*Álvar Núñez Cabeza de Vaca* Donald E Chipman, 2014-01-30 Cabeza de Vaca's mode of transportation afoot on portions of two continents in the early decades of the sixteenth century fits one dictionary definition of the word pedestrian By no means however should the ancillary meanings of commonplace or prosaic be applied to the man or his remarkable adventures Between 1528 and 1536 he trekked an estimated 2 480 to 2 640 miles of North American terrain from the Texas coast near Galveston Island to San Miguel de Culiacán near the Pacific Coast of Mexico He then traveled under better circumstances although still on foot to Mexico City About a year later Cabeza de Vaca returned to Spain In 1540 the king granted Cabeza de Vaca civil and military authority in modern day Paraguay After arriving on the coast of Brazil in 1541 he was unable to find transportation by ship to the seat of his governorship He then led a group of more 250 settlers through 1 200 miles of uncharted back country during which he lost only two men Cabeza de Vaca's travels are amazing in themselves but during them he transformed from a proud Spanish don to lay advocate of Indian rights on both American continents That journey is as remarkable as his travels It was this great awakening that landed him in more trouble with Spaniards than Indians Settlers at Asunción rebelled against the reformist governor incarcerated him tried to poison his food on two occasions and finally sent him to Spain in irons There he was tried and convicted on trumped up charges of carrying out policies that were the exact opposite of what he had promoted the humane protection of Indians This book examines the two great journeys of Cabeza de Vaca his extraordinary adventures on two continents and his remarkable growth as a humanitarian

*Álvar Núñez Cabeza de Vaca* Sandra Colmenares, 2019-07-15 The story of Spanish explorer Alvar Nunez Cabeza de Vaca brims with his adventures and misadventures throughout the North American Southwest As of the sixteenth century no European had journeyed over such a large extension of territory from the Florida Peninsula to northern Mexico and survived This lively and informative volume goes on to examine his eight years of wandering in this unknown land during which he learned natural medicine from the American natives and became a curandero learned their

languages and served as a trader and peacemaker among different tribes Vibrant illustrations complement and expand on this memorable but often overlooked story      The Power Within Us Haniel Long, 1944 A retelling of one of the most heroic and soul stirring adventures in the history of America Four centuries ago a shipwrecked sailor Cabeza de Vaca reported to his king on the dangers and hardships which he and his companions faced in the trek from Florida to the Pacific It was a story of disaster in Spanish colonial history yet in the world of the individual it was a story of triumph The weather beaten explorer lost in a thorny land among copper colored savages and facing a blank future discovered religion to be a reality of which he had never dreamt He helped when he had no means of helping He gave when he had nothing to give His plight was hopeless but he set in motion a train of thought and action which saved him Cabeza de Vaca s mystical feeling about the increase in life in a man in danger from effort from taking thought of his fellows lies between the lines of his guarded report for the royal ear Jacket flap      **Relation of Nuñez de Vaca** Alvar Núñez Cabeza de Vaca, 1966
