Women's Writing, 1920-1945 M. Joannou, 2016-01-03 Featuring sixteen contributions from recognized authorities in their respective fields this superb new mapping of women s writing ranges from feminine middlebrow novels to Virginia Woolf s modernist aesthetics from women s literary journalism to crime fiction and from West End drama to the literature of Scotland Ireland and Wales Making a Difference Gayle Green, Coppélia Kahn, 2020-07-24 Feminist scholarship employs gender as a fundamental organizing category of human experience holding two related premises men and women have different perceptions or experiences in the same contexts the male perspective having been dominant in fields of knowledge and that gender is not a natural fact but a social construct a subject to study in any humanistic discipline This challenging collection of essays by prominent feminist literary critics offers a comprehensive introduction to modes of critical practice being used to trace the construction of gender in literature The collection provides an invaluable overview of current femionist critical thinking Its essays address a wide range of topics the rerlevance of gender scholarship in the social sciences to literary criticism the tradition of women s literature and its relation to the canon the politics of language French theories of the feminine psychoanalysis and feminism feminist criticism of writing by lesbians and black women the relationship between female subjectivity class and sexuality feminist readings of the canon **Elizabeth Barrett Browning** Dorothy

Mermin, 1989-06-15 Elizabeth Barrett Browning 1806 61 was the first major woman poet in the English literary tradition Her significance has been obscured in this century by her erasure from most literary histories and her exclusion from academic anthologies Dorothy Mermin s critical and biographical study argues for Barrett Browning s originative role in both the Victorian poetic tradition and the development of women s literature Barrett Browning s place at the wellhead of a new female tradition remains the single most important fact about her in terms of literary history and it was central to her self consciousness as a poet Mermin s study shows that Barrett Browning s anomalous situation was constantly present to her imagination and that questions of gender shaped almost everything she wrote Mermin argues that Barrett Browning s poetry

covertly inspects and dismantles the barriers set in her path by gender and that in her major works *Sonnets from the Portuguese* Aurora Leigh her best political poems *A Musical Instrument* difficulty is turned into triumph incorporating the author's femininity her situation as a woman poet and her increasingly substantial fame Mermin skillfully interweaves biography and close readings of the poems to show precisely how Barrett Browning's life as a woman writer is a part of the essential meaning of her art Both her personal and her literary achievements are exceptionally well documented especially for her formative years Mermin makes extensive use of the poet's early essays a diary covering most of her twenty-sixth year and the enormous number of letters that have survived Ranging from her earliest ambitions through her long periods of discouragement and illness to her happy married life with Robert Browning this comprehensive study of Elizabeth Barrett Browning is essential reading for students of the Victorian period English literature and women's studies
