Love's Touch Anit Arca,2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author s personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude

Food Is Love Katherine J. Parkin,2011-06-03 Modern advertising has changed dramatically since the early twentieth century but when it comes to food Katherine Parkin writes the message has remained consistent Advertisers have historically promoted food in distinctly gendered terms returning

repeatedly to themes that associated shopping and cooking with women. Foremost among them was that regardless of the actual work involved, women should serve food to demonstrate love for their families. In identifying shopping and cooking as an expression of love, ads helped to both establish and reinforce the belief that kitchen work was women's work, even as women's participation in the labor force dramatically increased. Alternately, flattering her skills as a homemaker and preying on her insecurities, advertisers suggested that using their products would give a woman irresistible sexual allure, a happy marriage, and healthy children. Ads also promised that by buying and making the right foods, a woman could help her family achieve social status, maintain its racial or ethnic identity, and assimilate into the American mainstream. Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work, diet, and gender roles. To discover why *Food Is Love* draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty-first centuries, including the *Ladies Home Journal*, *Good Housekeeping*, *Ebony*, and the *Saturday Evening Post*, the book also cites the records of one of the nation's preeminent advertising firms, as well as the motivational research advertisers utilized to reach their customers. The Love Touch
Frank L. Clark, 2011-12-14. The 5000-year-old history of touch was well understood by wise men, kings, and queens, royal courts, astrologists, professors, and philosophers. These historical figures learned and understood how daily touch was important to their well-being. We have come a long way since then and now know that children can die with touch. Touch supplies the basic needs in our wonderfully orchestrated childhood development. Daily touch is as important as breathing. Look inside and learn how important daily touch is to your stressful lives. A Memoir of Love, Jessiqua Wittman, 2012-06-04. A post-apocalyptic world, an unlikely band of revolutionaries: this is the memoir of their struggles and triumphs. A woman describes a refugee colony's dramatic rise to power. The governmental shift was bound to happen; the only question in the matter is who will be the leader of this new nation. Written in first person, this memoir provides an inside look at those whose lives are destined to become swallowed up and defined by political intrigue. Great men and women go through all the same trials and temptations ordinary people go through; the stakes are just much higher because everybody is watching them.

Scars Fade at Love's Touch, Pawankumar G S, 2020-11-11. Survivor, a career-career-focused woman in society, an example for every victim who suffers from traumas. A girl who is totally not at all interested in love or marriage and hates humankind to the core. Her entire outlook/opinion changes when she meets Kavin, who joins her office under her team. Kavin is a happy-go-lucky guy who is a symbol of laziness, who dreams of becoming a film director. Take a chance to meet strict Sandy and cool Catherine, two amazing friends of Kavin. Will they help to write a poem in his life? The only common point between Nethra and Kavin is Nethra: "I don't trust any human, I like basketball." Kavin: "I am the captain of my college's basketball team." The entire world suffers from the darker side of lust, and trust is the dangerous game. Can love heal the permanent scar which is hard to forget? *Cumulative List of Organizations Described in Section 170 (c) of the Internal*
