Regnum Dei:

Regnum Dei Archibald Thomas Robertson, 2004-10-18 The Kingdom of God is the Christian answer to the most vital question that man has to solve the question of the purpose of his being Our Saviour's teaching on the subject is closely connected with hopes and convictions in full currency at the time of his Advent on earth but he so used these convictions and hopes as to give a new meaning to life and to open a new direction to human aspiration and effort The Kingdom of God in his hands is a many sided conception to do justice to it has been the problem set to his followers in the long and varied course of the Church's existence My fervent hope and prayer is that whatever its faults this volume of Lectures may do nothing to hinder but by God's mercy may rather in some degree however slight set forward the Kingdom of Christ and of God I would make my own the prayer of one of my predecessors Domine Deus quaecunque dixi de tuo agnoscant et tui si qua de meo et Tu ignosce et tui from the Preface **Regnum Dei** Archibald Robertson, 1901 *Regnum Dei* Archibald Robertson, 1901

REGNUM DEI ARCHIBALD. ROBERTSON, 2018 **Corpus Reformatorum**, 1863 *Abraham Kuyper's Commentatio (1860): The Young Kuyper about Calvin, a Lasco, and the Church (2 vols.)* Jasper Vree, Johan Zwaan, 2019-01-03 In the *Commentatio* the 22 year old Kuyper not only describes Calvin's and a Lasco's concepts of the Church but also discusses

them in the light of the Gospel The Commentatio marks the beginning of modern a Lasco studies The work also offers the initial impetus for the idea with which Kuyper would later exert great influence on Dutch nation and society the Church as a free democratic society of Christians which manifests itself as a living organism in all spheres of life The text which has never been published before is accompanied by historical and philological introductions annotations and comprehensive registers and throws surprising new light on the origins of Kuyper s ideas Moreover this source edition is important for the study of nineteenth century Reformation research

High Way to Heaven: The Augustinian Platform Between Reform and Reformation, 1292-1524 Eric Leland Saak,2021-12-28 This volume reveals the political religious theological institutional and mythical ideals that formed the self identity of the Augustinian Order from Giles of Rome to the emergence of Martin Luther Based on detailed philological analysis this interdisciplinary study not only transforms the understanding of Augustine s heritage in the later Middle Ages but also that of Luther s relationship to his Order The work offers a new interpretative model of late medieval religious culture that sheds new light on the relationship between late medieval Passion devotion the increasing demonization of the Jews and the rise of catechetical literature It is the first volume of a planned trilogy that seeks to return late medieval Augustinian theology to the historical context of Augustinian religion

The "Things of Greater Importance" Conrad Rudolph,2016-11-11 The Things of Greater Importance provides a close look into the social and cultural context of medieval art primarily as expressed in Bernard of Clairvaux s Apologia the central document in the greatest artistic controversy to occur in the West prior to the Reformation and the most important source we have for understanding medieval attitudes toward art Bernard wrote the Apologia during the medieval efflorescence of monumental sculpture and stained glass of advanced architecture of pilgrimage art of high Romanesque and of the origins of Gothic art Rudolph places the Apologia traditionally seen as a condemnation either of all religious art or of all monastic art in a broader context using it to explore the role of art in medieval society He shows that Bernard was interested in the impact of art on contemporary monasticism in a more complex way than previously believed The book offers the most thorough study available of the theoretical basis of medieval art as it functioned in society and its implications for the art of both the Romanesque and Gothic periods which were spanned by Bernard s life are significant
