Loving And Leaving The Good Life:

Loving and Leaving the Good Life Helen Nearing, 1993-03-01 Helen and Scott Nearing authors of *Living the Good Life* and many other bestselling books lived together for 53 years until Scott's death at age 100. *Loving and Leaving the Good Life* is Helen's testimonial to their life together and to what they stood for: self-sufficiency, generosity, social justice, and peace. In 1932, after deciding it would be better to be poor in the country than in the city, Helen and Scott moved from New York City to Vermont. Here they created their legendary homestead, which they described in *Living the Good Life: How to Live Simply and Sanely in a Troubled World*, a book that has sold 250,000 copies and inspired thousands of young people to move back to the land. The Nearings moved to Maine in 1953, where they continued their hard physical work as homesteaders and their intense intellectual work promoting social justice. Thirty years later, as Scott approached his 100th birthday, he decided it was time to prepare for his death. He stopped eating, and six weeks later, Helen held him and said goodbye. *Loving and Leaving the Good Life* is a vivid self-portrait of an independent, committed, and gifted woman. It is also an eloquent statement of what it means to grow old and to face death quietly, peacefully, and in control. At 88, Helen seems content to be nearing the end of her good life. As she puts it: "To have partaken of and to have given love is the greatest of life's rewards. There seems never an end to the loving that goes on forever and ever. Loving and leaving are part of living." Helen's death in 1995 at the age of 92 marks the end of an era. Yet, as Helen writes in her remarkable memoir, "When one door closes, another opens. As we search for a new understanding of the relationships between death and life, this book provides profound insights into the question of how we age and die."

Up Tunket Road Philip Ackerman-Leist,2010-05-14 Ever since Thoreau s Walden the image of the American homesteader has been of someone getting away from civilization of forging an independent life in the country Yet if this were ever true what is the nature and reality of homesteading in the media saturated hyper connected 21st century For seven years Philip Ackerman Leist and his wife Erin lived without electricity or running water in an old cabin in the beautiful but remote hills of western New England Slowly forging their own farm and homestead they took inspiration from their experiences among the mountain farmers of the Tirolean Alps and were guided by their Vermont neighbors who taught them about what it truly means to live sustainably in the postmodern homestead not only to survive but to thrive in a fragmented landscape and a fractured economy Up Tunket Road is the inspiring true story of a young couple who embraced the joys of simple living while also acknowledging its frustrations and complexities Ackerman Leist writes with humor about the inevitable foibles of setting up life off the grid from hauling frozen laundry uphill to getting locked in the henhouse by their ox But he also weaves an instructive narrative that contemplates the future of simple living His is not a how to guide but something much richer and more important a tale of discovery that will resonate with readers who yearn for a better more meaningful life whether they live in the city country or somewhere in between

A Handmade Life William Coperthwaite,John Saltmarsh,2007-03-07 A richly textured exploration of Bill Coperthwaite s work and thought encouraging us to take the lessons of his life to heart Each of us has the potential to craft our own lives with our own hands actively joyfully and nonviolently drawing upon the wisdom of our ancestors striving for justice in the present and fulfilling our obligations to those who will inherit our legacy John Saltmarsh William Coperthwaite is a teacher builder designer and writer who for many years has explored the possibilities of true simplicity on a homestead on the north coast of Maine In the spirit of Henry David Thoreau Emily Dickinson and Helen and Scott Nearing Coperthwaite has fashioned a livelihood of integrity and completeness buying almost nothing providing for his own needs and serving as a guide and companion to hundreds of apprentices drawn to his unique way of being A Handmade Life carries Coperthwaite s ongoing experiments with hand tools hand grown and gathered food and handmade shelter clothing and furnishings out into the world to challenge and inspire His writing is both philosophical and practical exploring themes of beauty work education and design while giving instruction on the hand crafting of the necessities of life Richly

illustrated with luminous color photographs by Peter Forbes the book is a moving and inspirational testament to a new practice of old ways of life
