Experimental Filmmaking and Punk Rachel Garfield,2021-10-21 Just as punk created a space for bands such as the Slits and Poly Styrene to challenge 1970s norms of femininity through a transgressive strident new female ness it also provoked experimental feminist film makers to initiate a parallel lens based challenge to patriarchal modes of film making In this book Rachel Garfield breaks new ground in exploring the rebellious feminist punk audio visual culture of the 1970s tracing its roots and its legacies In their filmmaking and their performed personae film and video artists such as Vivienne Dick Sandra Lahire Betzy Bromberg Ruth Novaczek Sadie Benning Leslie Thornton Abigail Child and Anne Robinson offered a powerful deliberately awkward alternative to hegemonic conformist femininity creating a new punk audio visual aesthetic A vital aspect of our vibrant contemporary digital audio visual culture Garfield argues can be traced back to the techniques and forms of these feminist pioneers who like their musical contemporaries worked in a pre digital analogue modality that

nevertheless influenced the emergent digital audio visual culture of the 1990s and 2000s

**Writing the Black Diasporic City in the Age of Globalization** Carol Bailey, 2022-12-16 Writing the Black Diasporic City in the Age of Globalization theorizes the city as a generative semicircular social space where the changes of globalization are most profoundly experienced The fictive accounts analyzed here configure cities as spaces where movement is simultaneously restrictive and liberating and where life prospects are at once promising and daunting In their depictions of the urban experiences of peoples of African descent writers and other creative artists offer a complex set of renditions of twentieth and twenty first century Black urban citizens experience in European or Euro dominated cities such as Boston London New York and Toronto as well as Global South cities such as Accra Kingston and Lagos that emerged out of colonial domination and which have emerged as hubs of current globalization Writing the Black Diasporic City draws on critical tools of classical postcolonial studies as well as those of globalization studies to read works by Ama Ata Aidoo Amma Darko Marlon James Cecil Foster Zadie Smith Michael Thomas Chika Unigwe and other contemporary writers The book also engages the television series Call the Midwife the Canada carnival celebration Caribana and the film series Small Axe to show how cities are characterized as open complicated spaces that are constantly shifting Cities collapse boundaries allowing for both haunting and healing and they can sever the connection from kin and community or create new connections

Soul Monique Guillory, Richard Green, 1998 No other word in the English language is more endemic to contemporary Black American culture and identity than Soul Since the 1960s Soul has been frequently used to market and sell music food and fashion However Soul also refers to a pervasive belief in the capacity of the Black body spirit to endure the most trying of times in an ongoing struggle for freedom and equality While some attention has been given to various genre manifestations of Soul as in Soul music and food no book has yet fully explored the discursive terrain signified by the term In this broad ranging free spirited book a diverse group of writers artists and scholars reflect on the ubiquitous but elusive concept of Soul Topics include politics and fashion Blaxploitation films language literature dance James Brown and Schoolhouse Rock Among the contributors are Angela Davis Manning Marable Paul Gilroy Lyle Ashton Harris Michelle Wallace Ishmael Reed Greg Tate Manthia Diawara and dream hampton

**Race, Class, and Nationalism in the Twenty-First-Century Caribbean** Scott Timcke, Shelene Gomes, 2024-11 This collection of more than a dozen essays focuses on the political dynamics of race class and nationalism in the contemporary Caribbean Despite the plethora of studies on nationalism in the Caribbean few have attempted to look at the phenomenon as a political invention that does not and cannot serve the interests of all how essentialist reductive overdetermining nationalism is a political and conceptual confusion that forever stalls the project of universal human emancipation Editors Scott Timcke and Shelene Gomes gather and frame chapters that in their collective expression help trace the process of race class and nationalism through the contours of a broader political economic and social geography These chapters argue that notions of racial identity have changed over time but those reformations are not independent of

class rule or nationalism By using several case studies that span the Anglo Dutch French and Spanish Caribbean and focus on the development of political organizations hardships and ideology each of these essays continues the struggle for liberation against elite entrenchment

*Transnational Encounters* Alejandro L. Madrid, 2011-09-29 Through the study of a large variety of musical practices from the U S Mexico border Transnational Encounters seeks to provide a new perspective on the complex character of this geographic area By focusing not only on norte a banda or conjunto musics the most stereotypical musical traditions among Hispanics in the area but also engaging a number of musical practices that have often been neglected in the study of this border s history and culture indigenous musics African

