Labour's Lost Miriam Gilbert,1996 The study of Shakespeare's plays as scripts of performance in the theater has grown in recent years to become a major interest for many university college and secondary school students and their teachers In this play it must be confessed that there are many passages mean childish and vulgar and some which ought not to have been exhibited as we are told they were to a maiden queen [The Lodger Shakespeare](#) Charles Nicholl,2009-02-24 In 1612 Shakespeare gave evidence in a court case at Westminster and it is the only occasion on which his actual spoken words were recorded In [The Lodger Shakespeare](#) Charles Nicholl applies a powerful biographical magnifying glass to this fascinating but little known episode in the Bard's life Drawing on evidence from a wide variety of sources Nicholl creates a compellingly detailed account of the circumstances in which Shakespeare lived and worked amid the bustle of early seventeenth century London This elegant often unexpected exploration presents a new and original look at Shakespeare as he was writing such masterpieces as Othello Measure for Measure and King Lear *The Globe Guide to Shakespeare* Andrew Dickson,2016-09-06 With full coverage of the thirty nine Shakespearian plays including a synopsis full character list stage history and a critical essay for each this comprehensive guide is both a quick reference and an in depth background guide for theatre goers students film buffs and lovers of literature Along with an exploration of the Bard's sonnets and narrative poems *The Globe Guide to Shakespeare* features fascinating accounts of Shakespeare's life and the Globe Theater itself with colorful details about each play's original performance This comprehensive guide includes up to date reviews of the best films and audio recordings of each play from Laurence Olivier to Baz Luhrmann Kozintsev to Kurosawa *The Globe Guide to Shakespeare* is the quintessential celebration of all things Shakespearian **A New Variorum Edition of Shakespeare: Loues labour's lost. 1904** William Shakespeare,1904 V 23 The second part of Henry the Fourth 1940 v 24 25 The sonnets 1924 v 26 Troilus and Cressida 1953 v 27 The life and death of King Richard the Second 1955 [Catalog of Copyright Entries](#) Library of Congress. Copyright Office,1972 **The New Cambridge Bibliography of English Literature** George Watson,Ian Roy Willison,1974 [Imagining Shakespeare's Original Audience, 1660-2000](#) Bettina Boecker,2016-04-29 Comparatively little is known about Shakespeare's first audiences This study argues that the Elizabethan audience is an essential part of Shakespeare as a site of cultural meaning and that the way criticism thinks of early modern theatregoers is directly related to the way it thinks of and uses the Bard himself [The Definitive Shakespeare Companion](#) Joseph Rosenblum,2017-06-22 This expansive four volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age life theater texts and language Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception Shakespeare's works often served to convey simple truths but they are also complex multilayered masterpieces Shakespeare drew on varied sources to create his plays and while the plays are sometimes set in worlds before the Elizabethan age they nonetheless parallel and comment on situations in his own era Written with the needs of students in mind this four volume set demystifies

Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources; and exploration of issues important to his age; the interpretation of his works through productions from the Renaissance to the present; and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries, discussions of themes, characters, language, and imagery, and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.
