*Calm the H*ck Down* Melanie Dale, 2020-12-08 From author and speaker Melanie Dale comes a laugh out loud hilarious parenting book that

teaches you how to dial back the stress of raising children with the simple premise that we all just need to lighten up a little bit. Most of us thought we'd be amazing parents and then we had kids. Now we spend what little free time we have comparing ourselves to other parents, comparing our kids to other kids, and panicking that everyone else is nailing it except us. Between constant social media postings to conflicting advice found in parenting books, we often have no choice but to freak out. But there is another way. We all just need to calm the h ck down. Melanie Dale, a special needs parent, adoptive parent, in vitro parent, and reluctant cheer mom, believes we are all putting too much pressure on ourselves and our kids to be perfect. Instead, she argues, we need to take a step back so we can actually enjoy this journey called parenting. *Calm the H ck Down* is filled with stories from Melanie's own life as well as real-life research for learning how to lighten up about every aspect of parenting, from poopier diapers and germs to family vacations and adolescent angst. She also discusses the pressure to knock it all out of the Pinterest park, the challenge of instilling some kind of faith into your kids, and worrying about their future while still trying to live in the present. Infused with quirky humor, profound insight, and accessible advice, *Calm the H ck Down* gives you the permission to finally relax and enjoy this ridiculous thing we do called parenting. *Hidden Destinations* Jon R. W.
