Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides

Clifford Orwin

Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides:

Love of Glory and the Common Good Michael Palmer, 1992 More clearly than any previous work on the subject Michael Palmer's *Love of Glory and the Common Good* defines the relationship between Periclean democracy and the decline in Athenian political life that followed the death of Pericles. The author elaborates upon the views of Thucydides who saw the subsequent tyrannical rule of Alcibiades and the accompanying disintegration of Athenian political life as a logical consequence of the defects in the speeches and deeds that Pericles used to inspire the Athenian people. With careful attention to details in the order and structure of Thucydides' narrative, Palmer shows this historian as a political thinker of the first rank who deserves the same careful study accorded to Plato and Aristotle.

Love of Glory and the Common Good Michael Palmer, 1992-01-29 More clearly than any previous work on the subject Michael Palmer's *Love of Glory and the Common Good* defines the relationship between Periclean democracy and the decline in Athenian political life that followed the death of Pericles. The author elaborates upon the views of Thucydides who saw the subsequent tyrannical rule of Alcibiades and the accompanying disintegration of Athenian political life as a logical consequence of the defects in the speeches and deeds that Pericles used to inspire the Athenian people. With careful attention to details in the order and structure of Thucydides' narrative, Palmer shows this historian as a political thinker of the first rank who deserves the same careful study accorded to Plato and Aristotle.

The Humanity of Thucydides Clifford Orwin, 2020-10-06 Thucydides has long been celebrated for the unflinching realism of his presentation of political life. And yet as some scholars have asserted, his work also displays a profound humanity. In the first thorough exploration of the relation between these two traits, Clifford Orwin argues that Thucydides' humanity is not a reflection of the author's temperament but an aspect of his thought above all of his articulation of the central problem of political life: the tension between right and compulsion. This book provides the most complete treatment to date of Thucydides' handling of the problem of injustice as well as the most extensive interpretations yet of the speeches in which it comes to light. Thucydides does not merely display the weakness of justice in the world but joins his characters in exploring the implications of this weakness for our understanding of what justice is. Orwin pursues this question through Thucydides' work and relates it to the historian's other leading concerns such as the contrast between the Athenian way and the Spartan way, the role of piety in political life, the interaction of foreign and domestic politics, and the role of statesmanship in a world dominated by frenzies of hope, fear, and indignation. Above all, Orwin demonstrates the richness, complexity, and daring of Thucydides' articulation of these issues.

A Common Good Approach to Development Mathias Nebel, Oscar Garza-Vázquez, Clemens Sedmak, 2022-04-26 This edited collection proposes a common good approach to development theory and practice. Rather than focusing on the outcomes or conditions of development, the contributors concentrate on the quality of development processes, suggesting that a common good dynamic is key in order to trigger development. Resulting from more than three years of research by an international group of over fifty scholars, the volume

advocates for a modern understanding of the common good rather than a theological or metaphysical good in societies by emphasising the social practice of commoning at its core. It suggests that the dynamic equilibrium of common goods in a society should be at the centre of development efforts. For this purpose it develops a matrix of common good dynamics accounting for how institutions, social norms and common practices interconnect by identifying five key drivers: not only of development but human development, agency, governance, justice, stability, humanity. Based on this matrix the contributors suggest a possible metric for measuring the quality of these dynamics. The last section of the book highlights the possibilities enabled by this approach through a series of case studies. The concept of the common good has recently enjoyed a revival and inspired practitioners keen to look beyond the shortcomings of political and economic liberalism. This book builds on those efforts to think beyond the agenda of twentieth century development policies and will be of interest to those working in the fields of development, economics, sociology, philosophy and political science.

Political Philosophy Comes to Rick's James F. Pontuso, 2005-01-01. Casablanca is a movie about love and loss, virtue and vice, good and evil, duty and treachery, courage and weakness, friendship and hate. It is a story that ends well but only because the main characters make a heartbreaking choice. Casablanca is perhaps the most widely viewed motion picture ever made, often finishing on critics lists second only to Citizen Kane. What accounts for its continuing popularity? What chord does it strike with audiences? What lesson does Casablanca teach Americans about themselves? What influence does popular culture have on public mores? The contributors to *Political Philosophy Comes to Rick's* take up these questions, finding that Casablanca raises many of the most important issues of political philosophy. Perhaps Casablanca has an enduring quality because it like political philosophy raises questions of human life, the nature of love, friendship, courage, honor, responsibility and justice.

