Reinterpreting Russia

Alexander Chubarov

Reinterpreting Russia:

Reinterpreting Russia Steve D. Boilard, 1997-03-27 Attempts to advance the understanding of Russia by listing categorizing and describing some 600 recent books concerning Russia the Soviet Union and the post Soviet Russian Federation All books included were published between 1991 and 1996 inclusive Reinterpreting Russia Geoffrey A. Hosking, Robert Service, 1999 Russian history is ready to be reinterpreted This book puts Russia into a fresh historical perspective and enables the reader to consider the weight of the past resting on current attempts to fashion a different Russian future The linking theme here is the balance of continuity and discontinuity in the history of the country across several centuries

Reinterpreting Russian History Daniel H. Kaiser, 1994-01 The first comprehensive reader in Russian history in almost two decades this collection includes primary and secondary material much of which has never before been published in English reflecting the latest scholarship on the subject Supplemented by over 70 illustrations selections are introduced by placing them in the context of the work's major themes state structure the economy society and culture and everyday life From the multi ethnic peopling of early Russia to the elite society of the nineteenth century original sources illuminate such topics as state building government and politics the peasantry and the countryside clergy and religious communities and women and gender making this comprehensive text vital for students of Russian history The Abolition of Serfdom in Russia David Moon, 2014-09-25 In February 1861 Tsar Alexander II issued the statutes abolishing the institution of serfdom in Russia The procedures set in motion by Alexander II undid the ties that bound together 22 million serfs and 100 000 noble estate owners and changed the face of Russia Rather than presenting abolition as an event that happened in February 1861 The Abolition of Serfdom in Russia presents the reform as a process It traces the origins of the abolition of serfdom back to reforms in related areas in 1762 and forward to the culmination of the process in 1907 Written in an engaging and accessible manner the book shows how the reform process linked the old social economic and political order of eighteenth century Russia with the radical transformations of the late nineteenth and early twentieth centuries that culminated in revolution in 1917

Thinking Russia's History Environmentally Catherine Evtuhov, Julia Lajus, David Moon, 2023-07-14 Historians of Russia were relative latecomers to the field of environmental history Yet in the past decade the exploration of Russian environmental history has burgeoned Thinking Russia's History Environmentally showcases collaboration amongst an international set of scholars who focus on the contribution that the study of Russian environments makes to the global environmental field Through discerning analysis of natural resources the environment as a factor in historical processes such as industrialization and more recent human animal interactions this volume challenges stereotypes of Russian history and in so doing highlights the unexpected importance of Russian environments across a time frame well beyond the ecological catastrophes of the Soviet period

Russia and the USSR, 1855-1991 Stephen J. Lee, 2006 Russian history since 1855 has been marked by the rule of the Tsarist autocracy and Soviet communism This title examines both

comparing their ideologies and their use of terror and repression to crush opposition to their rule

The Standard of Living and Revolutions in Imperial Russia, 1700-1917 Boris Mironov, 2012-05-31 This is the first full scale anthropometric history of Imperial Russia 1700 1917 It mobilizes an immense volume of archival material to chart the growth weight and other anthropometric indicators of the male and female populations in order to chart how the standard of living in Russia changed over slightly more than two centuries It draws on a wide range of data statistics on agricultural production taxation prices and wages nutrition and demography to draw conclusions on the dynamics in the standard of living over this long period of time The economic social and political interpretation of these findings make it possible to reconsider the prevailing views in the historiography and to offer a new perspective on Imperial Russia

[The Use of History in Putin's Russia](#) James C. Pearce, 2020-10-06 History is not just a study of past events but a product and an idea for the modernisation and consolidation of the nation The Use of History in Putin's Russia examines how the past is perceived in contemporary Russia and analyses the ways in which the Russian state uses history to create a broad coalition of consensus and forge a new national identity Central to issues of governance and national identity the Russian state utilises history for the purpose of state building and reviving Russia's national consciousness in the twenty first century Assessing how history mediates the complex relationship between state and population this book analyses the selection process of constructing and recycling a preferred historical narrative to create loyal patriotic citizens ultimately aiding its modernisation Different historical spheres of Russian life are analysed in depth including areas of culture politics education and anniversaries The past is not just a state matter a socio political issue linked to the modernisation process containing many paradoxes This book has wide ranging appeal not only for professors and students specialising in Russia and the former Soviet Space in the fields of History and Memory International Relations Educational Studies and Intercultural Communication but also for policymakers and think tanks

A History of Russia Volume 1 Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss's accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists

[Late Imperial Russia](#) Ian Thatcher, 2024-06-04 This volume offers a detailed examination of the stability of the late imperial regime in Russia Students and scholars will appreciate the lively summaries of the latest scholarship in political economic social cultural and international history Accessible yet insightful contributions cover the historiography of complex topics such as peasants workers revolutionaries foreign relations and Nicholas II In addition there are original studies of some of the leading intellectuals of the time The late imperial economy is examined through the writings of Tugan Baranovsky There is an

account of M N Pokrovskii's radical interpretation of late imperial Russia's historical path of development. The state of the Russian theatre is studied through the lives of theatrical impresarios. Each chapter also highlights a unique interpretation suggesting new lines of inquiry and research. This book will be compulsory reading for students of Russian and European history of the late nineteenth and early twentieth centuries seeking to better understand why Tsarism collapsed in 1917.

