*A Philosopher's Perspective on the UK's Higher Education*

Brendan Larvor, 2024-02-14 In this collection of research articles and reflective essays Brendan Larvor argues that the principal task of teachers in higher education is to find ways to pursue the creative romantic and liberal goals of the ideal university when real universities are rationalised bureaucracies according to the thoughts of Max Weber Larvor reflects on the differences between teaching philosophy undergraduates expert practitioners and prisoners He insists on the importance of the affective dimension of learning and the unpredictability of the encounter between students and curricula This book will interest anyone concerned about the current condition of higher education and anyone interested in the relationship between the intimate human activity of teaching and the bureaucracies in which it takes place [India Higher Education Report](#)

2022 N.V. Varghese, Nidhi Sabharwal, 2023-07-31 This book studies the various dimensions of gender inequality that persist in higher education and employment in India It presents an in depth analysis of the complex challenges women face in higher education participation and in translating higher education opportunities into labour market success and into leadership positions including in academia It argues that despite substantial progress towards gender equality in enrolment these inequalities act as barriers to realising the transformative role that higher education can have for women's well being and for the nation's development The volume looks at the issues that keep women from accessing the areas of their choice and the challenges they face in leadership positions in higher education An important critique of higher education policy and planning the volume will be of interest to teachers students and researchers of education public policy political science and international relations economics feminism women's studies gender studies law and sociology It will also be useful for academicians policymakers and anyone interested in the study of gender in Indian Higher Education **The Power of Play in Higher Education** Alison James, Chrissi Nerantzi, 2019-01-31 This book examines the increasing popularity of creativity and play in tertiary learning and how it can be harnessed to enhance the student experience at university While play is often misunderstood as something trivial and associated with early years education the editors and contributors argue that play contributes to social and human development and relations at a fundamental level This volume invalidates the commonly held assumption that play is only for children drawing together numerous case studies from higher education that demonstrate how researchers students and managers can benefit from play as a means of liberating thought overturning obstacles and discovering fresh approaches to persistent challenges This diverse and wide ranging edited collection unites play theory and practice to address the gulf in research on this fascinating topic It will be of interest and value to educators students and scholars of play and creativity as well as practitioners and academic leaders looking to incorporate play into the curriculum

**Creating Dynamic Space in Higher Education: Modern Shifts in Policy, Competencies, and Governance** Areba, George Ngwacho, Gisore, Billiah Nyamoita, Njurai, Evelyn Wanjiru, 2024-11-22 The 21st century has brought transformative changes to higher education reshaping how institutions approach research teaching and learning Shifts in policies

competencies and the integration of technology have redefined the landscape which has pushed higher education to adapt to new demands. With increasing globalization and digitization, universities and colleges face challenges in aligning their structures with the needs of a rapidly evolving labor market and society. *Creating Dynamic Space in Higher Education: Modern Shifts in Policy, Competencies and Governance* examines the critical shifts reshaping higher education, including governance changes, digital transformation, globalization, and evolving instructional practices. With contributions from field experts, this volume offers practical strategies, case studies, and insights on addressing financial challenges, adapting roles, and developing competencies for the future workforce. This book is ideal for education managers, instructors, policymakers, and researchers seeking to navigate these changes and optimize their institutions for the future. *Drivers and Barriers to Achieving Quality in Higher Education* Heather Eggins, 2014-02-05. The topic of achieving and assuring quality in every higher education institution continues to be both relevant and urgent worldwide. This volume presents a considered discussion of a range of facets of the issue, drawing on the findings of a 3-year EU research programme involving seven countries: Czech Republic, United Kingdom, Latvia, Portugal, Poland, Slovakia, and the Netherlands. Topics include access, student assessment, governance, stakeholders, academic faculty, information, and the interface between the secondary and tertiary sectors. The authors, all of whom are drawn from the research teams, explore particular aspects of the research objectives. These aim to identify the drivers and overcome the barriers to establishing high quality in both European higher education in relation to the Standards and Guidelines for Quality Assurance and, by implication, in worldwide higher education.

**Innovative Pedagogical Practices for Higher Education 4.0** Muhammad Mujtaba Asad, Prathamesh Padmakar Churi, Fahad Sherwani, Razali Bin Hassan, 2024-09-27. Innovative and creative teaching methods tailored to meet the demands of the current era of Industrial Revolution 4.0 are becoming increasingly prevalent in higher education institutions. Educators must cultivate and implement these strategies in their classrooms to incorporate the essential skills of Education 4.0 and digitalization in education. This book aims to explore and showcase various aspects of innovative pedagogies for Higher Education 4.0, drawing from best practices worldwide to provide a comprehensive understanding of this evolving field. *Innovative Pedagogical Practices for Higher Education 4.0* highlights the cutting-edge technologies essential for Education 4.0 and equips educators with the skills required for 21st-century teaching.