Defining Statesmanship Clyde Ray, 2019-11-27. Statesmanship is a concept frequently invoked but seldom defined in contemporary political discourse. In this book Clyde Ray examines ancient, medieval and modern versions of the idea by considering a range of thinkers that have given thought to the concept. From Plutarch to Saint Augustine to Jane Addams Ray provides fresh insight on the topic by identifying the core features of effective political leadership. More than a historical analysis, these case studies in statesmanship provide citizens today with a vocabulary for identifying and debating the characteristics of this time-honored but often obscure term. In a time when many citizens long for more dignified leadership, *Defining Statesmanship* offers a timely reflection on this timeless political idea.

Masters and Slaves Michael Palmer, 2001-06-20. This collection of essays sheds light on the writings of leading figures in the history of political philosophy by exploring a nexus of questions concerning mastery and slavery in the human soul. To this end *Masters and Slaves* elucidates archetypal human alternatives in their import for political life: the philosopher and king, the lover of wisdom and the lover of glory, the king and the tyrant, and finally the master and the slave. Palmer re-examines these ideas as a framework for achieving a deeper understanding of the work of famous thinkers from the ancient to modern times, including Thucydides, Plato, Aristotle, Machiavelli, Hobbes and

Rousseau As well the book addresses distinctions between the ancients and the moderns and touches on the work of contemporary theorists such as Leo Strauss George Parkin Grant and Allan Bloom Ideology and Foreign Policy in Early Modern Europe (1650-1750) Gijs Rommelse, 2016-05-13 The years 1650 to 1750 sandwiched between an age of wars of religion and an age of revolutionary wars have often been characterized as a de ideologized period However the essays in this collection contend that this is a mistaken assumption For whilst international relations during this time may lack the obvious polarization between Catholic and Protestant visible in the proceeding hundred years or the highly charged contest between monarchies and republics of the late eighteenth century it is forcibly argued that ideology had a fundamental part to play in this crucial transformative stage of European history Many early modernists have paid little attention to international relations theory often taking a Realist approach that emphasizes the anarchism materialism and power political nature of international relations In contrast this volume provides alternative perspectives viewing international relations as socially constructed and influenced by ideas ideology and identities Building on such theoretical developments allows international relations after 1648 to be fundamentally reconsidered by putting political and economic ideology firmly back into the picture By engaging with and building upon recent theoretical developments this collection treads new terrain Not only does it integrate cultural history with high politics and foreign policy it also engages directly with themes discussed by political scientists and international relations theorists As such it offers a fresh and genuinely interdisciplinary approach to this complex and fundamental period in Europe s development Cosmopolitanism in the Age of Globalization Lee Trepanier, 2011-09-30 Thanks to advances in international communication and travel it has never been easier to connect with the rest of the world As philosophers debate the consequences of globalization cosmopolitanism promises to create a stronger global community Cosmopolitanism in the Age of Globalization examines this philosophy from numerous perspectives to offer a comprehensive evaluation of its theory and practice Bringing together the works of political scientists philosophers historians and economists the work applies an interdisciplinary approach to the study of cosmopolitanism that illuminates its long and varied history This diverse framework provides a thoughtful analysis of the claims of cosmopolitanism and introduces many overlooked theorists and ideas This volume is a timely addition to sociopolitical theory exploring the philosophical consequences of cosmopolitanism in today s global interactions Justice Among Nations Thomas L. Pangle, Peter J. Ahrens Dorf, 1999-06-30 Thomas Pangle and Peter Ahrens Dorf provide a critical introduction to the most important conceptions of international justice spanning 2 500 years of intellectual history from Thucydides and Plato to Morgenthau and Waltz Their study shows how older traditions of political philosophy remain relevant to current debates in international relations and how political thinkers through the centuries can help us deepen our understanding of today s stalemate between realism and idealism Pangle and Ahrens Dorf guide the reader through a sequence of theoretical frameworks for understanding the moral basis of international relations the cosmopolitan vision of the classical philosophers

the just war teachings of medieval theologians the revolutionary realism of Machiavelli the Enlightenment idealism of Kant and the neo realism of twentieth century theorists They clarify the core of each philosopher s conceptions of international relations examine the appeal of each position and bring these alternatives into mutually illuminating juxtaposition The authors clearly show that appreciating the fundamental questions pursued by these philosophers can help us avoid dogmatism abstraction or oversimplification when considering the moral character of international relations Justice Among Nations restores the study of the great works of political theory to its natural place within the discipline of international relations as it retrieves the question of international justice as a major theme of political philosophy It provides our moral compass with new points of orientation and invites serious readers to grapple with some of the most perplexing issues of our time

Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides Introduction

In today's digital age, the availability of Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly

practical for studying or referencing. When it comes to accessing Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides books and manuals for download and embark on your journey of knowledge?

FAQs About Love Of Glory And The Common Good Aspects Of The Political Thought Of Thucydides Books
