Reinventing Revolution The Renovation Of Left Discourse In Cuba And Mexico:

Reinventing Revolution Edward J Mccaughan,2019-05-20 Based on in depth interviews with seventy four intellectuals of the lefts in Cuba and Mexico Reinventing Revolution explores the rapidly changing thinking of progressives on the big and enduring questions of democracy economic alternatives and national sovereignty Offering a unique world systems perspective on the sociology of intellectuals and

Reinventing Revolution Edward J Mccaughan,1998-08-14 Based on in depth interviews with 74 intellectuals of the Lefts in Cuba and Mexico Reinventing Revolution explores the rapidly changing thinking of progressives on the big and enduring questions of democracy economic alternatives and national sovereignty Offering a unique world systems perspective on the sociology of intellectuals and ideology Edward McCaughan concludes that the collapse of state socialism the rise of neoliberalism and accelerated economic globalization have deeply challenged the old paradigms of Latin America s socialist and nationalist lefts and have given rise to renovative ideas that defy both Marxist and liberal orthodoxies The book s findings are relevant not only throughout Latin America but in Eastern Europe Russia South Africa India and other regions of the world where political social and intellectual forces continue to defy predictions about the end of history Reinventing Revolution will be an invaluable resource for anyone interested in Latin American politics and political theory the sociology of intellectuals and ideology and nationalism and revolution in the Third World

Mexico's Cold War Renata Keller,2015-07-28 This book is a history of the Cold War in Mexico and Mexico in the Cold War Renata Keller draws on declassified Mexican and US intelligence sources and Cuban diplomatic records to challenge earlier interpretations that depicted Mexico as a peaceful haven and a weak neighbor forced to submit to US pressure Mexico did in fact suffer from the political and social turbulence that characterized the Cold War era in general and by maintaining relations with Cuba it played a unique and heretofore overlooked role in the hemispheric Cold War The Cuban Revolution was an especially destabilizing force in Mexico because Fidel Castro s dedication to many of the same nationalist and populist causes that the Mexican revolutionaries had originally pursued in the early twentieth century called attention to the fact that the government had abandoned those promises A dynamic combination of domestic and international pressures thus initiated Mexico s Cold War and shaped its distinct evolution and outcomes

The Global Perspective of Urban Labor in Mexico City, 1910-1929 Stephan Fender,2019-11-28 The Global Perspective of Urban Labor in Mexico City 1910 1929 examines the global entanglement of the Mexican labor movement during the Mexican Revolution It describes how global influences made their entry into labor culture through the cinema the theater and labor festivals as well as into the development of consumption patterns and advertisement It further shows how the young labor movement constituted its discourse and invented its tradition at meetings and in the columns of newspapers The local conditions constitute the framework for the examination of Mexican labor s perspectives on and engagement with contemporary events of global significance Thereby this book demonstrates how workers turned to the global context in search of guidance and role models

embracing global developments and narratives It also reveals the differentiations from this context in order to create a unique local identity This approach allows new perspectives on the role of a neglected revolutionary actor and on the influence of global developments in a revolution that has been predominantly interpreted from a national point of view It shows the way global ideas were brought to life in the framework of revolutionary Mexico City providing new insights into the grand narratives of Globalization and Revolution

The Cuba Reader Aviva Chomsky, Barry Carr, Alfredo Prieto, Pamela Maria Smorkaloff, 2019-05-17 Tracking Cuban history from 1492 to the present The Cuba Reader includes more than one hundred selections that present myriad perspectives on Cuba's history culture and politics The volume foregrounds the experience of Cubans from all walks of life including slaves prostitutes doctors activists and historians Combining songs poetry fiction journalism political speeches and many other types of documents this revised and updated second edition of The Cuba Reader contains over twenty new selections that explore the changes and continuities in Cuba since Fidel Castro stepped down from power in 2006 For students travelers and all those who want to know more about the island nation just ninety miles south of Florida The Cuba Reader is an invaluable introduction

Historical Dictionary of Marxism Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers the basics of Karl Marx's thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism

The A to Z of Marxism David Walker, Daniel Gray, 2009-08-13 Marxism one of the few philosophies that turned into an effective movement was not so long ago the official ideology in one form or another of much of humanity It was initially promulgated by the Soviet Union then imposed on Central and Eastern Europe later emerged in the People's Republic of China and gradually spread to other parts of Asia Africa and Latin America Although declining in popularity the movement still remains in power in several countries and is supported by numerous parties and countless individuals around the world The A to Z of Marxism covers in a comprehensive manner the history of Marxism and its philosophers and schools of thought It contains a chronology a list of acronyms and abbreviations an introductory essay a bibliography and hundreds of cross referenced dictionary entries on basic terms and concepts as well as significant people parties and countries Book Jacket