American musical traditions pop musics the authors provide a glance into the diversity of ethnic groups that have encountered each other throughout the area s history Against common misconceptions about the U S Mexico border as a predominant Mexican area this book argues that it is diversity and not homogeneity which characterizes it From a wide variety of disciplinary and multidisciplinary enunciations these essays explore the transnational connections that inform these musical cultures while keeping an eye on their powerful local significance in an attempt to redefine notions like border nation migration diaspora etc Looking at music and its performative power through the looking glass of cultural criticism allows this book to contribute to larger intellectual concerns and help redefine the field of U S Mexico border studies beyond the North South and American Mexican dichotomies Furthermore the essays in this book problematize some of the widespread misconceptions about U S Mexico border history and culture in the current debate about immigration

*The Working Class* Ian Gilbert,2018-03-27 In *The Working Class* Poverty education and alternative voices Ian Gilbert unites educators from across the UK and further afield to call on all those working in schools to adopt a more enlightened and empathetic approach to supporting children in challenging circumstances One of the most intractable problems in modern education is how to close the widening gap in attainment between the haves and the have nots Unfortunately successive governments both in the UK and abroad have gone about solving it the wrong way Independent Thinking founder Ian Gilbert s increasing frustration with educational policies that favour no excuses and compliance and that ignore the broader issues of poverty and inequality is shared by many others across the sphere of education and this widespread disaffection has led to the assembly of a diverse cast of teachers school leaders academics and poets who unite in this book to challenge the status quo Their thought provoking commentary ideas and impassioned anecdotal insights are presented in the form of essays think pieces and poems that draw together a wealth of research on the issue and probe and discredit the current view on what is best for children from poorer socio economic backgrounds Exploring themes such as inclusion aspiration pedagogy and opportunity the contributions collectively lift the veil of feigned equality of opportunity for all to reveal the bigger picture of poverty and to articulate the hidden truth that there is always another way This book is not about giving you all the answers however The contributors are not telling teachers or schools leaders how to run their schools their classroom or their

relationships the field is too massive too complex too open to debate and to discussion to propose off the shelf solutions Furthermore the research referred to in this book is not presented in order to tell educators what to think but rather to inform their own thinking and to challenge some of the dominant narratives about educating the feckless poor This book is about helping educators to ask the right questions and its starting question is quite simple how can we approach the education of young people from disadvantaged backgrounds in a way that actually makes a difference for all concerned Written for policy makers and activists as well as school leaders and educators The Working Class is both a timely survey of the impact of current policies and an invaluable source of practical advice on what can be done to better support disadvantaged children in the school system Edited by Ian Gilbert with contributions from Nina Jackson Tim Taylor Dr Steven Watson Rhythmical Mike Dr Ceri Brown Dr Brian Male Julia Hancock Paul Dix Chris Kilkenny Daryn Egan Simon Paul Bateson Sarah Pavey Dr Matthew McFall Jamie Thrasivoulou Hywel Roberts Dr Kevin Ming Leah Stewart Real David Cameron Sir Al Aynsley Green Shona Crichton Floyd Woodrow Jonathan Lear Dr Debra Kidd Will Ryan Andrew Morrish Phil Beadle Jaz Ampaw Farr Darren Chetty Sameena Choudry Tait Coles Professor Terry Wrigley Brian Walton Dave Whitaker Gill Kelly Roy Leighton Jane Hewitt Jarlath O'Brien Crista Hazell Louise Riley Mark Creasy Martin Illingworth Ian Loynd David Rogers Professor Mick Waters and Professor Paul Clarke

From Soul to Soukous (Via Manchester) C.J. Smith, 2025-02-21 As the title suggests this book is a combination of personal musical memoir travelogue and recollections of a sometime vinyl record and memorabilia collector wannabe journalist and photographer It traces the author's journey both literally and metaphorically across and through a range of musical genres including those discovered during his extensive international travels From early exposure to The Beatles through to Soul and Blues and on to the more exotic sounds and experiences from across Africa Eastern Europe and The Middle East to Central America and beyond However much of the focus here revolves around the Manchester music scene Whilst there is much here to please the musical geeks with regard to collecting it is the author's stories and anecdotes many involving luminaries from across the musical spectrum that truly engages the reader The book includes recollections from notable gigs and concerts including the infamous Derby Hall Joy Division riot in Bury shortly before singer Ian Curtis

committed suicide This includes postscripts to that gig that are unique and unreported But whatever your musical taste this book contains much more Allowing the reader to share in the author s emotional and candid roller coaster ride through his experiences musical and otherwise both near and far From potentially dangerous encounters with Eastern European heavies dancing on tables at Middle Eastern weddings to communally drinking shake shake home brew in dubious African clubs With a vast array of unique photographs to illustrate the work this is a must read for any self respecting music fan
