exploring key issues identified in the earlier analysis and evaluation **Procurement of Health Sector Goods**, 2000 Corruption

and Governance in Africa Kempe Ronald Hope, Sr., 2017-01-25 This volume analyzes the corruption phenomenon in Africa and how to combat it from a governance perspective with illustrated case studies from three of the most corrupt of those nations covering respectively the Southern Africa region Swaziland the Eastern Africa region Kenya and the Western Africa region Nigeria Drawing on the available data research literature and field practice experience the nature and extent of corruption are identified the factors influencing the causes and determining the consequences of corruption are delineated measures that have been put in place to control corruption are outlined and discussed and new policy solutions are proposed and advocated to more effectively control the corruption menace in Africa *Promoting Access to Medical Technologies and Innovation - Intersections between Public Health, Intellectual Property and Trade*. World Intellectual Property Organization, World Health Organisation (WHO), World Trade Organisation (WTO), 2020-07-28 This study seeks to reinforce the understanding of the interplay between the distinct policy domains of health trade and intellectual property and of how

they affect medical innovation and access to medical technologies The second edition comprehensively reviews new developments in key areas since the initial launch of the study in 2013 The Law and Economics of Framework Agreements Gian Luigi Albano, Caroline Nicholas, 2016-04-28 Framework agreements have arisen in response to the well documented and high costs of public procurement procedures The agreements have significant potential to improve procedural efficiency in public procurement but are complex to operate Inadequate preparation and implementation can also frustrate their potential both to tackle waste abuse and corruption and to enhance value for money In this enlightening book Gian Luigi Albano and Caroline Nicholas look at the key decisions required for designing and using framework agreements and address both legal and economic issues to give the reader a clear understanding of the planning variables and flexibility needed for efficient implementation This book will be of interest to policy makers lawyers and public procurement practitioners who want to deepen their understanding of the legal and economic issues surrounding framework agreements

WHO Expert Committee on Specifications for Pharmaceutical Preparations WHO Expert Committee on Specifications for Pharmaceutical Preparations, World Health Organization, 2014 The Expert Committee on Specifications for Pharmaceutical Preparations works towards clear independent and practical standards and guidelines for the quality assurance of medicines Standards are developed by the Committee through worldwide consultation and an international consensus building process The following new guidelines were adopted and recommended for use in addition to 20 monographs and general texts for inclusion in The International Pharmacopoeia and 11 new International Chemical Reference Substances The International Pharmacopoeia updating mechanism for the section on radiopharmaceuticals WHO good manufacturing practices for pharmaceutical products main principles Model quality assurance system for procurement agencies Assessment tool based on the model quality assurance system for procurement agencies aide memoire for inspection Guidelines on submission of documentation for prequalification of finished pharmaceutical products approved by stringent regulatory authorities and Guidelines on submission of documentation for a multisource generic finished pharmaceutical product quality part **Legal Aspects of HIV/AIDS**, 2007 This is an invaluable resource for lawyers policy makers and other practitioners with an interest in countries responses to HIV AIDS Legal Aspects of HIV AIDS A Guide for Policy and Law Reform covers 65 wide ranging topics in a concise accessible format explaining how laws and regulations can either underpin or undermine public health programs and responsible personal behavior For each topic the Guide summarizes the key legal or policy issues provides relevant practice examples citing actual laws and regulations and offers a selective list of references that may be consulted for more information Laws relating to many areas of our lives from intimate physical conduct to international travel can contribute to stigma discrimination and exclusion or contrariwise can help remedy these inequities In order to create a supportive legal framework for responding to HIV AIDS it is important that governments effectively address gaps and other problematic aspects in their legislation and regulatory systems This book written by a team of leading legal experts helps

them do so Public Sector Competency-Based Development and Self-Assessment Handbook Emerson J. Alexander Thomas, K. Srinath Reddy, Divya Alexander, Poornima Prabhakaran, 2021-11-22 The health sector is known to be one of the major contributors towards the greenhouse gas emissions causing the climate crisis the greatest health threat of the 21st century This volume positions the health sector as a leader in the fight against climate change and explores the role of the health system in climate policy action It delivers an overview of the linkages between climate change and the health sector with chapters on the impact of climate change on health its connection to pandemics and its effects on food nutrition and air quality while examining gendered and other vulnerabilities It delves into the different operational aspects of the health sector in India and details how each one can become climate smart to reduce the health sector's overall carbon footprint by looking at sustainable procurement green and resilient healthcare infrastructure and the management of transportation energy water waste chemicals pharmaceuticals and plastics in healthcare Well supplemented with rigorous case studies the book will be indispensable for students teachers and researchers of environmental studies health sciences and climate change It will be useful for healthcare workers public health officials healthcare leaders policy planners and those interested in climate resilience and preparedness in the health sector The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **Operations Management for Social Good** Adriana Leiras, Carlos Alberto González-Calderón, Irineu de Brito Junior, Sebastián Villa, Hugo Tsugunobu Yoshida Yoshizaki, 2019-10-14 This volume showcases the presentations and discussions delivered at the 2018 POMS International Conference in Rio Through a collection of selected papers it is possible to review the impact and application of operations management for social good with contributions across a wide range of topics including humanitarian operations and crisis management healthcare operations management sustainable operations artificial intelligence and data analytics in operations product innovation and technology in operations management marketing and operations management service operations and servitization logistics and supply chain management resilience and risk in operations defense and tourism among other emerging Operations Management issues The Production and Operations Management Society POMS is one of the most important and influential societies in the subject of Production Engineering and as an international professional and academic organization represents the interests of professionals and