Rethinking Latin America R. Munck, 2015-12-24 In a subtle but powerful reading of the shifting relationships between development hegemony and social transformation in post independence Latin America Ronaldo Munck argues that Latin American subaltern knowledge makes a genuine contribution to the current search for a social order which is sustainable and equitable

Social Sciences Lawrence

Boudon, Katherine D. McCann, 2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2001 and Katherine D McCann has been assistant editor since 2000 The subject categories for Volume 59 are as follows Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences

Twentieth-Century Marxism Daryl Glaser, David M. Walker, 2007-09-12 This book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century It is divided into three parts examining Marxism historically geographically and thematically Part 1 analyzes early Marxism in Russia and Europe as it developed after the death of Marx Lenin Trotsky Luxemburg Kautsky Bernstein and the school of thought associated with them are all examined Part 2 deals with thinkers debates and movements that followed the early Marxism focused on in part one and includes chapters on Marxism in Europe the Soviet Union Africa Asia and Latin America Part 3 is concerned with more contemporary debates in relation to Marxism and its standing and role today The chapters in this section consider various themes including the relationship between theory and practice in Marxism democratic procedure and liberties Marxism as an economic critique of capitalism and Marxist methodology Twentieth Century Marxism is not an introspective discussion of Marxism that would be of interest only to a limited number of specialists Rather it provides a thoughtful and stimulating contribution to debates about the role of Marxism today and its future direction **The Future of Revolutions** John Foran, 2003 The 20th Century was pre eminently an age of revolutions

in Russia China Cuba and elsewhere that fundamentally transformed the nature of politics and social arrangements As we enter a new century has it got harder for revolutions to occur in the new unipolar globalized world Here John Foran asks is the era of revolution over if so why and if not what might the revolutions of the future *Encyclopedia of Modern Mexico* David W. Dent, 2002-06-11 From the Acteal Massacre to Ernesto Zedillo Ponce de Le n this exciting reference created for a high school audience explores the rich culture the depth of achievement and the creative energy of Mexico and its people

Art and Social Movements Ed McCaughan, 2012-03-28 This is a study of artist activists and their participation in social movements in the 1960s 70s and 80s in Mexico City Oaxaca and California McCaughan places the three movements within their own local histories cultures and conditions but also links them to the 1968 rebellions that were going on across the world The Hispanic American Historical Review James Alexander Robertson, 1999 Includes Bibliographical section *Latin American Research Review*, 2001 An interdisciplinary journal that publishes original research and surveys of current research on Latin America and the Caribbean Social Justice, 1999 The Socialist Impulse Charles D. Ameringer, 2009 An exhaustive and detailed overview of all things socialist in twentieth century Latin America Ameringer's mastery of the broad literature as a senior member of the profession and building on decades of careful reading is clear as he delves into the relevant works in political history intellectual history and political science W John Green Senior Research Fellow Council on Hemispheric Affairs Ameringer asks what may be the fundamental question about the twentieth century the century that was to have been the time of the common man What happened to the aspirations for betterment that began to be raised in the late nineteenth century and first burst the dam with the Mexican Revolution Thomas C Wright University of Nevada Las Vegas During the last century Latin American countries have had a tendency to adopt a socialist style government This region has viewed socialism as a way to overcome poverty oppression ignorance racism underdevelopment and foreign domination Charles Ameringer discusses the vision and reality of the century long effort in Latin America to embrace socialism as a way to gain economic development and justice Ameringer's sweeping analysis covers a wide range of countries and decades He concludes that whatever the variety of socialism attempted in Latin America none has stood the test of time By analyzing the socialist movements and governments that evolved he is able to highlight the events and factors that led to their eventual collapse Worldviews, 1998 **Cuban Transitions at the Millennium** Eloise Linger, John Walton Cotman, 2000 **Revolution** Mark N. Katz, 2001 Although the causes of revolution are often internal the occurrence of revolution has serious international consequences existing alliances are upset the importance of small and weak countries may be magnified and serious efforts may be required to prevent the export of revolutions to other countries Mark N Katz brings together twelve readings from an impressive group of scholars that shed light on this important link between revolution and international relations Katz introduces students to the ways in which revolution has impacted the international system and to key terms so they are better prepared to critically read and analyze the selections that follow A distinctive feature of this collection and one guaranteed to spark lively classroom discussion is the inclusion of contending views in each part that explore a particular issue The readings in Part I for example present differing arguments on why the link between revolution and international conflict exists or how it occurs The authors excerpted in Part III disagree about the success or failure of democratization as a means to preempt revolution And the final section offers opposing views as to the future impact of revolution on the international system Abundant pedagogy throughout the volume guides students through each

reading Both a general and part introductions frame the readings while selection headnotes and critical thinking questions offer background information and underscore important cross cutting themes In addition an annotated list of suggested readings points students toward resources for further study and research
