Witnessing the Disaster Michael Bernard-Donals, Richard Glejzer, 2003-12-15 Witnessing the Disaster examines how histories films stories and novels memorials and museums and survivor testimonies involve problems of witnessing how do

those who survived and those who lived long after the Holocaust make clear to us what happened How can we distinguish between more and less authentic accounts Are histories more adequate descriptors of the horror than narrative Does the susceptibility of survivor accounts to faulty memory and the vestiges of trauma make them any more or less useful as instruments of witness And how do we authenticate their accuracy without giving those who deny the Holocaust a small but dangerous foothold These essayists aim to move past the notion that the Holocaust as an event defies representation They look at specific cases of Holocaust representation and consider their effect their structure their authenticity and the kind of knowledge they produce Taken together they consider the tension between history and memory the vexed problem of eyewitness testimony and its status as evidence and the ethical imperatives of Holocaust representation

Black Milk George M. Hahn,2011-08-01 It is 1939 The Nazi invasion of Poland has started World War II Three ordinary decent young Germans join the elite Nazi force the SS Johann Helmuth a Bavarian farmer's son does so primarily to please his authoritarian anti semitic father but also out of a vague sense of patriotism and a need to belong to a larger group Herbert Winkler's father runs a small automobile repair shop in a village in the mountains of the former Austria The son is a confirmed Nazi willing to sacrifice his life for the Thousand Year Reich and its glorious Fuhrer The third Werner Kohler comes from a sophisticated and very wealthy Berlin family He is neither an ideologue nor particularly patriotic but bored looking for excitement The three become friends during the rigorous and demanding SS training that transformed ordinary citizens into members of what became arguably the most potent fighting force in all history After the German invasion of Russia they are sent to the Eastern front Johann and Werner in a Waffen SS division Herbert in a penal unit In Russia they experience the monstrosity of modern warfare and the bestiality of the Nazi terror that is unleashed against the local population and particularly against the Jews The three are not only witnesses to horror but participants Johann unwillingly Werner with detachment and Herbert enthusiastically Johann and Werner remember Herbert as a man who during training rescued a puppy at considerable danger to his life but now countenances rape of women and killing of children They cannot understand their former friend's transformation During the drive on Berlin by the Soviet juggernaut Werner and Herbert are killed but Johann although wounded survives and returns to Germany After the end of the European war he is arrested by the Allied Military Government tried and imprisoned for war crimes but released when two Jewish women testify that he helped them escape from a Polish Ghetto He returns to his native Bavaria marries Werner's sister and

enters medical school His feelings of guilt about his own war time action depress him severely and this depression is accentuated when he observes his fellow citizens crass materialism and their unwillingness or inability to deal with their recent past What shocks him most is the ready acceptance and integration into society of some of the worst criminals the world has ever produced His depression deepens to the point where he cannot continue his studies his marriage disintegrates and he permanently leaves his homeland

Fictional Worlds and Philosophical Reflection Garry Hagberg, 2022-01-31 This edited collection investigates the kinds of philosophical reflection we can undertake in the imaginative worlds of literature Opening with a look into the relations between philosophical thought and literary interpretation the volume proceeds through absorbing discussions of the ways we can see life through the lens of literature the relations between philosophical saying and literary showing and some ways we can see the literary past philosophically and assess its significance for the present Taken as a whole the volume shows how imagined contexts can be a source of knowledge a source of conceptual clarification and a source of insight and understanding And because philosophical thinking is undertaken after all in words a heightened sensitivity to the precise employments of our words particularly philosophically central words such as truth reality perception knowledge selfhood illusion understanding falsehood can bring a clarity and a refreshed sense of the life that our words take on in fully described contexts of usage And in these imagined contexts we can also see more acutely and deeply into the meaning of words about words metaphor and figurative tropes verbal coherence intelligibility implication sense and indeed the word meaning itself Moving from a philosophical issue into a literary world in which the central concepts of that issue are in play can thus enrich our comprehension of those concepts and in the strongest cases substantively change the way we see them With a combination of conceptual acuity and literary sensitivity this volume maps out some of the territory that philosophical reflection and literary engagement share

Imminence Mariana Dimópulos, 2019-04-01 We re alone together for the first time I have to touch him now I try stroking a foot then a shoulder But no current lifts in me nothing pulls at my chest they way they said it would A new mother holds her month old son for the first time but her body betrays her Disoriented she trails her taciturn partner around their plant filled Buenos Aires apartment Little by little everything begins to unravel Taking place over the course of an evening Mariana D mopulos s mesmerising novella shifts seamlessly between the present and the past In this dreamlike space made from overlapping vignettes and fragments she retraces the mirrored paths of a life filled with visions that swell and recede like rivers cats babies mathematical formulae distant wars flooded deltas hopeless deserts The narrator finds herself caught between four male figures the bookish Pedro the terse and competent Ivan a sinister domineering cousin and her bewildering infant son Isaac But as she insists time and again I m not a woman Dim pulos shows

her remarkable gift for weaving uncanny details into complex narrative thread With arresting guile and grace *Imminence* explores the dark inner rooms of the human soul Mariana Dim pulos s writing with its delightfully strange perspectives its selfishness its iciness and its passion its power and its vulnerability seems somehow to condense the poetry of mathematics *Imminence* posits an elegant formula for the experience of contemporary womanhood El Pa s Her language is at once stark and poetic there is a strict economy of words that brims with withheld emotion and it is this constant tension between want and remove that makes this work haunting *The Lifted Brow on All My Goodbyes* A marvellously interior novel unique in its perceptions that traffics both in the joy of invention and the sorrow of memory Kirkus starred review