academics in production management and operations around the world *Trade Therapy* World Bank, World Trade Organization, 2022-08-18 The COVID 19 coronavirus pandemic has exposed the upsides and downsides of international trade in medical goods and services Open trade can increase access to medical services and goods and the critical inputs needed to manufacture them improve quality and variety and reduce costs However excessive concentration of production restrictive trade policies supply chain disruptions and regulatory divergence can jeopardize the ability of public health systems to respond to pandemics and other health crises *Trade Therapy Deepening Cooperation to Strengthen Pandemic Defenses* coordinated by Nadia Rocha and Michele Ruta at the World Bank and Marc Bacchetta and Joscelyn Magdeleine at the World Trade Organization provides new data on trade in medical goods and services and medical value chains surveys the evolving policy landscape before and during the pandemic and proposes an action plan to improve trade policies and deepen international cooperation to deal with future pandemics As the COVID 19 pandemic lingers the focus of policy action is on the response which includes actions aimed at removing bottlenecks and providing government support to promote equitable access to vaccines As the emergency subsides the focus should shift to prevention and preparedness Steps to close information gaps building on the Multilateral Leaders Task Force on COVID 19 the ACT Accelerator and the open markets for example by negotiating tariff reductions on medical goods and greater market access in services should take priority Also important are measures to improve the efficiency of markets which include harmonizing regulation through mutual recognition or equivalence of standards and creating international standards for essential medical goods inputs and production processes Agreement on a crisis rulebook to be deployed during an emergency including clear and agreed limits on export policy flexibility and shared rules on intellectual property flexibilities would provide a more solid policy foundation to address future challenges *Fiscal Management in Russia* Philippe Le Houerou, 1996-01-01 Presents contributions from more than 200 World Bank staff members and consultants on their experiences with participatory approaches to development activities The Sourcebook serves as a reference guide to participatory development featuring country case studies pointers for participatory planning and decisionmaking and ways of enabling the poor to participate It also discusses the role of nongovernmental organizations in this area Annexes include descriptions of methods and summaries of background papers *Introducing E-Procurement in a Local Healthcare Agency* Ada Scupola, 2009 **Better Policies Mexico: Better Policies for Inclusive Development** OECD, 2012-09-15 Drawing on the OECD's expertise in comparing country experiences and identifying best practices this book tailors the OECD's policy advice to the specific and timely priorities of Mexico focusing on how its government can make reform happen *Northern Ireland Yearbook* Michael McKernan, Owen McQuade, 2004-03 The Northern Ireland Yearbook is an invaluable resource for anyone who has any kind of interest in Northern Ireland Users will find expertly prepared political and economic commentary along with a wealth of information on various groups and associations social activity tourism history and the media and entertainment *Public*

Procurement Regulation in (a) Crisis? Sue Arrowsmith, Luke RA Butler, Annamaria La Chimia, Christopher Yukins, 2021-11-04 This timely book provides the first systematic analysis of global public procurement regulation and policy during and beyond the COVID 19 pandemic Through both thematic chapters and national case studies this book explores the adequacy of traditional legal frameworks for emergency procurement examines how governments and international organisations have responded specifically to the pandemic and considers how the experience of the pandemic and the political impetus for reform might be leveraged to improve public procurement more broadly Public procurement has been critical in delivering vital frontline public services both in the health sector and elsewhere with procurement of ventilators protective equipment and new hospitals all hitting the headlines At the same time procurers have faced the challenge of adjusting existing contracts to a new reality where for example some contracted services can no longer operate Further efficient and effective procurement will be an essential and not a luxury in the economic recovery With case studies on Italy the UK the USA India Singapore Africa Latin America and China the book brings together the world s leading academics and practitioners from across Europe the Americas Asia and Africa to examine these issues providing an essential resource for policy makers legislators international organisations and academics This title is include included in Bloomsbury Professional s Local Government Law online service

The Top Books of the Year Procurement Of Health Sector Goods The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
