Reinterpreting Menopause:

Reinterpreting Menopause Paul A. Komesaroff, Philipa Rothfield, Jeanne Daly, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Ecocritical Menopause* Nicole Anae, 2024-07-08 Ecocritical Menopause Women Literature Environment The Change is the first volume of its kind to bring together cross sectional ecofeminist voices privileging women's menopausal positionality within literary works This collection reexamines menopause across the disciplinary fields of ecofeminism and ecocriticism as clearly the most neglected phase of the menstrual cycle and aims to develop a critical discourse in counterpoint to the persistent cultural and critical legacies that sustain underrating women in midlife In highlighting selected literary representations of female being in transition this volume includes Exploration of the core motifs mediating the fashioning of menopausal women including biology the body body shaming climacterium hysteria the crone hag figure femininity gender identity reproduction sexlessness and asexuality Reexamination of historical cultural biases that continue to perpetuate a devaluation of women after menopause such as ageism degeneration loss of fertility and myths of essentialism patriarchy and hegemony social taboos the medicalization of menopause and cultural menophobia Analysis of literature genres in which we find portraits of peri post menopause subjectivity such as autofiction crime fiction detective fiction folktales frame tale fiction mystery poetry short story and the whodunit *Menopause Transitions and the Workplace* Vanessa Beck, Jo Brewis, 2024-01-10 The symptoms of menopause transitions have profound implications for work and are in turn affected by work Despite this the topic is rarely discussed in management and organization studies Providing an overview of existing knowledge in the field of menopause in the workplace this collection retheorizes the management of human resources as it relates to the connections between gender age and the body in the workplace environment with an intersectional analysis Offering theoretical frameworks from experts as well as possible practical approaches that can be implemented in workplaces to support women transitioning through menopause this is a go to reference for academics and policy makers working in the field *Menopause* Lynnette Leidy Sievert, 2006-07-24 Menopause is a biological reality for all women in their forties and fifties Yet the way we think about the cessation of menstruation is influenced by a variety of factors Cultural and technological influences combine with biology to transform this universal phenomenon into an experience that varies considerably between cultures and individuals In this concise book Lynnette Leidy Sievert draws on her own case studies from Puebla Mexico and western Massachusetts as well as on comparative data from other studies in places such as Slovenia Paraguay and Hawaii to explore the different ways that women experience menopause around the world Sievert suggests that attempts by medical professionals to define the normal occurrence of menopause including its typical onset and symptoms may not be realistic when considering how lifestyle nutrition and workload can contribute to diverging realities She explores how women feel about hysterectomies chemotherapy and other medical procedures and treatments that stop menstruation prematurely She also considers recent

advances in technology including post menopausal birth which have turned what was previously an unavoidable end of fertility into something that can be postponed A unique comparative look at women s experiences this text brings new perspectives to the mainstream literature on the subject and invites readers to consider compelling questions about menopause its meanings and its future The Health and Wellbeing Coaches' Handbook Jonathan Passmore,Badri Bajaj,Lindsay G. Oades,2024-12-30 This comprehensive volume offers ideas examples and guidance to help coaches develop skills in their coaching practice specifically in the areas of health and wellbeing as they are experienced by their clients The book also explores the growing importance of wellbeing coaching within the wider coaching world and the health sector Starting with definitions of wellbeing and health coaching then delving into health and wellbeing issues faced by clients and tools for coaches along with their practical applications this book includes theory case studies and reflection exercises so that readers can use it in a personal and practical way The Health and Wellbeing Coaches Handbook is an essential resource for coach practitioners supervisors and consultants working with clients as well as for students in post graduate programmes including coaching health and allied health professional programmes and human resource professionals focusing on employee wellness **Age Becomes Us** Leni Marshall,2015-06-30 Deconstructs fiction and nonfiction to further understandings of how aging and old age are created In lively accessible prose this book expands the reach and depth of age studies A review of age studies methods in theory literature and practice leads readers to see how their own intersectional identities shape their beliefs about age aging and old age This study asks readers to interrogate the texts of menopause self help books on aging and foundational age studies works In addition to the study of these nonfiction texts the poetry and prose of Doris Lessing Lucille Clifton and Louise Erdrich serve as vehicles for exploring how age relations work including how they invoke readers into kinships of reciprocal care as othermothers otherdaughters and otherelders The literary chapters examine how gifted storytellers provide enactments portrayals and metaphorical uses of age to create transformative potential *The Body in Everyday Life* Sarah Nettleton,Jonathan Watson,2002-03-11 We all have a body but how does it impact upon our day to day life This book sets out to explore how ordinary women men and children talk about their bodies through four central themes physical and emotional bodies illness and disability gender ageing A coherent collection of such empirical research The Body in Everyday Life provides an accessible introduction to the sociology of the body a field previously dominated by theoretical or philosophical accounts **Art into Life** Alexandra Kokoli,Deborah Cherry,2020-05-14 Tracey Emin has undergone an extraordinary metamorphosis from a young unknown artist into the bad girl of the Young British Art yBA movement challenging the complacency of the art establishment in both her work and her life Today she is arguably the doyenne of the British art scene and attracts more acclaim than controversy Her work is known by a wide audience yet rarely receives the critical attention it deserves In Art Into Life Essays on Tracey Emin writers from a range of art historical artistic and curatorial perspectives examine how Emin s art life and celebrity status have become