Markets and Moralities Caroline Humphrey, Ruth Mandel, 2020-08-05. Before the collapse of the Eastern Bloc, private marketeering was regarded not only as criminal but even immoral by socialist regimes. Ten years after taking on board western market orientated shock therapy, post socialist societies are still struggling to come to terms with the clash between these deeply engrained moralities and the daily pressures to sell and consume. This book explores the new market and its resulting contradictions in a rapidly developing Eastern Europe and Russia. Will Western fast food industries irrevocably alter local culinary practices? What effect has the privatization of land had upon ownership and exchange? What role do new commodities play within the household? Based on original first hand ethnography, this book is a long awaited addition to existing literature on post socialist societies. It will be essential reading for students of anthropology, sociology, European and cultural studies as well as professional groups working in Eastern Europe and Russia, including NGOs, development organizations and businesses.

A History of Modern Russia from Nicholas II to Vladimir Putin Robert Service, 2005. Robert Service here presents a comprehensive overview of 20th century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic and social ingredients that made up the Soviet compound.

Gay Lives and 'Aversion Therapy' in Brezhnev's Russia, 1964-1982 Rustam Alexander, 2023-11-24. This book examines the autobiographies and diaries of Soviet homosexual men who underwent psychotherapy during the period from 1970 to 1980 under the guidance of Yan Golland, a psychiatrist, sexopathologist from Gorky. The examination of these unique and little known documents contributes to our scant knowledge about the practices that many would call a Soviet proto type of aversion therapy. It also helps us understand the way homosexual people faced queer dilemmas of the self and how they sought to reconcile their queer desire with being Soviet.

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007. The aim of this book is to explore some of the main preoccupations of literature, culture and criticism dealing with historical themes in post Soviet Russia, focusing mainly on literature in the years 1991 to 2006.

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01. Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped, or will it choose its own distinct path of development? In this history of Russia from 1917 to the present, Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia, *The Fragile Empire*. One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass. This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles. Neither approach, says Chubarov, will work on its own. Chubarov offers a balanced

view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia's Soviet development within Russia's own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former's mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Orthodox Russia: Belief and Practice Under the Tsars , **Historical Dictionary of the Russian Federation** Robert A. Saunders, 2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia The Cult of Ivan the Terrible in Stalin's Russia M. Perrie, 2001-10-25 Ivan IV the sixteenth century Russian tsar notorious for his reign of terror became an unlikely national hero in the Soviet Union during the 1940s This book traces the development of Ivan's positive image placing it in the context of Stalin's campaign for patriotism In addition to historians images of Ivan the author examines literary and artistic representations including Sergei Eisenstein's famous film banned for its depiction of the tsar which was interpreted as an allegorical criticism of Stalin *Popular Religion in Russia* Stella Rock, 2007-09-10 This book dispels the widely held view that paganism survived in Russia alongside Orthodox Christianity demonstrating that double belief dvoeverie is in fact an academic myth Scholars citing the medieval origins of the term have often portrayed Russian Christianity as uniquely muddled by paganism with double believing Christians consciously or unconsciously preserving pagan traditions even into the twentieth century This volume shows how the concept of dvoeverie arose with nineteenth century scholars obsessed with the Russian folk and was perpetuated as a propaganda tool in the Soviet period colouring our perception of both popular faith in Russian and medieval Russian culture for over a century It surveys the wide variety of uses of the term from the eleventh to the seventeenth century and contrasts them to its use in modern historiography concluding that our modern interpretation of dvoeverie would not have been recognized by medieval clerics and that double belief is a modern academic construct Furthermore it offers a brief foray into medieval Orthodoxy via the mind of the believer through the language and literature of the period Writing History in Twentieth-Century Russia A.

Litvin, 2001-10-10 In this fascinating book Alter Litvin tells us what life was really like for professional Soviet historians from Lenin to Gorbachev and assesses the efforts made since 1991 to create a more truthful picture of the turbulent Russian past. Passionate yet fair minded this is the first account of the subject to appear in English. Designed primarily for the general reader it contains much fresh material of specialist interest and an ample up to date bibliography.

Ignite the flame of optimism with is motivational masterpiece, Fuel Your Spirit with **Reinterpreting Russia** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
