Reincarnation Of The Spiritual Principle:

7 Spiritual Principles to Successful Living Joseph Whyte,2003-12-01 Exploring the cause of failure in the lives of so many and identifying the spiritual principles that will ensure success in life Excerpt There are many financially secured individuals who are absolute failures at everything in life Many have earned or inherited wealth and have languished in the dungeons of unhappiness because of their wealth They have never known love happiness or freedom It is true that many wealthy persons covet the happiness and successful lifestyle of people with a small fraction of their financial net worth True success cannot be limited to the acquiring of physical assets and be based on bank records and balance sheets

Reincarnation and the Law of Karma William Walker Atkinson,1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents Summit of Spiritual Understanding ,1929 **Jewish Tales of Reincarnation** Yonasson Gershom,2000-01-31 Scattered throughout many kabbalistic and hasidic texts are numerous teaching stories with reincarnation as their central theme Now for the first time you can read 70 of these fascinating tales in a single volume collected and retold by master storyteller Yonassan Gershom The author begins with an over view of basic

themes about the afterlife such as the judgement of souls before the Heavenly Court the mystical significance of the Covenant at Sinai the process of tikkun olam repairing the universe and some reasons why human beings return to earth in new bodies He then takes you on an exciting journey through many centuries of Jewish tales where you will meet dozens of saints and sinners animals and humans angels and mortals all attempting to work out their past life karma through applying the teachings of the Torah in earthly life In order to make the classical stories understandable to the modern reader each tale has been expanded to include clear explanations of cultural and religious details So skillfully does Gershom weave this material into the narrative itself that the reader scarcely notices how a gentle form of education is taking place By the time you have finished the book you will not only have been entertained but will have completed an excellent introduction to Jewish spirituality as well Both classical and contemporary tales are included here from sources as widely varied as kabbalistic texts folklore anthologies and discussions on the Internet Of special interest are several new tales collected by the author himself which have never before appeared in print

The Theosophist, 1924 Christ's 23 "Meat" Level Principles of True Christianity Joe Zug, 2021-02-28 If you have been listening to your inner voice you have probably avoided traditional religion left it or are

currently considering such If so then this book was written for you It explains the Real God s uncorrupted plan for mankind which is totally positive totally progressive purposeful principles based Cosmically comprehensive completely compassionate and harmoniously integrated with no internal inconsistencies You will find explanations herein that correlate Earth s physical phenomenon with Cosmic Spiritual laws quantum physics Also revealed are Christ s higher Tree of Life doctrines that supersede the traditional focus by Christians Jews and Muslims on the lower level doctrines of the Tree of the Knowledge of Good and Evil The scriptures of those three religions contain the same Garden of Eden story that cites these two metaphorical trees Jesus Christ intended to switch mankind s attention to the Tree of Life principles He also attempted to teach us how to fish rather than to give us a fish Tradition says he came to give us salvation yet that would literally put mankind in the category of being on the dole something current inconsistent Christians seem to loathe Spiritual maturity is the result of our personally practicing the higher meat level principles that Jesus Christ taught and modeled Thereby we qualify for God s gracious endowment of Ascension into Heaven

When a Woman Becomes a Religious Dynasty Hildegard Diemberger,2014-03-04 In the fifteenth century the princess Chokyi Dronma was told by the leading spiritual masters of her time that she was the embodiment of the ancient Indian tantric deity Vajravarahi known in Tibetan as Dorje Phagmo the Thunderbolt Female Pig After suffering a great personal tragedy Chokyi Dronma renounced her royal status to become a nun and in turn the tantric consort of three outstanding religious masters of her era After her death Chokyi Dronma s masters and disciples recognized a young girl as her reincarnation the first in a long powerful and influential

female lineage Today the twelfth Samding Dorje Phagmo leads the Samding monastery and is a high government cadre in the Tibet Autonomous Region Hildegard Diemberger builds her book around the translation of the first biography of Chokyi Dronma recorded by her disciples in the wake of her death The account reveals an extraordinary phenomenon although it had been believed that women in Tibet were not allowed to obtain full ordination equivalent to monks Chokyi Dronma not only persuaded one of the highest spiritual teachers of her era to give her full ordination but also established orders for other women practitioners and became so revered that she was officially recognized as one of two principal spiritual heirs to her main master Diemberger offers a number of theoretical arguments about the importance of reincarnation in Tibetan society and religion the role of biographies in establishing a lineage the necessity for religious teachers to navigate complex networks of political and financial patronage the cultural and social innovation linked to the revival of ancient Buddhist civilizations and the role of women in Buddhism Four introductory stage setting chapters precede the biography and four concluding chapters discuss the establishment of the reincarnation lineage and the role of the current incarnation under the peculiarly contradictory communist system