inextricably intertwined This innovative collection explores Emin's intersectional identity including her Turkish Cypriot heritage ageing and sexuality reflects on her early years as an artist and debates issues of autobiography self presentation and performativity alongside the multi media exchanges of her work and the tensions between art and craft With its discussions of the central themes of Emin's art attention to key works such as *My Bed* and accessible theorization of her creative practice *Art into Life* will interest a broad readership

Body Failure Wendy Mitchinson, 2013-01-01 In this energetic new study Wendy Mitchinson traces medical perspectives on the treatment of women in Canada in the first half of the twentieth century It is based on in depth research in a variety of archival sources including Canadian medical journals textbooks used in many of Canada's medical faculties popular health literature patient case records and hospital annual reports as well as interviews with women who lived during the period Each chapter examines events throughout a woman's life cycle puberty menstruation sexuality marriage and motherhood and the health problems connected to them infertility birth control and abortion gynaecology cancer nervous disorders and menopause Mitchinson provides a sensitive understanding of the physician patient relationship the unease of many doctors about the bodies of their female patients as well as overriding concerns about the relationship between female and male bodies Throughout the book Mitchinson takes care to examine the roles and agency of both patients and practitioners as diverse individuals

Intersections of Ageing, Gender and Sexualities Andrew King, Kathryn Almack, Rebecca L. Jones, 2020-09-16 Available Open Access under CC BY NC licence With an increasingly diverse ageing population we need to expand our understanding of how social divisions intersect to affect outcomes in later life This edited collection examines ageing gender and sexualities from multidisciplinary and geographically diverse perspectives and looks at how these factors combine with other social divisions to affect experiences of ageing It draws on theory and empirical data to provide both conceptual knowledge and clear real world illustrations The book includes section introductions to guide the reader through the debates and ideas and a glossary offering clear definitions of key terms and concepts

Testosterone Dreams J. Hoberman, 2005 *Testosterone Dreams* is a detailed and frightening look at the shifting balance between patients fantasies and the entrepreneurial bioscience that fuels these desires Hoberman reveals the darker side of medicine that enhances athletic performances and how the publicity given those performances generates wider demands for enhancement medicine This book is a crucial contribution to the ethical deliberation of who we humans want to be as bodies and as selves Arthur W Frank author of *The Wounded Storyteller*

Monster/Beauty Joanna Frueh, 2001-02-19 This book is as seductive as the phenomenon that it explores With courage love and joy Frueh crosses into unexplored terrains of beauty and pleasure where she finds a grotesquely captivating creature *Monster Beauty* By illuminating her journey with thoughtful insight and engaging prose she encourages readers to join her in her quest to articulate fresh ways of thinking about the aesthetic and the erotic and of theorizing the flux of lived experience John Alan Farmer senior editor of *Art Journal* *Monster Beauty* is a daringly provocative experiment in personal

Agewise Margaret Morganroth Gullette, 2011-03-15 Let s face it almost everyone fears growing older We worry about losing our looks our health our jobs our self esteem and being supplanted in work and love by younger people It feels like the natural inevitable consequence of the passing years But what if it s not What if nearly everything that we think of as the natural process of aging is anything but In *Agewise* renowned cultural critic Margaret Morganroth Gullette reveals that much of what we dread about aging is actually the result of ageism which we can and should battle as strongly as we do racism sexism and other forms of bigotry Drawing on provocative and under reported evidence from biomedicine literature economics and personal stories Gullette probes the ageism that drives discontent with our bodies our selves and our accomplishments and makes us easy prey for marketers who want to sell us an illusory vision of youthful perfection Even worse rampant ageism causes society to discount and at times completely discard the wisdom and experience acquired by people over the course of adulthood The costs both collective and personal of this culture of decline are almost incalculable diminishing our workforce robbing younger people of hope for a decent later life and eroding the satisfactions and sense of productivity that should animate our later years Once we open our eyes to the pervasiveness of ageism however we can begin to fight it and Gullette lays out ambitious plans for the whole life course from teaching children anti ageism to fortifying the social safety nets and thus finally making possible the real pleasures and opportunities promised by the new longevity A bracing controversial call to arms *Agewise* will surprise enlighten and perhaps most important bring hope to readers of all ages

