weave the Christ conscious healing dimension into it just as an alchemist would when producing gold In this way Eileen shows how the revered eastern practice of Reiki discovered by Dr Mikao Usui a Japanese Buddhist in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other At the same time she shows how this simple profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully Others go away from the treatment or training feeling restored refreshed and renewed Reiki the universal Life Force Energy of God is not a new invention or modern day fad Its roots are planted deep in ancient history In the Old Testament Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time Even science and the world of medicine are looking at this complementary form of healing called Reiki with fresh new eyes Its worldwide impact can no longer go unnoticed **The**

must examine the role of gender representation and power Although women healers predominate at the grass roots level these factors have been largely ignored in academic studies of New Age and alternative spiritualities The acknowledgement of women s power in these studies is to be found somewhere between male dominated biomedical approaches to health and apparently more egalitarian holistic discourse and practice Using the work of theorists such as Michel Foucault and Meredith McGuire the book shows that women healers are using Reiki and other healing spiritualities to actively engage in a politics of reclamation
