Torrey, 1897 **Synopsis Papismi, that is, A generall view of papistrie: wherein the whole mysterie of iniquitie, and summe of antichristian doctrine is set downe, which is maintained ... by the synagogue of Rome ... Together with an antithesis of the true Christian faith ... Now this fourth time perused and published by the former Author, and augmented with divers ... additions, etc** Andrew WILLET, 1613 *Backgrounds to Dispensationalism* Clarence B. Bass, 2005-02-03 The purpose of this book is to describe the historical setting out of which dispensationalism has grown to establish what dispensationalism is and to point out its implications for contemporary church life Beginning with a survey of the major features of dispensationalism in relation to the historic beliefs of the church the book then examines the origins of dispensationalism in the thinking of John Nelson Darby What kind of man was Darby What were the circumstances in which his theology was fashioned What were the practical consequences of his theology of the church for his own day Dr Bass offers well founded answers to these questions helping readers make their own evaluations about dispensationalism Dr Bass traces the development of Darby s thought and practice through the Plymouth Brethren movement He clearly demonstrates how Darby not only introduced new theological concepts but new principles of interpretation This emerging system of interpretation with its particular chronology of future events has largely informed the popular Left Behind eschatology In this light it is clear that Bass s discussion of Darbyite dispensationalism is just as relevant as when his book first came out in 1960 This study is the result of an intensive and exhaustive search for accuracy of detail with a fair non argumentative style Those

wishing to do further research will appreciate his classified bibliography regarding dispensational literature **God, Time, and Eternity** W.L. Craig,2001-09-30 In this highly original and ground breaking work the author brings together discussions in the philosophy of time and space philosophy of language phenomenology philosophy of science Special and General Relativity classical cosmology quantum mechanics and so forth with the concerns of philosophy of religion and theology in order to craft a philosophically informed and scientifically tenable doctrine of divine eternity and God s relationship to time