Women Ageing Miriam Bernard, Val Harding Davies, Linda Machin, Judith

Phillips,2005-06-22 *Women Ageing* provides a better understanding of what ageing is like for women and challenges the myths which have grown up around the ageing process Blending the scholarly the personal and the political it reveals the range of strategies and identities women adopt to manage the transitions of the second half of the life course In doing so it uncovers not only the commonalities and the similarities between mid life and older women but also some of the variation and diversity relating to ethnicity and race class disability and sexual orientation *Women Ageing* makes the ordinary lives of ordinary women as in this instance they grow older more visible Its findings have important implications for policy and practice All those studying or working with older people will find it an illuminating text **Managing the Monstrous Feminine** Jane M. Ussher,2006-01-18 This book will expand on the author s previous work to include her latest research and thoughts on this topic This book advances the study of women and our bodies in new and exciting ways it is an important addition to the existing literature The author introduces interview and case material to bring potentially complex ideas of women s experience of their bodies alive **Reproductive Geographies** Marcia England,Maria Fannin,Helen Hazen,2018-12-07 The sites spaces and subjects of reproduction are distinctly geographical Reproductive geographies span different scales body home local national global and movements across space This book expands our understanding of the socio cultural and spatial aspects of fertility pregnancy and birth The chapters directly address global perspectives the future of reproductive politics and state focused approaches to the politicisation of fertility pregnancy and birth The book provides up to date explorations on the changing landscapes of reproduction including the expansion of reproductive technologies such as surrogacy and intrauterine insemination Contributions in this book focus on phenomenologically inspired accounts of women s lived experience of pregnancy and birth the biopolitics of birth and citizenship the material histories of reproductive tissues as scientific objects and engagements with public health and development policy This is an essential resource for upper level undergraduates and graduates studying topics such as Sociology Geographies of Gender Women s Studies and Anthropology of Health and Medicine **Experiments in Love and Death** Paul Komesaroff,2014-06-03 *Experiments in Love and Death* is about the depth and complexity of the ethical issues that arise in illness and medicine In his concept of microethics Paul Komesaroff provides an alternative to the abstract debates about principles and consequences that have long dominated ethical thought He shows how ethical decisions are everywhere in small decisions in facial expressions in almost inconspicuous acts of recognition and trust Through powerful descriptions of case studies and clear and concise explanations of contemporary philosophical theory the book brings discussions about ethics in medicine back to where they belong to the level of the everyday experience where people live suffer and hope A fresh and evocative look at the changing world of ethics as it applies to health and illness this is an important book for all those touched by illness or suffering *Love for Sale* Colleen Lucey,2021-09-15 *Love for Sale* is the first study to examine the ubiquity of commercial sex in Russian literary and artistic production from the nineteenth century through the fin de si cle Colleen Lucey offers a

compelling account of how the figure of the sex worker captivated the public's imagination through depictions in fiction and fine art bringing to light how imperial Russians grappled with the issue of sexual commerce Studying a wide range of media from little known engravings that circulated in newspapers to works of canonical fiction Lucey shows how writers and artists used the topic of prostitution both to comment on women's shifting social roles at the end of tsarist rule and to express anxieties about the incursion of capitalist transactions in relations of the heart Each of the book's chapters focus on a type of commercial sex looking at how the street walker brothel worker demimondaine kept woman impoverished bride and madam traded in sex as a means to acquire capital Lucey argues that prostitution became a focal point for imperial Russians because it signaled both the promises of modernity and the anxieties associated with Westernization Love for Sale integrates historical analysis literary criticism and feminist theory and conveys how nineteenth century beliefs about the fallen woman drew from medical judicial and religious discourse on female sexuality Lucey invites readers to draw a connection between rhetoric of the nineteenth century and today's debate on sex workers rights highlighting recent controversies concerning Russian sex workers to show how imperial discourse is recycled in the twenty first century

Queer Aging in North American Fiction Linda M. Hess, 2019-01-24 Exploring representations of queer aging in North American fiction this book illuminates a rich yet previously unheeded intersection within American culture At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities Each chapter shines a spotlight on a significant work of queer fiction beginning with post WWII novels and ending with filmic representations of the 2010s exploring narratives as both reflections and agents of broader cultural negotiations concerning queer sexuality and aging As a result the book not only redresses queer aging's history of invisibility but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture

Japan's Imperial Underworlds David R. Ambaras, 2018-08-09 This major new study uses vivid accounts of encounters between Chinese and Japanese people living at the margins of empire to elucidate Sino Japanese relations in the nineteenth and early twentieth centuries Each chapter explores mobility in East Asia through the histories of often ignored categories of people including trafficked children peddlers abducted women and a female pirate These stories reveal the shared experiences of the border populations of Japan and China and show how they fundamentally shaped the territorial boundaries that defined Japan's imperial world and continue to inform present day views of China From Meiji era treaty ports to the Taiwan Strait South China and French Indochina the movements of people in marginal locations not only destabilized the state's policing of geographical borders and social boundaries but also stimulated fantasies of furthering imperial power
